A Reply to Complaining Tax-payer of District No. 11.

An increase of taxes, until fully explained and justified, is proper matter for complaint by tax-payers, but a complainant should be bound, by truth and honesty, not to ignore facts plainly within his knowledge.

When Tax-Payers assail us as incompetent Road Commissioners he knew that the 8-cent levy amounted to less than it did prior to the new assessment and that the corporation increased claim and to that extent was good ground for our action. He knew that each year we have repaired *all* of the roads, a thing never attempted by the Buckey Board and fully explaining how they could pay for the road machine, and why we were required to devote more days to the duties of our office, all of which are the best grounds for our actions.

He writes: "We are here to say frankly that there is not a mile of road in the district that was not worked during the term of the first board named." Can this be a merit, that within four years every mile was finally worked? Can it compare with our record of every mile within the year? But that honesty we required of him we will now exercise in his behalf by saying that some roads during his commissionership were repaired oftener than every fourth year and that annual pains were put upon the one leading from New Windsor past the Buckey Ranch, and further, we are sorry to see our collector and tax-payer should consider the people of our district so ignorant that he was compelled to tell them who raised the road tax, and we frankly admit we are the parties who did it, and are willing to bear the responsibility, and, should he be willing to accept public sentiment, will find we have the support of a majority of tax-payers upon this action.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

IN MEMORIAM.

In loving remembrance of Mary A. Shipley, who died one year ago, today, July 31st, 1901.

We miss thee from our home, dear wife,
We miss thee from thy place,
A shadow o'er our life is cast,
We miss the sunshine of thy face.
We miss thy kind and willing hand,
Thy fond and earnest care,
Our home is dark without thee—
We miss thee everywhere.

BY HER HUSBAND.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home,
Which never can be filled.
God in his wisdom has recalled,
The boon his love had given,
And though the body slumbers here,
The soul is safe in Heaven.

TEACHERS' INSTITUTE MANUAL.

This week we send to all the Teachers the Manual which maps out the work for the next Institute to be held in Westminster, Sept. 8th to 12th. The Manual was carefully prepared by the State Superintendent, Dr. M. Hates Stephens, and the intention of the author is that each teacher shall read it repeatedly, preserve it and bring it to the Institute. The Manual will be the basis of the Institute work, and the questions and topics suggested in it will be taken up. I wish all teachers to take some part in the Institute, and by studying the Manual you will be better prepared to give and to receive information on the various subjects presented.

According to the suggestion of the Superintendent, many teachers will find their names on the program for talks of two minutes or longer. But I wish it clearly understood that those whose names are not on the program will feel as free to take part in the Institute work as those whose names are given. We want to have the best Institute that has ever been held in Westminster. Our Institute Instructors will be competent practical school men.
