The Kent News.

SATURDAY - - - - - - JAN. 26, 1878

Not Disappointed.

A mite of a boy, poorly dressed and barefooted, was wandering around the Central yesterday, in a chilly, hungry way. A pompous citizen, well dressed and carrying a big cane, caught sight of the boy and loudly called out:

"Here, you—come."

The boy approached, and the citizen demanded:

"Where are your shoes, sir?"

"Aint got none."

"Aren't your feet cold?"

"Yes, sir."

"Don't you want some shoes?"

"Yes sir."

"If I gave you a nickle what would you do with it?"

"What was left after getting my shoes out of it, I'd invest in wind," demurely replied the boy.

He didn't get any to invest but he was not disappointed. He never knew one of that style of men to give anything unless a reporter was on hand to make a note of it.

A POOR young man once fell in love with an heiress, and, the passion being returned, it only wanted the parent's consent to make them happy. At last, meeting the father, he asked for the daughter's hand. "How much money can you command?" "I cannot command much," was the reply. "Well, what are your expectations?" "Well, to tell the truth, I expect to run away with your daughter and marry her if you don't give your consent."

SHERIDAN, to test the acoustic qualities of a new theatre he had built, desired the carpenter to speak on the stage, while he would go and listen to him in the gallery. "Now, then," said Sheridan, when he had ascended. The carpenter responded: "I and my mates have been working here for the last six weeks, and we should like to see the color of your honor's money!" "That will do," said Sheridan; "the acoustics are perfect."

AN exchange truthfully says that twenty years of the most friendly mention of an individual will not atone for one line that does not suit, and "stop my paper" is the fiat. But as they don't stop reading the paper, but only stop paying for it, we can't see where their revenge is. An editor don't care for the money, but likes to have people read his paper.

SOME WOMEN love to praise their husbands. Said a Louisville wife the other day, in her earnest, honest way, "My husband is a smart man; yes he is. I never saw a smarter. Why, he has got it fixed so that I can go to any store in town, and run in debt as much as I please, and they can't touch a thing. But of course I wouldn't."

A TRAVELING correspondent in Mississippi writes to the Danbury *News* that he "met the charming Miss ——, a young lady whose face bore all the graces of that beauty which never fades, and whose mind, ladened with the perfumes of rare intelligence, hangs over you like a floating dream for the balance of your life."

WHEN the leading citizen of an up-country village passes away from earth and the village newspaper publishes an old cut of William A. Wheeler as a correct likeness of the late lamented, the consolation experienced by the family of the deceased is something which passes contemplation.—*Worcester Press.*

THE color of a girl's hair is regulated by the size of her father's pocket-book. If the latter be plethoric, the girl's tresses are golden or auburn; if the old man's wallet is lean, we hear the daughter spoken of as only "that red-headed gal." You never saw a rich girl with red hair.

THE latest innovation in deep sea dredging is submarine ploughing, which is now being carried on successfully in Belfast harbor, Maine. A large Michigan plough is used and is drawn by steam power located on shore, the direction being guided by a man in diver's armor.

"GENTLEMEN of the jury," said a Worcester lawyer in the court-house last week, "at the moment the policeman says he saw us in front of the house which was burglariously entered, I will prove that we were locked up drunk in the station house!"—*Boston Post.*

ENGLAND—"You stop pounding that boy." Russia—"I'll pound him if I want to." E.—"You will, will you?" R.—"Yes, I will." E.—"Oh, you will, eh?" R.—Course I will." E.—"Oh!" And that's how the matter stands at present.—*Free Press.*

"YOUNG MEN," says the Worcester *Press*, "should pattern after pianos—be square, upright, grand." But should never B flat enough to permit themselves to be "played" upon.—*Norristown Herald.*

A GERMAN was about to make a journey to fatherland, and wishing to say "good by" to a friend, extended his hand and said: "Vell, off I don'd come back, hullo."

A NEW song is entitled, "Trust Me, Darling, I'll be True." That's what they all say. But don't trust him on a short acquaintance. The probabilities are that he has a wife in another town.

"I LIVE in Julia's eyes," said an affected dandy in Colman's hearing. "I don't wonder at it," replied George, "since I observed she had a *sty* in them when I saw her last."

A FARMER told us the other day that he would not be without Dr. Bull's Cough Syrup if it cost five dollars a bottle. It must be a wonderful remedy.

ARTEMUS WARD's quaint remark about the Mormonites is again floating over the country; "Their religion is singular, but their 'wives are 'plural'"

A CRUSTY bachelor's objection to ladies with beautiful teeth is that nine out of ten of them would laugh at a funeral.

