WONDERFUL MEDICAL CURES OF RHEUMATISM BY THE APPLICATION OF PROF. CHARLES DE GRATH'S "ELECTRIC OIL."

I propose to cure almost instantaneously, individuals afflicted with Headache, Neuralgia, Chill, Fever, Ague, (while the paroxysm is on,) Rheumatism, and all Bronchial affections.

I propose to check and effectually dissipate more acute and pain, and to accomplish more easy and more perfect equilibrium of all the circulating fluids in the human system that can be effected by any other or all other methods of medical aid in the same space of time, the masses themselves being judges.

I do not propose to cure every disease, but all such as are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure or natural restoration of any organic derangement, arising from an improper circulation of Nervous Fluid.

One of the most remarkable cures was made in Centreville, Md., of the painful limb of Albert Jump, æ. 4., so well known, (having suffered nine years,) that Dr. Goldsborough, together with the first merchants, druggists, and both the editors of the place, gave a certificate, (the manuscript being in our office now.) He was cured in one day. It made a great excitement, and hundreds of bottles have been sold there since.

GREAT CURES.—CITIZENS, READ!

RHEUMATISM.—Mr. Joseph D. Bartle, 9, Myrtle street, says the Electric Oil cured him immediately

PILES.—Charles Sexton, Esq., Ex-Mayor of Camden, says six applications cured him.—Also, cured his Rheumatism.

NEURALGIA.—Mr. David Mann, 499 Vine st. says he was a great sufferer, but the Oil cured him. He says E. H. Grant, Esq., 517 North Eighth street.

CROUP.—This Oil is infallible for Croup.—Ask a lady at Girard House.

FEVER AND AGUE.—The Electric Oil will cure this in one night. Ask Wm. Watson, corner of Rose and Shippen lanes, and others.

De Grath's Electric Oil is the marvel of this age, for the following (not everything:)

Cures Rheumatism, often in a day.
Cures Deafness one to ten days.
Cures Neuralgia Toothache, two minutes.
Cures Cramp in Stomach, five minutes.
Cures Burns, Bruises, Wounds, one to three days.
Cures Pains in Back, Breast one day.
Cures Headache, fifteen minutes.
Cures Ear-ache, Stiff Neck, Ague, one night.
Cures Piles, Swelled Glands, ten days.
Cures Felons, Broken Breast, Salt Rheum, three to six days.
Cures Quinsy, Palpitation, Pleurisy, one to ten days.

Depot, 217 South Eight Street, Philadelphia. Sold by all Druggists. Jan. 10.—3m.

Their aim will still be to furnish a Miscellany which shall be acceptable to the great mass of cultivated American readers. The circle of Contributors to the Magazine has been enlarged from Number to Number; and the amount of valuable matter at the disposal of the Editors has never been so great as at present. Those Authors and Artists whose works have been so favorably received will still furnish contributions; and arrangements have been made with others, for whose productions the cultivated reader is confidently anticipated. Neither labor nor expense will be spared to render the ensuing Volume worthy of the favor which the Magazine has received for nearly Twelve Years.

A complete Set of Harper's Magazine will be a desirable acquisition to any public or private library.—Nearly Two Hundred Papers, illustrated by more than Two Thousand Engravings, have been devoted to American History, Biography, Industry, Character, and Scenery. Each of our great Agricultural States has been made the subject of elaborate articles. The results of the explorations of travelers in regions heretofore unsuspected have been carefully spotted. The "Literary Notices" embody impartial estimates of more than two thousand books, comprising almost every work of any value which has been issued from the American press during the last eleven years. The "Monthly Record of Current Events," though filling a small space in each Number, contains matter sufficient to fill several volumes. Every event of historical importance is here noted; it furnishes a more complete history of the last eleven years than can be found in any other accessible shape and will contain a resume of the stirring events of the time.

