POETRY.

MILLARD FILLMORE.

BY BRAINARD WILLIAMSON.

The clouds hang threatening in the sky,
The storms were gathered dark and dread,
Fierce lightnings cleft the gloom on high,
And thunders muttered overhead!
Now, who so bold and true of hand
To guide a tossing barque to land?

The North, the South, the East and West
Hurled forth their elements to war,
Yet 'mid the night that wound and pressed,
From daggerous shoals, both fast and far,
For one there stood beside the helm,
The noblest of the noble realm!

And who this hero riding down
The angry billows of the deep,
Defying each dark tempest's frown,
The storm-wind's resistless sweep?
'Twas he of heart and hand so true,
Who bears our bark still safely through!

'Twas he who holds the rudder now,
Who guided o'er the surging sea
With steady nerve and unblanched brow,
The ship that rides so gallantly,
And kept unsullied 'mid discord's fare,
Our own proud stripes and banner's stars!

'Twas he whose name a people bless,
Whose praise a nation's tongue proclaims,
Whose temples, civic laurels press,
Whose deeds and virtues hence are fame's,
Whose to all coming time and song,
His with a patriot life belong!

'Twas he whose love of country bore
His soul above self's narrow sphere,
Who sought not earthly honors more,
Than crown the honest and sincere;
Who scorn'd ambition's sordid aim,
And reaped instead the Patriot's fame!

The good ship safe shall have no fear,
When we have another's guide to-day,
But that the minds of after years,
Will bless his memory and his day,
Since genius, virtue and true worth,
Are reverenced over all this earth!

He his the hand to stand aside
The helmsman of our gallant barque,
He'll guide her safe, though o'er the main,
The tempest sweep with pinion dark;
For braver heart nor nobler soul,
Hath trial pass'd to fame's high goal!

POLITICAL.

Immense Meeting of the Democracy.

Flaming posters were displayed at most of the prominent points in Baltimore county last week, announcing a grand rally of the "Democracy" of Baltimore county, to take place at Cold Spring. "Distinguished speakers, eminent friends of the cause," etc., would address the meeting, and a fine time was promised. When the time came, on counting noses, it was found that there were just two dozen persons present, including a couple of Baltimore stump orators and the hackman who drove them to the scene. This is about a fair index of the average of their county meetings in Maryland.

Worthy of Serious Reflection.

Have you heard from Maine? It strikes us that those persons who have recommended to Marylanders and Southerners, generally, to vote for Mr. Buchanan—not that he was as good a man as Mr. Fillmore, but because he was so much stronger than the latter in the North—will soon have reason to conclude that they reckoned without their host. Fillmore's friends are confident of carrying at least New York, Massachusetts and New Jersey, in the North, but where is the Northern State that Mr. Buchanan can carry? Echo answers, where?

A New Paper.

Major George Keating, of Havre de Grace, Harford Co., has made arrangements to publish a paper at Towsontown, Baltimore county, to advocate the principles of the American party, the first number of which is to appear on the 20th inst. Mr. K. has had much experience as an editor, and will, no doubt, publish an able and interesting paper.

How Many Will Answer?

If an angel from Heaven were to come down on earth and convince every Democrat that the only possible mode of defeating Fremont and of settling the slave question forever, would he to give up Buchanan and vote for Fillmore, would they do it? We pause for a reply.

American Victory in Missouri.

Newland, the American candidate has been elected lit. Governor of Missouri, beating Jackson, his Foreign competitor.

Five Lives Lost.

A boat was capsized in New York harbor on the 12th, and five out of twelve of the crew were drowned.

"We Shall Cheat the South Yet."

This is said to be the language of the Buchanan managers in the Northern States—and it is said that Mr. Buchanan secretly lends his aid to this object.—What better could be expected of a man who has opposed the extension of slavery during a long life; but who suddenly changes and becomes pro-slavery in order to secure a nomination for the Presidency. It is certain, that, if he be elected President, he will cheat one side or the other; and it is not at all unlikely that his fraud will be committed upon the South. He is one of the last men in the nation who should have been selected as a Southern candidate, for he has not a single principle in common with the James Buchanan. The very fact of his the Cincinnati platform, and that he refuses to respond to any interrogatories, shows that he is resolved to cheat some party. He is an adroit and artful politician—sneaking about to entrap men to his purposes; and when he is foiled by their honesty, seeking to fasten upon them the offence which he designed committing. But, with all his cunning and hypocrisy, his conversion from Federalism to democracy, and from freesoilism to pro-slavery, he cannot succeed in inducing the people of the United States *to place him in the office of Chief Magistrate.*

Cheating Themselves.

We see it stated that a man named John Bonar, of Kennet, England, has been fined 2s. 6d, for cheating himself with a steel-yard which he used in weighing out coal.

