Exit Swann.

Governor Swann on Friday declined the United States Senatorship, for which he has been plotting and working for years past, and for which he betrayed the party that elected him Governor and violated the Constitution of the State, that he was sworn to observe. Of course, in doing this Mr. Swann does not in any way advert to the real fact that caused his declination of so eagerly sought for a position, namely: that after securing his election by the Legislature there was still an insuperable obstacle to his taking a seat in the Senate. On the contrary, in his own inimitably pompous way he talks of the necessity to the State of his remaining in the Gubernatorial chair, of the sacrifice of his own personal ambition, "if such could be supposed for a moment to influence my action"—his own words, incredulous reader—in order to fulfil his paramount obligations to the people of my "State." Mr. Swann's personal vanity is so inordinate that we can fancy that he may have believed some of this. But when he goes beyond and declares that his election as Senator was "without any agency or solicitation" on his part, we are lost in astonishment at the mendacity of the man. Why, this is not only bold, cutright, but also useless falsification.—There is not a man in all Maryland who will not laugh at the statement. The Democratic majority in the Legislature proved itself quite equal to covering up the ridiculousness of the situation with an assumption of gravity. Resolutions were immediately introduced, declaring the "profound sensibility" with which the Legislature was affected, and resolving that Mr. Swann's determination to hold on to what he had, and forego that which he could not get, was grand, noble, self-sacrificing, etc., etc. How some of the Democratic gentleman, who have openly admitted that the Senatorial election was the result of a bargain which was to give them the enfranchisement law and the Convention bill, and who have since that election very often declared their opinion of Mr. Swann, and expressed their hope that the "Radicals" would keep him out of the Senate, could have voted for these resolutions can only be explained by those who know the ways of politicians.

In the meantime the Radicals of Maryland have this to rejoice over. They have driven Mr. Swann out of the Senate, and they have driven him into the Democratic party. Two things to be greatly thankful for. The real cause of his withdrawal from Senatorial honors will yet be explained, and explode all his pompous pretences to atoms.—*Baltimore American.*

The Maryland Republican State Convention.

The State Convention of the Republican Party of Maryland, held at the Front Street Theatre Wednesday last, was the most earnest and enthusiastic political assemblage that has been held in Baltimore for some time. It was composed of the representative men of all but three counties in the State, and by its action placed itself in full accord with the great Republican party of the nation. The resolutions adopted were based upon the principles of the reconstruction plan recently adopted by Congress, keeping full step with the progressive spirit of the age. In an assemblage of five hundred delegates there were but two or three dissenting voices to the declaration in favor of universal manhood suffrage, without regard to race or color, and the response to the resolutions was full and unequivocal.—The coalition of Governor Swann and his friends with the Democratic party has had its effect in removing all pre-existing prejudices on this subject. The refusal of the South to accept the liberal terms proposed by the Constitutional Amendment of last session has also done much to convince the loyal men of the State that manhood suffrage is the only remedy to restore harmony and unity to all sections of the country. The resolutions emphatically declare the determination of the Republican party of Maryland to appeal to Congressional interference if an attempt is made to force a new Constitution upon the State, if it should not be submitted to the vote of all men of legal age, without distinction of color. The President of the Convention was also authorized to reassemble the Convention at an early day after the adjournment of the Legislature, to take such action as the exigency of the legislation perfected by it may require.

The mass meeting in the evening attracted a large attendance of the earnest, thinking Republicans of the city. Addresses were delivered by Hon. Horace Maynard, of Tennessee, Hon. C. Delano, of Ohio, Hon. G. W. Anderson, of Missouri, and Hon. H. P. H. Bromwell, of Illinois. Senator Nye was expected, but was detained by business in Washington. The speeches were quite up to the temper of the Convention, and were enthusiastically applauded. The resolutions passed by the Convention were read and endorsed by the meeting.

RESOLUTIONS.

The Committee on Resolutions reported through its Chairman, Frederick Schley, Esq., of Frederick county, the following resolutions:

Whereas, The present state of national affairs, and the action of the coalition which, by the treachery of Governor Swann, now usurps the power of the State, have caused this assembling of the Unconditional Union men of Maryland, and render proper a clear utterance on all the issues of the times; therefore

Resolved, by the Republican party of Maryland, in State Convention assembled, That we cordially approve the Reconstruction bill which has been passed by Congress, and that we declare the principles of impartial manhood suffrage contained therein to be the only secure basis of reconstruction, and that the time has come when its adoption by every State is demanded by every consideration of right and interest.

Resolved, That we hail the result of the late Convention in Georgetown as a practical proof of the wisdom of Congress, and as the omen of loyal control over all the South.

Resolved, That the Convention bill now before the Legislature is in conflict with the existing Constitution, and can be made valid only by the assent of the people of the State and the Government of the United States; and that no change of the existing Constitution can or shall be made, or ought to be recognized by Congress, which is not made by impartial manhood suffrage, without respect to color.

