To the Farmers of Maryland.

THE undersigned having reason to believe certain commission merchants of Baltimore are using old orders of Farmers, exempting their grain from inspection under the law prior to the late amendment, for the purpose of withdrawing it from Inspection or Weighing under the amended law, contrary to the interest and intention of the Farmers,

I respectfully suggest to the Farmers that the amended law being for their protection, and reducing the fee for Weighing and Inspection to one quarter of a cent per bushel, the amount heretofore charged by the unofficial weighers, it is advisable that they revoke the old orders, written before the amendment, as the best way to prevent their being deprived of the benefit of the law so essential to their security, by commission merchants disposed to embarrass its execution.