If the sham democracy who cheat themselves with the idea of Buchanan's election, were served in the same way they would not so readily avow their belief in that impossible event for the sake of keeping up their flagging courage.—When we see a man cheating himself in this way, we come to the conclusion that he is a *little cracked.* Buchanan's election is now regarded as one of the impossible occurrences.

NOT SO.—The anti-American papers [illegible] more papers in the country than there are now ten—two dailies with their tri-weekly and weekly editions, and eight weeklies. One of them started two weeks ago, has upwards of ten thousand subscribers.

Hear the Truth.

When Fillmore went out of power the country was peaceful, prosperous and happy, everywhere. The slavery question had been settled. Pierce was elected—the Democrats came into power; they opened agitation again, destroyed the compromise that had been the salvation of the Union; and now we have disorganization at Washington, and all the horrors of civil war in Kansas; and as a government we are on the very brink of destruction! This is what Democracy has done? And yet they ask to be entrusted again with power!

Pitching In.

The Baltimore Leit Stern, a German paper which has recently espoused the Fillmore cause, in last week's issue, says: *The German Correspondent.*—This hireling German Catholic concern, which belongs body, blood and bones, not brains or soul, for it has none, to the locofoco sham Democracy, has seen fit to abuse us for our independent course.—Could it do otherwise? The slave must do as he is bid. By the way, how much has the Correspondent received from the Locofoco party for this election?

Immense Mass Meeting in N. York.

There was an enthusiastic outpouring of the American party in New York, on Friday evening, at the Union Square. The American Clubs and Councils marched to the spot in immense numbers; four stands were erected from which able speakers discoursed true American doctrine. At the close of the meeting there was a grand torchlight procession. The work goes bravely on in the Empire State.

Giving up the Contest

The Washington correspondent of the New York Express says:

"Peter G. Washington, the hangman of the Treasury, was recently heard to express his apprehensions that Buchanan would be defeated, in consequence of the general demonstrations of the Old Line Whigs for Fillmore. Peter is a shrewd politician in the District of Columbia, and can tell a hawk from a handsaw in the darkest night in December.

Terrible Riot in Baltimore

The most disgraceful riot that has cursed Baltimore for forty years, occurred on Friday afternoon last between three fishing clubs. Two persons were killed and about forty wounded by pistol shots.

☞The National American is the title of a new paper at Pittsburg, started to advocate American Principles and support Fillmore and Donelson. It will be conducted by a committee of gentlemen of the Fillmore Club.

The Graysville, (Illinois) Herald has hoisted the Fillmore flag, and in regard to it says:

"Having become sole proprietor of the Herald, and believing the claims of Millard Fillmore to the Presidency to be paramount to all others—we have spread our banner to the breeze and will from hence to the election, battle in behalf of those principles which we believe to be most conductive to the best interests and welfare of the country."

The work will go on, and the press will still continue to endorse the American candidate. Flag after flag will be cast forth to the breeze, and each will be received with shouts of welcome from the American people.

☞With the evidence of the necessity acknowledging nativism everywhere seen and spread Union—wh[illegible] out our wide-Fremonters are courting "the [illegible] man accent and the rich Irish brogue" —what patriotic *American* can desert the Stars and Stripes, and basely strike a blow at the very heart of the American Union, by supporting for President the candidates of the anti-American, foreign-courting, disunion parties? Americans! think of this! Do not be deceived. Eschew humbugs. Be honest, faithful and true. Know what is your duty, and do your duty. Let consequences take care of themselves.

☞The New York *Express* says—"There is no danger of Fremont's election. The thing is mathematically impossible. He starts with fifteen Southern States dead against him, and in the sixteen Northern States he must carry about all of them, certainly Pennsylvania—which, it is not pretended even, that he has a chance of carrying against the friends of Fillmore there. Dispel then, this illusion, that the contest is between Fremont and Buchanan, for the practical contest, where that is approached, is only between Fillmore and Buchanan."

SO THEY GO.—Hannibal Hamlin, elected Governor of Maine on Monday by the Black [illegible] State. Two thirds of the Republican party of to-day were a year or two back regular Old Line "Democrats." The men at the north who still cling, either from old instinct and habit or for interested motives, to the so-called Democratic party, are thoroughly abolitionised, and support Mr. Buchanan in the confidence that he is "as good a Freesoiler as Fremont."

Good News from Alabama.

A letter from Opelika, in Alabama, to the Montgomery journal, dated Sept. 3, contains the following statement.

"I learn that three of the most prominent Buchanan men, who had subscribed largely to the Democratic barbecue at Opelika, have turned over for Fillmore to-day, and that the barbecue, which was to have come off here on Saturday, is a failure.

Trouble Among the New York Democracy.