Resolved, That we request the Republican members of the State Senate to prepare an amendment to said bill basing representation upon population and submitting the questions of a convention to all the male citizens of the State, and providing for a new State Government on the basis of impartial manhood suffrage; and that we shall insist that any change in the Constitution shall be made upon this basis, and that no State Government now erected without impartial manhood suffrage ought to be considered republican; and that, in the event of the passage of the oppressive and anti republican bill now before the Legislature, we will appeal to Congress to provide for the assembling of a convention in this State on the basis of the Reconstruction bill, and to organize a loyal State Government with impartial suffrage.

Resolved, That further to carry out the object of the foregoing resolutions, this Convention, when it adjourns, stands adjourned to meet at the call of its President on such early day after the adjournment of the Legislature as the President may by public notice direct and in the event of the President being prevented by any cause from acting, the Chairman of the State Central Committee be empowered to make such a call.

Impeachment of the President.

The Washington correspondent of the New York *Times* says:

The public has lately been led to believe, from the absence of all information on the subject, that the impeachment movement had been brought to a stand still, and that we were to hear no more of it; but there is the very best reason for saying that the country will be startled before the close of this week by a report from the Judiciary Committee, indicating the progress they have made, and asserting the necessity of pushing the investigation in the next Congress. This report, as a matter of course, will not be a final one, but will set forth the fact that the limited time since the investigation was ordered has not been sufficient to enable them to complete their work, and also that the developments thus far demand its continuance. Mr. Boutwell, the country may rest assured, is terribly in earnest in this work. The committee has already taken a very large amount of testimony, and has been in session both day and night. Witnesses from all parts of the country have been examined, and more have been summoned. As to the continuance of the investigation in the Fortieth Congress, Mr. Boutwell maintains that they need not commence *de novo*, but that the committee's proceedings being of record, such record can be made a part of the investigation. Thus far the operations of the committee have been conducted with so much secrecy as to lead many to believe that nothing was being done, but this will prove to be a serious mistake. It may, indeed, be a question whether the feeling in favor of impeachment is not actually decreasing, and perhaps Mr. Boutwelll and his associates fear nothing so much as the effects of efforts to induce the President to countenance the important legislation of Congress. All eyes are now turned to his action on the Military Reconstruction bill. To pocket it will be to greatly aggravate the impeachment feeling. To veto it, so that Congress can pass it, will be not much better. To sign the bill, even under protest, will kill the impeachment movement. This is the expressed opinion of two prominent Senators to day.

Local Items.

Election of Officers—

At a Regular meeting of Carroll Council, U. L. A., held on Friday March 1st, the following officers were elected for the ensuing six months. President, Jacob D. Hoppe; Vice President, Capt. L. F. Byers; Assistant Vice President, Francis T. Beaver; Secretary, J Edwin Weaver; Treasurer, M. W. Sullivan; Marshall, Harry J. Shellman; The President, elect appointed the following: Chaplain' Rev. J. G. Capito; Herald, Albert Fowler; Sentinel, Emory Chenoweth.

Close of the Lutheran Fair.—

The Fair for the benefit of the new Lutheran Church closed on Saturday night last, after a most successful run of ten nights, realizing a handsome sum. From a hasty calculation of accounts we are enabled to make the following statement of receipts and expenditures:

Gross Receipts,	$2,407 66
Expenditures,	556 24
Nett Proceeds,	$1,851 42

Some few small bills yet remain unsettled, while some articles disposed of at private sale have not been included, which may slightly change the above figures, but we think Eighteen Hundred and Fifty Dollars may be safely relied on as the nett profits. Considering the exceeding inclement weather and the terrible condition of the roads, which kept hundreds of persons from a distance from being present at all, this shows a noble generosity on the part of our community, and a spirit of liberality that justly entitles them to the gratitude of all connected with the Fair, as well as the entire congregation.

A Pleasant Surprise.—

On Sunday morning last the teachers and scholars of the M. P. Church were not a little surprised to find in the Church a magnificent Organ, but none knew whence it came nor did enquiry solve the mystery. After the opening of the School, Rev. J. T. Ward in a very appropriate address formally presented the Instrument to the School, as a present from our generous hearted fellow townsman, DAVID H. SHRIVER, Esq. The reception was acknowledged by the Superintendent, E. K. Gernand, in a neat and expressive manner. The Instrument is one of Carhart & Needham's best, worth $310, and possesses great power and volume. This present came very opportunely, and we doubt not will be highly appreciated by the School, as well as the congregation worshiping in the Church. Mr. John H. Yingling is Agent for the sale of these Organs in this County.

Tribute of Respect.

At a Special Meeting of Carroll Union League, on the 3rd inst., the following Preamble and Resolutions were unanimously adopted:

WHEREAS Carroll Union League having learned with sorrow of the death of our brother SAMUEL WAMPLER, and being desirous of manifesting the respect which we cherish for his memory, therefore be it

Resolved, That by this dispensation of Providence our Association has lost a firm supporter of the principles we advocate, and the community an honest man.

Resolved, That we deeply sympathize with the family and friends, trusting that He who inflicted the blow will enable them to bear it with calmness.

Resolved, That we will attend the funeral of our Brother in a body, wearing the usual badge of mourning, and assist in paying the last tribute of respect.

Resolved, That a copy of these Resolutions be presented to the family, and also published in the American Sentinel.

