WESTMINSTER:
THURSDAY, MAY 14, 1868.

FOR PRESIDENT:
GENERAL ULYSSES S. GRANT,
Subject to the decision of the Republican National Convention.

THE Impeachment still hangs on. Mr. Bingham closed the arguments on the case and on Thursday last the Senate adjourned over until Monday, adopting an order that the vote should be taken at noon on Tuesday.

The excitement was intense in Washington and Baltimore on Monday, as rumors of the probable result of the trial got afloat. Every word spoken by a Senator on the subject was carefully noted and sent over the wires to the different parts of the Country. The prospects are that Johnson will be acquitted by the Republican Senators. If such should be the case we would prefer suspending judgment on the cases of such Senators until they have a hearing, for the Nation's welfare hanging in the balance is apt to make us judge them harshly, and we are apt to let our prejudices overbalance our reason. Be these Senators recreant and false or be they governed (which we sincerely hope) by pure and upright motives, we will not prejudge them.

On Tuesday, in consequence of the illness of Senator Howard, the vote was postponed until Saturday.

REPUBLICAN CONVENTION.

A Convention of those Republicans of the State who are opposed to the action of the late Convention was held in Baltimore on Wednesday last. Nearly all the counties were represented, the delegations from all being composed of white and colored men. A long string of resolutions and an address was adopted, after which Delegates were elected to go to Chicago. The following are the ones chosen to represent this Congressional district:

Frederick Schley, Geo. W. F. Vernon; alternates—Jacob Leidy, S. R. Gore.

The Convention also determined to select an electoral ticket, and the following gentlemen were chosen: At Large—H. W. Hoffman, Judge Bond; *First District*—James Valiant; *Second District*—Reuben M. Price; *Third District*—Jno. M. Holland; *Fourth District*—Robert Bruce; *Fifth District*—Wm. J. Albert.

Messrs. Gore, Valliant and Albert, we learn have declined to serve.

The proposition to elect delegates to Chicago and to select an electoral ticket led to a lengthy discussion, very many of the delegates opposing it, particularly those from the counties. The delegates from Kent county stated they were elected to bring about a reconciliation between the two wings of the party, and several other delegations advocated a compromise of all differences.

The Convention finally resolved both to elect delegates and to nominate an electoral ticket. We regret this action on the part of this Convention for we fear the effect will be a wider split rather than a step towards "harmonizing the discordant elements of the party," as was at first proposed.

WE were a little surprised last week to see that our brother of the *Advocate* occupied nearly half a column of his paper to inform his readers that the Democracy had carried our city election by an average majority of ten votes. Let us see how much fire there is behind all this smoke. Westminster has a voting population of about 300, out of which 223 voted at this election. Three, at least, of the Democratic ticket were electioneering hard nearly all day. The *Advocate* says: "every nerve was strained by the Radicals."—The truth is that so little interest was manifested that we could not get up a ticket of men that would serve, and on Monday, three hours before the polls opened, we in connection with three others made up a ticket and put it in the field. The men on that ticket had declined to serve and two of them did not get to the polls to vote. "The people speaking in thunder tones." Well, if such a small crumb will elate the Democracy so much we will not gainsay it and let them starve for the want of it, but we did'nt hear the thunder.

MESSRS Oster and Bullock were the names of two of the men turned out of the City Council of Baltimore for Corruption in office. Bullock received $1000 and Oster was promised the same amount for their efforts to secure the endorsement of the West. Md. R. R. Bonds.—The wits in the city say, that Beef is high because it takes $1000 to buy a Bullock, but Oysters are cheap because they can be had on credit.

The House of Representatives on Friday passed Hon. Thaddeus Stevens' bill for the admission of Arkansas. The only condition imposed is that the Constitution of the State shall not be so amended as to deprive any citizen of the United States of the right to vote, who is entitled to a vote by said Constitution. The Democrats all voted against the Representatives from this State being restored to their proper place in Congress.

FLORIDA has voted, and the result is that the new Constitution is ratified and the Republican State ticket elected.—Both branches of the Legislature are Republican.

THE Republican State Central Committee of Maryland assembled on Friday in Baltimore, and organized by electing C. C. Fulton Chairman, and J. McGarigle Secretary. There was an unusually large attendance of members from the counties, all sections of the State being represented. Messrs. J. L. Thomas, Henry Stockbridge, W. J. Albert, Joseph H. Meredith, G. W. Sands and C. C. Fulton were appointed a committee to prepare an address to the people of the State. Resolutions were adopted declaring the gratification of the Republicans of Maryland at the prospect of the speedy removal from office of President Johnson, and confidence in the ability of his successor, Senator Wade. The action of the Convention of the 6th of March was approved. The necessity for the better and more thorough organization of the Republicans of the State was strongly urged by Hon. Henry Stockbridge, and a resolution looking to that end was adopted. It was resolved that "the only body authorized to declare a platform of principles for the Republican party of Maryland is a State Convention of the Republicans of the State regularly called through the State Central Committee for that purpose." The Committee then adjourned.