Any Number will be sent by Mail, post paid, for Twenty-five Cents. Any Volume, comprising Six Numbers, neatly bound in Cloth, will be sent by Mail, to any part of the United States within 300 miles of New York post-paid, for Two Dollars per Volume.—Complete sets will be sent by Express, the freight at the charge of the purchaser, at a discount of Fifty Cents a Volume per cent. from the above rate. NEW AND RARE PREMIUMS TO GETTERS-UP OF CLUBS.

ARTHUR'S HOME MAGAZINE FOR 1862.

VOLUMES XIX and XX.

EDITED BY T. S. ARTHUR AND VIRGINIA F. TOWNSEND.

Devoted to Social Literature, Art, Morals, Health, and Domestic Happiness.

In announcing the Prospectus of the Nineteenth and twentieth volumes of the Home Magazine for 1862, the publishers have little to say beyond an assurance that the work will continue in all respects to maintain the high ground assumed in the beginning.

Our purpose has been to give a magazine that should unite the attractions of choice and elegant literature with high moral aims, and such useful lessons to women, women and children in all degrees of life; a magazine that a husband might bring home to his wife a brother to his sisters, a father to his children, and feel absolutely certain that in doing so, he placed in their hands only what could do them good. *Still more eminently will this future of our Home be kept in view in the future volumes.* Our work is for homes; and we seek to make homes happier.

All the Departments heretofore made prominent in the work, will be maintained by the best talent at command. The Literary Department, the Health and Mother's Departments; the Toilette, Work Table and Housekeeping Departments; the Gentleman's Department, etc., etc., will all present, month after month, their pages of attractive and useful reading.

ELEGANT ENGRAVINGS

Will appear in every number, including choice pictures, groups and characters prevailing fashions, and a great variety of needle-work patterns. This part of our work will be very attractive.

Besides the usual variety of short stories, sketches, and more solid articles, from the pens of our large corps of accomplished writers, two new Serials will be given in 1862. One entitled BATTLE FIELDS OF OUR FATHERS, a Tale of the Revolution, by VIRGINIA F. TOWNSEND. And the other, WHAT CAME AFTERWARDS, a Sequel to "Nothing but Money," by T. S. ARTHUR.

To all who get up Clubs for the Home Magazine, will be sent one or more of the following

ELEGANT PREMIUMS.

Our Premiums for 1862 are beyond all question, the most beautiful and desirable yet offered by any Magazine. They are large sized Photographs (15 by 19 inches) executed in the highest style of the art, of magnificent English and French Engravings, four in number, as follows:

1. HARTWOOD'S "GLIMPSE OF AN ENGLISH HOMESTEAD."
2. THE SOLDIER IN LOVE.
3. DORCAS.
4. HEALTHY CONSCIENCE.

The prices of the engravings from which these splendid Photographs have been made, are for the first and third 350 each; for the second and fourth, $3 each. We give these prices in order that the true excellence and value of the premiums may be understood. Having a company of such English Engravings is one of the celebrated pictures of the day, while the other three engravings are the favorites of connoisseurs everywhere.

Besides these the two premium engravings offered last year, "Contentment" and "Love in Idleness" (price from big "quids," are still open for selection.

PROSPECTUS OF THE

ATLANTIC MONTHLY, FOR 1862.

THE January number will commence the Ninth Volume of this Magazine. Its very large and increasing circulation is a gratifying evidence of popular approval, and an industry will be spared to render the forthcoming volume adequate to the requirements of time so pregnant with great events as those of to-day. The life of the Republic, the best interests of which are involved in the issues now pending, is the paramount subject, and THE ATLANTIC of this Period will result so effectually in enlisting the best talent of the country in the cause of Freedom and Right, that the opinions and principles which it bears the great public heard to stand firm on the side of Freedom and right, are elevated and ennobled, and have made the Atlantic Hand illustrated in these pages. The ATLANTIC MONTHLY will never give other than the best Morals, and it will be found to be the aim and study of the conductors to render its variety greater and its attractions better each succeeding year.

