## SHERIFF'S AND COLLECTOR'S *Preemptory Notice.*

ALL persons now indebted to me for taxes, both State and county, and for officer's fees for 1856, are hereby quietly notified, (and I think if they know me they must know that I will do what I say) if the taxes and officer's fees for 1856 are not paid by the first of March next, I shall enforce their collection by the sweeping operation of the act of 1853 chapter 184. This law gives me the power to proceed by way of distress or execution to collect the taxes due, after leaving notice with the party in default or at his usual place of abode. If persons who are delinquent would only step into my office and witness the countless orders, drafts, &c. presented for payment, and take to themselves a small share of the mortification I undergo in not having the means of meeting these demands, they would appreciate the necessity of this notice.

Pay your taxes and officers fees therefore or take the consequences of your delinquencey.—I warn you in candor as I shall proceed in sincerity.

## HOLLOWAY'S OINTMENT.

*THE GRAND EXTERNAL REMEDY.*

By the aid of a microscope, we see millions of little openings on the surface of our bodies.—Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part, Diseases of the Kidneys, disorders of the Lungs, Asthmas, Coughs and colds, are by its means effectually cured. Every house-wife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more rapidly penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

*ERYSIPELAS, SALT RHEUM AND SCORBTIC HUMOURS.*

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrofula, or Erysipelas, can long withstand its influence. The inventor has traveled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment giving advice as to its application, and has thus been the means of restoring countless numbers to health.

*SORE LEGS, SORE BREASTS WOUNDS and ULCERS.*

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

*PILES AND FISTULAS.*

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed direction around each pot.