THE *Advocate* of last week, has a long article in support of Gen. Hancock for the Presidency. He does not say woether he endorses Hancock's war record and the hanging of Mrs. Surratt, but we suppose he does when he supports the man. We are glad to see brother V. is getting around towards our view in this matter. Of course the Democracy of Carroll will all follow their leader and come round to the same views. Won't it be nice when we all get to stand on the same platform, endorsing the principles for which Hancock fought, during the war, along with Butler and Logan, and we only nominate opposition candidates for the fun of the thing?

WE return our thanks to the Hon. Wm. N. Hayden, for a copy of the Report of the Board of Commissioners of Public Schools of Baltimore.

THE California delegation to the Democratic National Convention will support Gov. Height of that State for the Presidency.

THE Republicans have carried South Bend, Indiana, by 160 majority and Mishamaka by 175 majority.

WE are indebted to the Hon. Francis Thomas for numerous reports of the Impeachment Trial.

IN Nevada City and Stockton, Cal., the Republicans were successful at their Charter elections.

Kittanning, Pa., has gone Republican by 30 majority, a gain.

On Saturday last Mr. Emanuel Gernand, sold a lot fronting 60 feet on Pennsylvania Avenue, adjoining the residence of Andrew Reese, Esq., to Mr. George Stouch for $600.

MR. Joshua Stonesifer has sold a lot, fronting thirty feet on Main Street, in the West End of town, adjoining his residence, to Mr. Joseph Woods for $800. We understand that it is Mr. Woods' intention to build immediately.

MR. Jno. H. Bowers has sold his lot, fronting 120 feet on Liberty Street and running back to the Railroad, to Mr. David Fowble for $4000. Mr. Fowble has already commenced the erection of buildings in which he proposes opening a Sash and Blind Factory.

LOCUSTS.—We are informed that some of our farmers and gardeners who have lately been upturning the fresh earth, found locusts in large quantities in an imperfect state near the surface. In the course of two or three weeks, judging from these indications, the air will be vocal with the music of these well-remembered insects.

CITY IMPROVEMENT.—Workmen are engaged erecting a two-story frame building on the lot owned by the Farmers and Mechanics' National Bank, on Main St., near Court. We are informed that the building, when finished, is to be occupied by Mr. Wm. Moore for his Jewelry Store.

A BALM for every Wound. Grace's Celebrated Salve is now so generally used for the cure of flesh wounds, cuts, burns, ulcers, felons, sprains, and all diseases of the skin, that praise of it seems to be needless. Those who hrve tried it once always keep a box on hand, and nothing will induce them to be without a supply.

MUSIC.—We call the attention of all lovers of Music to the card of Prof. J. M. Hurley which appears in another column. The Proffessor has been very successful during his short stay in our midst and now has charge of several Brass Bands and Orchestras, which are progressing well. As will be seen his terms are moderate. We call particular notice to the fact that the Prof. tunes and repairs Pianos.

FAIR.—The Ladies of the Reformed Congregation of Manchester are actively engaged in preparing for a fair and festival to commence on the evening of the 29th inst., to continue several days.

As there remains yet a debt on the Church, we wish the ladies success, and hope the friends in general will encourage them.

AT an election for Officers of the Baltimore and Liberty Turnpike Company held at Dorsey's Cross Roads, on the 4th inst., the following were elected:

N. D. Norris was unanimously re-elected President and Col. J. C. Gist, Dr. N. Browne, H. C. Gaither, David Pragh, J. M. Dorsey, Joshua Scrivner and Wm. H. Cronk were elected Directors, and J. Oliver Wadlow was elected Secretary and Treasurer.

CAPT. L. F. Byers, formerly of this place, who was assistant in the Register of Wills Office, has located in Uniontown and has started the Grocery business in connection with the leather and shoe finding business generally, at the East end of the Town, opposite the Union Tannery of Hofiman & Deford. The Capt. is doing a snug business. He also manufactures No. 1 Ice cream for wholesale and retail. His motto is "quick sales and small profits." We wish the Capt. success.

CORNER STONE LAYING.—On Wednesday the 6th inst., the corner-stone of a Methodist Episcopal Church was laid in the enterprising town of Union Bridge. The ceremony, by special request, was performed by Door-to-Virtue Lodge of Freemasons, of Westminster, and seemed to impress all who were present with its dignity, beauty and solemnity. The lodge and its visiting brethren were hospitably entertained by the craftsmen of Union Bridge and safely sent home in the evening by a special train.

ACCIDENT.—A daughter of John Smith, Esq., residing at the West End of town, met with an accident on Thursday last which might have ended seriously. Some workmen were engaged repairing the house and had removed a portion of the railing around the upper porch in the rear of the dwelling, and when they replaced it, they only fastened it temporarily. Miss Smith going out on the porch, leaned against this part of the railing which giving way precipitated her to the brick pavement beneath. She was very much stunned but we are glad to add that she received no greater injuries than a few bruises.