BROWN says he's been so often deceived by the chicken at his boarding house that he now calls it the mocking bird.

"German Syrup."

No other medicine in the world was ever given such a test of its curative qualities as BOSCHEE'S GERMAN SYRUP. In 3 years two million four hundred thousand small bottles of this medicine was distributed *free of charge* by Druggists in this country to those afflicted with Consumption, Asthma, Croup, severe Coughs, Pneumonia and other diseases of throat and lungs, giving the American people undeniable proof that GERMAN SYRUP will cure them. The result has been that Druggists in every town and village in the United States are recommending it to their customers. Go to your Druggist and ask what they know about it.—Sample bottles 10 cts. Regular size 75c. Three doses will relieve any case.

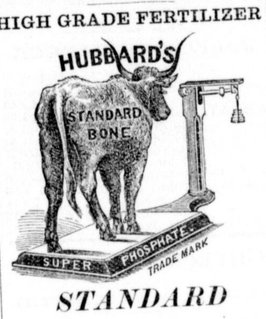
Wheat Seeding!

HIGH GRADE FERTILIZER



STANDARD

Bone Super-Phosphate,

UNEXCELLED
FOR ALL CROPS!

We again offer to the public our *Standard* Phosphate this, our ninth season. It is sold on an increased demand, not only in this State but Delaware, Pennsylvania, New Jersey and Virginia, and for the last two years it has been extensively used as a *test* side by side of various *higher priced* Phosphates sold in the market, upon Wheat, Corn, and other crops in Kent and Queen Anne's counties, by many of our best farmers, who pronounce it to be equal to any in result, and superior to many, while the price is much less. There are other advantages in favor of the use of our *Standard*, which will be proven on trial.

1st. It is sold at $35 cash per Ton, at the Factory.

2d. It can be easily applied, with safety and profit, upon all crops.

3. It is always guaranteed to be in excellent order for drilling.

4. It is especially adapted to the growth of each and every crop.

5. The Base of the *Standard* is pure animal Bone, of which we invite inspection.

6. Animal Bone is a permanent improver of the soil.

7. Chemistry has enabled us to demonstrate with a degree of certainty that our soils lack principally *Nitrogen, Potash* and Phosphoric-acid, they being the three substances most essential for the profitable growing of crops and the Farmer to buy. Hence

We ask but ONE TRIAL

to convince all of the valuable properties contained in our Phosphate as a CROP PRODUCER, and we pledge ourselves to keep it up to its well known HIGH STANDARD, believing that our success depends entirely upon the QUALITY of our Fertilizer. We refer below to the names of a few Farmers who used our Phosphate on their wheat last Fall, which yielded an abundant Harvest:

GALENA MACHINE SHOPS!

Wm. A. Hyland & Co.

WE beg leave to call the attention of the Farmers of Kent and the adjoining counties to our new

COMPETITOR REAPER,

and the many IMPROVEMENTS we have made this year. Our Self-Oiling PITMAN BOX, which will run two hours without stopping to oil; also, case hardened Journals, which we think is a great advantage, preventing the wearing of the Journals, a trouble that all other machines have to contend with. We are now using a Guard with concaved centre, which will PREVENT CHOKING and always present a Sharp Cutting Edge, a thing that must present itself to the farmer at once. Also, a Knife with Steel Back, thereby adding Strength, Lightness and Elasticity; and our PATENT STEEL WIRE DROP, that overcomes all objections to a Dropper, working as well in light as heavy grain, a thing that has been long needed and found at last by us.

We make the Reapers of two sizes, for two and four horses. The four-horse Reaper cuts a Swath of six feet, and will cut from twenty-five to thirty acres of grain per day, and will not work the horses as hard as ordinary farm work. The five foot machine is intended for two horses, and is handled very easily. Farmers, call and see, or write to us and learn what we have for sale.

They are the proprietors of a Corn Sheller with Fan attachment, which with their one and two horse power, will shell and clean seventy-five bushels in one hour, of which fact good reference can be given.

REPAIRING

they do neatly, and all their work is done at reasonable prices, and say to all, encourage home manufacture, or at all events give them a trial.

THE CRAWFORD MOWER

so justly celebrated for its light draft, and good work done by it, they also keep for sale.

Also, the Celebrated Taylor Rake

WE GUARANTEE every Machine that leaves our Works.

WM. A. HYLAND & CO.

We are also selling the Celebrated
Hubbard Self-Raking Reaper
AND MOWER COMBINED.

Farmers will please give us a call before purchasing elsewhere.