The Democratic City Convention met at Tammany Hall in New York City on the night of the 15th, but before organizing a disunion took place and two conventions were held. The affair creates great excitement and renders the hope almost certain that Fillmore will carry the State.

Has Come Out for Fillmore

Mr. J. R. Crisman, President of the Fremont Club at London, Madison Co., Ohio, has resigned his office, and announced himself in favor of Millard Fillmore and the American State ticket.—Mr. Crisman says that he is satisfied that Mr. Fillmore is the best candidate, and he shall therefore give him a cordial support.

☞"Taking the sense" of passengers on cars and railroads is practiced almost every day at the North, and the abolitionists herald the results with a flourish of trumpets, as if the Presidential contest was decided by the votes thus taken. The Roma (N. Y.) Sentinel thus happily hits these worthies:

"*They don't Publish that Vote.*"—The convicts in the Auburn State Prison (700 in number) were polled the other day, when all but one were found to be in favor of FREMONT!"

☞There are some queer people in this world; and none are more queer than the few Buchananites who assert, as if they tried to believe what they say, that "the Fillmore electoral ticket was formed of Fremont men in disguise!"—We regard that as the best joke of the campaign; and its reiteration will only increase the mirth of men of all parties who know better.

☞In 1852, Mr. Buchanan in a letter to citizens of Bradford county, put in the plea that he was too old to speak. He then said he was "more than sixty years of age," and asked for "an honorable discharge."—How unkind to attempt to force him into the Presidential harness.

AYER'S
CATHARTIC PILLS,
(SUGAR COATED.)

ARE made to Cleanse the Blood and Cure the Sick Invalids, Fathers, Mothers, Physicians, Philanthropists, read their effects and judge of their virtues. For the cure of Headache, Sick Headache, Foul Stomach, &c.

Pittsburg, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to stun from a foul stomach, which they cleanse at once. If they cure others as they do me, the fact is worth knowing.

Yours with great respect,
ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints,

DISTINGUISHED CITIZEN OF WASHINGTON, D. C., 7 Feb. 1856.

SIR: I have used your Pills in my general and family practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D.
Physician of the Marine Hospital.

Dysentery, Relax and Worms.

Post Office, Portland, Lin. Co., Mich.
Nov. 16, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at a great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had a bad, and my wife cured him with two doses of your Pills, which others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. It is a medicine we prize, which is virtually good and honest, will be prized here.

GEO. J. GRIFFIN, Postmaster.

Indigestion, and Impurity of the Blood.

From Rev. J. F. Himes, Pastor Advent Church Boston.

DR. AYER: I have used your Pills with a Dyspeptic to visit it distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can conscientiously recommend them to my friends.

Yours, J. V. HIMES.

Warsaw, Wyoming Co., N. Y. Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills to my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood. JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors and Salt Rheum.

From a Forwarding Merchant of St. Louis Feb 4, '56.

DR. AYER: Your Pills are the paragon of all neat is medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia and Gout.

FEASANT HOUSE, SAVANNAH, GA., January 6, 1855.

Honored Sir: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my hands and feet, producing excruciating neuralgic pains, which ended in chronic rheumatism. Nothing else had the least effect upon it, but your invaluable medicine has cured me entirely well.

Sciatic Chamber Bolton Rouge, La., 3 Dec.

DR. AYER: I have been entirely cured by your Pills from acute Gout—a painful disease that has afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or Gorged Complaints, requiring an active purge, they are an efficient remedy. For Costiveness and Constipation, and as a Dinner Pill, they are agreeable and effectual.

For Dyspepsia, Dizziness, Pimples, Inflammation, and even Deafness, and nautical disorders, have been cured by the alterative action of these Pills.

Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public Pill, from the dreadful consequences that frequently follow its incautious use. These contain no Mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL
FOR THE RAPID CURE OF
Coughs, Colds, Hoarseness, Influenza, Bronchitis, Whooping Cough, Asthma, Croup, Incipient Consumption, &c.,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues.—Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where, which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures.—Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the incurable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

Rheumatism, Rheumatism, Scrofula, Eruptions on the Face, Pimples on the Face, Ulcers, Old Sores, Affections of the Kidneys, Diseases of the Throat, Female Complaints, Pain and Swelling of the Bones and Joints, are speedily put to flight by using this invaluable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and freely on the Liver and Kidneys, strengthens the Digestion, gives tone to the Stomach, makes the Skin clear and healthy, and renews the Constitution, enfeebled by disease, or broken down by the excesses of youth, to its pristine vigor and strength.

For the disease of Females it is peculiarly applicable, and wherever it has become known is cagerly prescribed with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn out frame, clears the skin, and leaves the patient to shine healthy; a single bottle of this testimonial remedy is worth all the so-called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE. ITS MOST CASES WHERE ALL OTHER REMEDIES HAVE FAILED. The limits of an advertisement will not admit their insertion.