Tribute of Respect.

First Nat. Bank of Westminster, MARCH 2nd, 1867.

At a regular meeting of the Board of Directors held this day, Mr. Granville S. Haines in the chair, the following Preamble and Resolutions were unanimously adopted:

WHEREAS, It hath pleased Almighty God our Heavenly Father to remove from our midst Mr. ALFRED TROXEL, our late President, and whereas it is eminently right and proper, and justly due to his memory to put on record some testimonial of our appreciation of his character and services, therefore

Resolved, That in the death of Mr. Troxel we have sustained a loss, which is keenly felt and deeply deplored by every member of this Board and officer of the Bank.

Resolved, That in him we recognised all those sterling qualities of mind and heart, the correct judgment, the kindly sentiment, the unswerving integrity, which challenged the admiration and commanded the respect of all good men.

Resolved, That we will not soon forget his careful devotion to the interests of the Bank even when greatly enfeebled by the fatal disease which terminated his life, but that we will ever cherish his memory, and look back upon his many virtues, and endeavour to emulate his faithful discharge of duty.

Resolved, That we hereby tender to his afflicted family the assurances of our profound sympathy and regard in this sad hour of bereavement, in which our highest consolation is that "Our loss, in his eternal gain."

Resolved, That these resolutions be entered upon the regular minutes of the Bank, and published in the County papers, and that a copy of them be sent to the family.

Large Crops Looked For.

Those who pretend to be weatherwise predict that we will be blessed with heavy crops the ensuing season. It has been noticed that whenever a heavy fall of snow occured about the time of full moon in February, large crops and an abundance of everything were sure to follow. We trust that in the present instance there will be no deviation from this custom. Rich and poor will be gratified to see large supplies the coming summer.

An exchange has the following:

"There is a tradition among the old settlers of this section that the seasons of prosperity in agriculture are periodical. According to the tradition, there is ten years' drought out of every forty years. The section has just passed through more than ten years of unusual severe drought. We are about to enter thirty years of prosperity. Our farmers should be 'setting their houses in order,' fitting up their fences, preparatory to the fine crops to come."

Adjournment of the 39th Congress.

The second session of the 39th Congress finally adjourned on Monday, one of their last acts being the passage of the Military Reconstruction Bill over the veto of the President. The 40th Congress was immediately organized, Hon. Benjamin Wade, of Ohio, being chosen President of the Senate, and Hon. S. Colfax, re-elected Speaker of the House. It is doubted whether the President will send in a formal message.

Proscription of Union Men.

The same spirit that rules in South Carolina is being adopted in the large and influential State of Delaware. We are creditably informed that it is an understanding among the land-owners of secession proclivities that no farms are for rent to Republicans. Persons of that political faith are to be carefully excluded from the select communities of the Diamond State chivalry. We expect to hear that the same class of chivalry, in some parts of Carroll, are "accepting the situation" in like manner.

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. SCHENCK, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. SCHENCK makes professional visits in New York Boston, and at his principal Office in Philadelphia every week. See daily papers of each place or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1 50 per bottle, or $7 50 the half dozen. All letters for advice should be addressed to Dr. SCHENCK'S Principal Office, No. 15 North 6th Street, Philadelphia, Pa.—General Wholesale Agents: Demas Barnes & Co., N. Y; S. S. No. 934, EQUITY.

In the Circuit Court for Carroll County, sitting as a Court of Equity.

Michael Baughman. *vs.* John H. Swartzbaugh and Mary Swartzbaugh.

THE object of this suit is to procure a Decree for a sale of certain mortgaged premises in Carroll County, which were, on the fifth day of February, eighteen hundred and sixty-six, mortgaged by the Defendants—John H. Swartzbaugh and Mary Swartzbaugh—to one Michael Baughman.

The Bill states that John H. Swartzbaugh and Mary Swartzbaugh, having been appointed guardians to Isabella J. Gorsuch and Ellen U. Gorsuch, became bound unto the Orphans' Court of Carroll county in the sum of twenty-five hundred dollars to do and perform their duty as said guardians and to faithfully account with the said Court for all monies collected by them under their said guardianships, in which bond the said Michael Baughman became bound as their security. The Bill further states that on or about the fifth day of February, eighteen hundred and sixty-six, the said John H. Swartzbaugh and Mary Swartzbaugh conveyed certain real estate, which is particularly described in the Bill and its accompanying exhibit unto the said Michael Baughman, by way of mortgage, to indemnify and save him harmless from all loss by reason of his being security as aforesaid. That the said John H. Swartzbaugh has absconded, leaving the State of Maryland, without making a settlement with the aforesaid Orphans' Court as required by his said bond and rendering the said Michael Baughman liable to the payment of its penalty.

It is therefore adjudged and ordered that the complainant by causing a copy of this Order to be inserted in some newspaper published at Westminster, once in each of three successive weeks, before the first day of April next, give notice to the said absent defendant of the object and substance of this Bill; and warn him to appear in this Court in person or by solicitor, on or before the second Monday of May next, to answer the premises and show cause if any he has, why a Decree ought not to pass as prayed.
