NOTICE TO WATER USERS.

All water consumers are hereby notified that a high pressure test will be made on the mains on NEXT TUESDAY, March 11th, from 2 to 4 p. m. Conditions will be much more favorable for getting up the high pressure and maintaining it if all consumers will draw as little water as possible during the period mentioned. Consumers may draw in some receptacles before 2 p. m., such water as it is necessary for them to use during the two hours. All factories or other places having steam boilers that cannot have the water shut off for two hours can continue to use water as usual. The pressure will not be so high that it should cause any damage or leaks in the pipes or plumbing fixtures inside of houses or other buildings, but all consumers are advised to be on the watch for leaks on the inside plumbing and be prepared to turn off the water from their buildings in case a leak develops by closing the valve on the service pipe just inside of the cellar wall or by closing the valve on the service pipe on the sidewalk.
SPECIAL COMMITTEE.
Upon advice of Alfred M. Quick, Consulting Engineer.

The Chestertown Water Company desire to notify the authorities and private users of water that the company will not be responsible for any damage done to private pipes and fixtures.

We are willing for any *fair* test to be made and for this to be done in the fullest and most satisfactory manner and look to the wise direction of Engineer Quick to superintend it aright.

Coming Conference,

The M. E. Conference will meet in Wilmington, March 18th and will be attended by over 400 delegates.

It is only every four years that the lay delegates meet with the ministerial delegates in conference and at those times the lay delegates to the General Conference are elected. There is being a lively contest waged for this honor from the Wilmington Conference, but the opinion of the most prominent of the members appears to be that Lieutenant-Governor I. Thomas Parker and John P. Holland, of Milford, will be the ones chosen. The latter by his activity in the recent Local Option campaign in Delaware became known from one end of the state to the other and now his taking part in the fight in Worcester county, Maryland, will give him undoubtedly a foothold with the delegates from that section.

The matter of equal lay representation in the General Conference with the ministerial delegates, which was agitated by a few persons sometime ago appears to have been forgotten. It was never regarded seriously by the more prominent members of the conference, being in their opinion only a repetition of what has been brought up almost every year for a long time.

The homes of the delegates from Kent have been assigned as follows:

Bramble, James H., Fairlee, Mrs. Harry Stafford, at 513 Jefferson.
Brown, Henry, Pomona, Ephriam Frazier, 1425 Jackson.
Crew, J. Archie, Betterton, W. C. Murgatroyd, 506 W. Eleventh.
Crew, Rober S., Rock Hall, J. A. Sentman, 201 West Second.
Griffith, Charles, Cecilton, 2003 Jefferson.
Hackett, A. J., Still Pond, Mrs. Rambo, 517 Jefferson.
Harris, Rev. W. Y., Piney Neck, private arrangements.
Hyland, W. A., Galena, Siberbrook M. E. Church, 317 Poplar.
Jefferson, Chas. H., Crumpton, 808 West Ninth.
Johnson, John, Golt, Mrs. L. O. Porter, 1307 Cedar.
Mallalieu, Jos., Millington, W. W. Anderson, 507 Concord Ave.
Toulson, M. A., Chestertown, Mt. Salem Church, Rockford Hall.

The fourth quarterly conference of Chesapeake charge, Methodist Protestant Chusch, will meet at the parsonage on Monday afternoon, March 9th, at 2.30 o'clock. The pastor is very anxious to meet all the officials of the charge at this conference.

A special correspondent from Rock Hall writes the NEWS viz: "The Third Quarterly Conference of Rock Hall M. E. Church unanimously asked the return of Rev. Warren Burr for the next conference year, therefore it was not necessary for the Fourth Quarterly Conference to repeat the invitation. As many misunderstood the local in last week's NEWS concerning the action of the Fourth Quarterly Conference the writer kindly requests you to publish this explanation so that all may understand."

To-morrow being the first Sunday in Lent, the Bishop of Easton will administer the Sacrement of Confirmation at 10.30 A. M. at St. Paul's Church and immediately before the celebration of the Holy Eucherist. The Bishop will also be at Christ Church, I. U. at 3 P. M. and will administer Confirmation after Evensong.

Miss Etta Gibson will conduct special Evangelistic services in the Free Gospel Mission Hall at Pondtown March 10th to 18th

The Chestertown M. E. Sabbath School held its missionary anniversary last Sunday evening. Henry C. Conrad, Esq., a prominent lawyer and postmaster of Wilmington, delivered an interesting and comprehensive address taking as his subject "Go Ye into All the World and preach My Gospel to every Creature.' The class Contributions were unusually liberal and amounted to $143.52 for the evening and $276.62 for the year. The banner class for the evening and year was Mrs. H. H. Klinefelter's with a contribution of $50.05 for the night and $78.45 for the year. Other liberal class contributions were Mrs. C. V. Perkins $31.00 for the night and $51.62 for the year; Mrs. A. P. Matthews $22.60 for the night and 25.29 for the year; Miss Hallie Toulson $14.05 for the night and $25.48 for the year.

Bishop Adams will preach at Emmanuel P. E. Church Sunday evening next at 7.30.

Father Heavey announces that beginning with Sunday the services in Rock Hall church on the second Sunday in month will be changed from 8 a. m. to 9.30 a. m.

