Why all this sudden desire to handle a part of the Good Roads Loan if it purpose be not political ?

The farmer whose hens are laying isn't worrying about the stock market or anything else.

Now and then one hears of a school teacher being rewarded this side of Kingdom Come. One out in Missouri was recently married to a widow who is worth $3,000,000.

No, we have not forgotten about that bridge. We know it is still in a dilapidated condition and that our city fathers are not doing their duty. We also know that the day of reckoning is fast approaching.

If you think pikes can be built for so little, ask some of the men that own and operate them. And while you are doing that, ask them why they are so anxious to sell out.

To facilitate the census taking we suggest that everybody get blanks, fill them up, and hand them to the census taker when he calls. It might save answering a lot of tom fool questions. We also suggest you have the children properly counted.

Nearly one month of the legislative session gone and nothing doing in the matter of refunding our loan. What is the matter with our officials ? Are our citizens dead to all civic matters ? Wake up from your Rip Van Winkle sleep and get busy.

As usual the Eastern shore has beaten us. We understand that the Good Roads Commission intends to finish the roads on the shore before anything is done in Western Maryland. What is the matter with our local statesmen ? Are they too busy looking after their own interests ?

Just as some of our Democratic friends were getting ready to get a good hold on that Good Roads money word comes from Annapolis that the treasury faces a deficit and that no one wants any of the 3½ per cent State stock certificates. It looks very much as if "there ain't going to be no funds."

When the State cannot borrow the sum of $1,000,000 at 3½ per cent what becomes of our proposed $500,000 bond issue ? By the way, does any sane man believe that $500,000 will pike every road in the county ? If we can't pike them all we had better not pike any, because it is not fair to tax everybody for the benefit of a few.

Sometime ago our full-of-ideas Democratic Governor said the treasury was facing a deficit, and now he rushes into print to state that his statement had nothing to do with the absence of bids for the 3½ per cent state stock certificates. Well he made the statement and there were no bids on Monday last. There is something the matter anyway.

We have been informed that gambling among some of our young men and boys is getting to be notorious and brazen ; and that some store keepers sell on Sunday just the same as during the week. In fact do more business on Sunday than any other day and only know when Sunday comes by the amount of their cash receipts. Some one must have chloroformed our police officers.

That good roads meeting at the office of The Democratic Advocate did not pan out as well as some of our friends expected. One of the gentlemen who was expected to be there, but was not, informed us that he was convinced that our people were paying about all the taxes they cared to ; and that he thought the Good Roads Commission had better build the roads selected by it, because the Commission, or rather the state, would keep them in repair and thereby save the county the expense. So say we all of us.

ASSIGNEE'S SALE OF A FINE Coach and Carriage Factory and TWO BUILDING LOTS.

By virtue of a deed of trust from Samuel E. Keilar and John H Staub dated October 5th, 1909, and duly recorded among the land records of Carroll County, of which trust the Circuit Court for Carroll County, in Equity, has assumed jurisdiction, the undersigned trustees will offer at Public Sale, on the premises, in the town of Hampstead, Carroll County, Maryland, all the following Real Estate consisting of Three Adjacnt Lots of Land, on

SATURDAY, 19th of February,

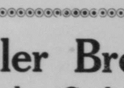
All that lot of land situated at the North End of Hampstead on the Main street of said town, upon which is erected a three-story Frame Weatherboard d Coach Factory, size of main building being 30x70 feet. The first floor is used as a repository 30x70, less office 10x10 and a harness room 10x10. The second floor, is the paint room 25x30, finishing gear room, 30x30, finishing body room, 15x30.



The third floor, trimming room front, 15x30, middle storage room 2 x30, back storage room 30x30.

WESTMINSTER'S BEST STORE.

After Stock-Taking
House Cleaning Sale

Stock-taking which corresponds with house cleaning, has just ended. The rummaging incident thereto has brought to light desirable and seasonable merchandise in almost every department. These limited quantities and incomplete lines must be sold before the crowding in of the Spring Stocks, and prices have been unsparingly cut to the lowest level.

Every odd lot, every short length, every broken size in the house must go, and we have made such low prices on them that you cannot help but buy. But you must be quick as the lots are small. Special tables throughout the house are filled with these wonderful bargains.
