Fire Damages Nathan's Shop

Fire which started about 11.30 this morning in the truck repair shop in the rear of Nathans Furniture Store, on High Street did about a thousand dollars damage, according to the estimate of Mr. Guy Fall ,an employee, before being extinguished by the local fire company.

The fire started in an unexplainable manner while a mechanic was cleaning tools with gasoline. Suddenly, there was a slight explosion and the place was in flames. The truck on which the mechanic was working was badly damaged, as were the walls and ceiling of the room.

The fire was confined to the one room, and did not reach the nearby mattress factory operated by the store, being prevented by the work of the firemen.