Wednesday Rush.—On last Wednesday the trade was so large at Wm. Medders & Co. that lots of people could not get waited upon. It looked like Christmas there. He has another sale on for next Wednesday and we can vouch for an increase of clerks.

WATER NOTES.

Engineer Quick was in town Monday and made another thorough investigation of the Chestertown Water Co's plant under the direction of the special committee. The Company did all in their power to facilitate the work of the committee but again impressed upon them that they were not seeking a sale. Engineer Quick, we learn, has sent his report to the committee in which he puts the value of the raw materials, exclusive of franchise, good will and water supply at $20,100. By notice elsewhere another test is announced for Tuesday.

An important notice is published relative to the testing of water mains next Tuesday. The citizens should bear it in mind.

A test of fire hose pressure and force was witnessed last Thursday by a number of the town officials. With the reservoir valve closed and fifty pounds pressure at the pump house the hose easily threw a stream above the Voshell House roof and over the top of Mr. Harry Cannon's dwelling in the highest section up town. The hose nozzle used was five-eighth and 1½ inch. The test was very gratifying to all concerned.

THE Volunteer Fire Company have obtained temporary quarters in the room adjoining the office of T. W. Eliason, Esq., through the latter's generosity, and will meet at the above room next Monday night.

A Big Suit.—John D. Urie and H. H. Barroll, Esqs., are the opposing counsel in a case involving large amounts. Mr. Barroll as attorney for Daniel O'Reardon, of Boston, Mass., against Charles O. Burns, Charles O. Burns trading as C. O. Burns Co., and C. O. Burns Company, a corporation, obtained an attachment out of the Kent County Court last week for $41,893. This amount is claimed by Mr. O'Reardon from the defendants under contracts he had with them. Sheriff Hadaway levied on all the real and personal property of the defendants consisting of "Old Field Point" or the Rasin farm near Galena. Mr. Burns it is alleged owns or controls the C. O. Burns Co., a wealthy corporation in New York, which sells miniature savings banks, solicits savings deposits for national and other banks.

The defendant, Mr. Burns, in an interview with the NEWS man states that the plaintiff, O'Reardon, was formerly in his employ and was discharged in December for incompetency. At this time Mr. Burns is foreclosing a mortgage on his wife's property near Annapolis, which was a mortgage for the *entire purchase* price of the property. Afterwards Mr. Burns advanced money to improve the property and build a home; and they are now endeavoring to repudiate these amounts advanced, stating that the mortgage only covered the purchase price. Mr. B. is foreclosing the mortgage and suing for the difference. O'Reardon's attorney, in Baltimore, has attempted to compromise the mortgage business at Annapolis but it was refused unless the suit above mentioned was dismissed.

Mr. Burns thinks it a spite case as he has not had a personal transaction with O'Reardon in ten years. The New York business he says, has nothing to do with the affairs of C. O. Burns. The C. O. Burns Co. have O'Reardon's notes for nearly $5,000 and he is charged with over $11,000.

A paper was sent to the C. O. Burns Co.'s bankers in New York, which Mr. Burns says was done endeavoring to damage their credit.

Wills Probated.—The will of the late Richard T. Turner, Jr., of Betterton, was filed in the Orphan's Court of Kent county on Tuesday last. It wills all his property to the, widow Martha E. Turner during her life and at her death to the children, Howard, Henry C., Jas. R., Wm. W., R. S., and J. Archer. Messrs. Howard, Henry C. and Jas. R. Turner are named as executors. The will was dated Feb. 7, 1906 and is witnessed by Miss M. Kate Crew and Mr. Arthur H. Brice.

The will of the late F. Burton Warren was filed for probate and letters upon the estate were granted to A. M. Kendall, Esq., of Fairlee.

Electrical Notes. — The Chestertown Electric Light plant is installing new engine, new dynamos and fixtures to their plant here. Extra lights are to be erected near Chester cemetery and at other places in town.

The Centreville town commissioners have contracted with the Centreville Light, Heat & Power Company to pump water at the water works for $1800 per year.

A large motor has also been placed in the Centreville Flour Mills, Carter & Co., proprietors. Current was turned on at that place Thursday afternoon.

RESOLUTIONS OF RESPECT.

CHESTERTOWN, MD., March 4, 1908.

At a meeting of the Directors of The Kent County Savings Bank held Wednesday, March 4, 1908, the following preamble and resolutions were unanimously adopted:

WHEREAS, death has removed one of our most efficient members we deem it fitting that the records of our proceedings, which testify to his faithful and important service rendered during the period of his connection with the Bank as a Director, should also show the high appreciation entertained of him by his fellow-directors, their regret at the loss the bank sustains in his death and their own personal grief:

Resolved, That this board has learned with profound sorrow of the death of Richard T. Turner, Jr., for many years an influential director of The Kent County Savings Bank of Chestertown, Md., distinguished as well for his admirable qualities of mind and heart as for his unswerving devotion to the interest of the bank.

Resolved, That in the death of Richard T. Turner, Jr., this community loses a citizen eminent for probity, fair dealing and conscientious discharge of duty, the church a faithful and consistent member and his family an affectionate and devoted husband and father.

Resolved, That in evidence of our sincere sympathy with his family in their bereavement a copy of these resolutions be sent to them. Also that the same be spread upon the minutes of this Board and published.
