POSITIVELY

THE LAST NOTICE TO Delinquent Tax Payers!

HAVING already indulged the delinquent Tax Payers of Carroll County to an extent greatly injurious to my personal interests, and finding it extremely inconvenient to go through the county again, I have placed all Tax Bills, both State and County, which were due in 1854, '55, '56, and '57, (except those for Freedom District,) into the hands of John T. Diffenbaugh, who is authorized to collect and receipt for the same. Those who may find it more convenient to do so, can pay to Jacob Reese, Cashier, or Edwin F. Reese, at the Farmer's and Mechanic's Bank, Westminster, who are also authorized to receive and receipt for Taxes.

The collection of the Taxes due, as above stated, in Freedom District, I have reserved to myself, but will also receive and receipt for other Districts of the County, and I hereby notify all persons interested, *that further indulgence cannot and will not be given. Necessity compels the measure*—and if, in the collection of these Tax Bills, it should be found necessary to enforce the Law with all the rigor and energy of which it is capable, those who suffer by it must only blame themselves.

Collector.

MOFFAT'S

Life Pills and Phœnix Bitters.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have established a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the Vegetable Life Medicines are well known to be infallible:—

Its effects, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind, Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill Temper, Languor, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Costiveness, by cleansing the whole length of the intestines with a gentle purgative, and without violence; all violent purges leave the bowels costive within two days.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstructions in others.

The Life Medicines have been known to cure Fever and Ague permanently in three weeks, and Cure is sold that time, by removing the cause of inflammation from the muscles and ligament of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

Also Worms, by dislodging from the turnings of bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDICINES give to the blood and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and at times disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and painful malady, the Vegetable Life Medicines deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of twenty-five years; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicines which he now offered to the public, and he was cured in a very short time, and after his recovery had been pronounced not only impossible, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines have proved in subject to a return of the disease—a cure by these medicines is permanent.

Try them, be satisfied, and be cured.

Bilious Fevers and Liver Complaints, General Debility, Loss of Appetite, and Diseases of Females—these medicines have been used with the most beneficial results in cases of this description. King's Evil and Scrofula in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Nightsweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painter's Colic, are specially cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all traces of mercury infinitely sooner than the most powerful preparations of Sarsaparilla.

"Man! Know Thyself"

DR. HUNTER'S

MEDICAL MANUAL:

Being an original and popular Treatise on

MAN AND WOMAN,

Their Physiology, Functions and Sexual Disorders of every kind, with never failing Remedies for the speedy Cure of diseases of a private and delicate nature, including the Indulgence of the Laws of Nature and of Nature's God.

PRICE TWENTY-FIVE CENTS.

The author of the above volume is a graduate, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a specialty, he has become possessed of most invaluable information in regard to the same and is able to compress into vade mecum compass the very quintessence of medical science on this important subject; as the work of the author is recommended by physicians in Europe and America is thoroughly demonstrated in his own highly successful practice in the treatment of more diseases than thousands of cases in the City of Philadelphia alone.

Testimony of the Professor of Obstetrics in Penn. College, Philada.

"Dr. Hunter's Medical Manual.—The author of this work, unlike the majority of those who advertise to cure the disease of which it treats, is a graduate of one of the best Colleges in the United States. It affords me pleasure to recommend him to the confidence, or to the virtue of unfortunates, as a skillful, and experienced practitioner, in whose honor and integrity they may place the greatest confidence. JOSEPH S. LONGSHORE, M. D.

From A. Woodward, M. D., of Penn. University, Philada.

"It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of diseases of the Genital Organs of this or of any other country have come under my notice in which his skill has been manifested in restoring to perfect health, in some instances where other medical men have completely baffled and failed. In the treatment of Seminal weakness or disarrangements or the functions produced by self-abuse or excess in venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him to say that I think of his unfortunate victims of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves. ALFRED WOODWARD, M. D."

One Copy securely enveloped will be forwarded free of postage to any part of the United States for 25 cents in Stamps or Silver. Address, Author of Medical Manual, 659 Ridge-st., Philadelphia.