Among the contributions now in hand for 1862, the following will constitute themselves as sufficient inducements for every family to provide the forthcoming volume for household reading:

PROFESSOR AGASSIZ will begin in the January number a series of articles on Natural History, and other kindred topics, to be continued from month to month throughout the year. The name of so distinguished a man is a sufficient guarantee of original insight to be derived from his monthly contributions.

A New Romance by NATHANIEL HAWTHORNE, will appear in the August, 1862, and continue for a year.

A New Story by the late THEODORE WINTHROP, author of "Cecil Dreeme," will be commenced in the January number.

Professor J. Bryant will begin for his popular series of articles on Astronomy, the "Life of Herschel," giving an account of his startling discoveries, and of the man who devoted his life to science.

The author of "Life in the Iron Mills" and "A Story of To-Day," will contribute a series of Tales during the year.

Articles by Professor JAMES RUSSELL LOWELL on topics of national interest will appear frequently.

The Editorial Department of the Atlantic will be printed in the February number.

The Field of Western Travel and Poetry contributed to the Atlantic during the last year, will remain among its popular features, the following:

James Russell Lowell; Henry W. Longfellow; Ralph Waldo Emerson; Oliver Wendell Holmes; John G. Whittier; B. P. Shillaber; Bayard Taylor; Charles E. Norton; George S. Hillard; Henry Giles; Rev. Walter Mitchell; Mrs. H. B. Stowe; Harriet Beecher Stowe; Charles Reade; "The Country Parson;" Rose Terry; Harriet E. Prescott; Rev. Robert T. S. Lowell; J. T. Trowbridge.

TERMS.

Three Dollars per Annum, or Twenty-Five Cents a Number. Upon the receipt of the subscription price, the publishers will send the Atlantic Monthly for the United States, prepaid. Subscriptions may begin with either the first or any subsequent number.—The pages of the Atlantic are stereotyped, and back numbers can be supplied.

CLUBBING ARRANGEMENTS.—Subscribers to pay their own postage. Two Copies for Five Dollars. Five Copies for Ten Dollars. Twenty Copies for Twenty Dollars. Postage 36 cents a year.

GREAT IMPROVEMENT IN

SEWING MACHINES.

EMPIRE SHUTTLE MACHINE.

Patented February 14th, 1860.

SALESROOM, 510 BROADWAY NEW YORK.

THIS Machine is constructed on an entirely new principle of mechanism, possessing many more and valuable improvements, having been examined by the most competent experts, and pronounced to be FIRST, CHEAPEST AND BEST FAMILY MACHINE.

The following are the principal objections urged against Sewing Machines:

1.—Expensive. 2.—Frequently in need of repairs. 3.—Requires a great deal of attention. 4.—Incapacity to sew every description of material. 5.—Liability to get out of order. 6.—Disagreeable noise. 7.—Expense, trouble and loss of time in repairing. 8.—Difficulty in operating.

The Empire Sewing Machine is exempt from all these objections.

It has a straight needle perpendicular action, makes the LOCK or SHUTTLE STITCH, which will be FIRE PROOF, WASH PROOF, and WEAR PROOF, performs perfectly on every description of material from Leather to the finest Nainsook, Woolen goods, Linen, Cotton or silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, no the most possible friction, it runs as smooth as glass, and is

IMMACULATELY A NOISELESS MACHINE!

It requires FIFTY PER CENT. less power to drive it than any other machine in market. A girl of twelve years of age can work it steadily, without injury to her health.

Its strength and WONDERFUL SIMPLICITY of construction render it almost impossible to get out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a first-class machine to call and examine this UNRIVALLED MACHINE.

For, in a more special manner do we solicit the patronage of

Merch't Tailors, Coach Makers, Hoop Skirt Manufacturers, Dress Makers, Carpet Makers, Quilter Quilters, Shirt and Bosom Makers, Shoe Binders, Vest and Pantaloon Makers.

HOSTETTER'S

STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or bl zoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at