THE May Term of the Court commenced on Monday. The Docket is very large, comprising 160 originals, 270 Trials, 182 Appeals, and 145 Criminals.

Court being called and the Grand Jury sworn in Judge Hayden who was the only one of the three Judges present on Monday, delivered the charge. After the Grand Jury had retired the Court proceeded to business. Judge Hayden expressed his desire to have business speedily disposed of and the Docket cleared up. The Docket was called and some few cases continued, but a great many had days fixed for their trial.

State vs Jno. Wagner, Assault and Battery, Plea "Guilty," fined 50 cts.

State vs Allen T. Warfield, Murder, removed from Howard County, set for trial on 26th inst.

State vs Geo. W. Shriver, Perjury, Plea of "Not Guilty" confessed by State.

THE amount of building that is going on in Westminster at the present time was never before equalled. The busy sounds of the hammer and saw are heard all around us and the evidences of prosperity are everywhere on the increase.—People are beginning to find out that our little City is no longer a "finished town," but that it is a good place to live in.—People are coming to us, not only from our own County, but also from other parts of the State. Factories are being built and business of every kind is on the increase. One thing is wanted that Capitalists would do well to take note of.—Our County abounds in Iron ore, large quantities of which are being monthly taken to other places. Who has enterprise enough to erect a Furnace for the purpose of melting this metal at home, and thus increasing our prosperity?—There is money in it, who speaks first?

THE RETIRING CITY COUNCIL.—There has been laid on our Desk a Copy of the City Ordinances lately revised and enlarged. The Board have had the same under consideration for some time and have embodied in them that which by their experience was deemed essential to the growing wants and necessities of the City. We may at this time, while a change is being made in our City Officials, enumerate for the information of the Public, some of the labors and difficulties which the retiring board and their immediate predecessors had to contend with.

In May '66 the credit of the City was below par, an indebtedness of say One Thousand Dollars hanging upon it like a dead weight, with an assessment that yielded not over Three Hundred Dollars revenue per annum—with taxes partly unpaid running back to '60. The old bills were taken up from Collectors—bonds released and the bills for '66 placed in the hands of the late efficient collector. Notice to creditors of the Corporation was given to present claims, and the payment of the City's indebtedness assumed. In short, the debt has been paid and the City's credit stands to-day unimpaired with a reserve fund of $300, for the opening of Centre St., and a deposit of $22,00 as a sinking fund for the redemption of the Lamp-Light loan—Exclusive of the Taxes for '67 now due, and under new ordinances available in 60 days. We name as part of the labor of the board—the culvert and crossing at Mikesell's; the crossing at Liberty; at Church street; at First National Bank; at Stone alley on Main; Repairs on Green street; crossing at Post Office; paving water course on Sycamore street and opening of Alley from Main to Green street, at the Odd Fellows' Hall. A new assessment of Property was had—consequent thereto unusual duties were imposed on Clerks, as no adequate Books had ever been kept or opened for the proper transaction of the business of the City. The appointment of commissioners and the final condemnation of Green street—the streets and lanes opened by the Redemptorists—the alleys intersecting Union, Main and Pennsylvania Avenues—also the Square and connecting streets opened by Geo. W. Matthews, Esq., (who, by the by is an energetic Corporation man and now in the Board,)—Union street—alley in rear of Long, Shaeffer and others. The origination of plan and subsequent success in lighing of streets and provision for redemption of loan—Action had been taken looking to the securement of the entire control of Turnpike and County Roads running within the City Limits, with the intention to pave the same. An investigation was had of cost of proposed Bridge on Green street, which for obvious reasons was postponed.

There is no doubt that the retiring Board has been an energetic and working one, and the amount of labor performed by them can only be fully appreciated by those who will take the trouble to look into the matter. Elected at a time when everything about the Corporation was going down hill, they have set it on its feet, cleared it of its debt, improved the City and now go out of office leaving a balance in the Treasury. The incoming Board have a comparatively easy task before them, let us see how they will perform the duty assigned them.

Without drawing any invidious distinctions we deem it proper to say that E. K. Gernand, member of the Board and I. E. Pearson, Counsel, deserve especial notice for the labor performed in getting up the new set of ordinances which have just been published.

We believe that the retiring Board passed a vote of thanks to Mayor Durbin for the fidelity with which he had discharged his trust, and the urbanity and kindness of manner with which he had presided over the meetings of the Board.

The Report of the Treasurer will be found in another column.

The new Board qualified on Tuesday last and have entered on their duties.

Chas. A. Dana, Assistant Secretary of War, during the rebellion, writes thus in his paper, the New York *Sun*, of General Grant:—

In camp, he—almost alone, among all the prominent officers of the army—never tolerates liquor or wine, either at his table or about his tent. Fatiguing marches and the excitement and exhaustion of battle, did not make him break over his rule not to touch or taste anything alcoholic. Hancock should have resigned his commission in the army, sooner than have anything to do with such an execution.
