FOR CATTLE ONLY
FAIRFIELD'S
Milk Producer and Blood Tonic

The digestive organs of our domestic animals differ as greatly as their use and purposes; for this reason no Conditioner can be so compounded as to have much value if fed to more than one kind of animal. Any preparation professing to be equally well suited to two or more kinds of animals must, for its own safety, omit from its formula some ingredients that would greatly benefit one kind of animal but injure another. This renders the "Cure all" Conditioner of little or no value to any kind of animal. The FAIRFIELD way of compounding A SEPARATE PREPARATION FOR EACH KIND OF ANIMAL is the ONLY way to INSURE positive results

MR. CHARLES S. SMITH writes: "It gives me pleasure to inform you that I am now using your Egg Producer and am thoroughly satisfied with the results. I find that it is a good investment and heartily recommend it."

MR. WILBUR ELIASON tells us that his hogs would always become infected with cholera whenever it would appear in the neighborhood. Last fall cholera was on all sides of his farm and he did not have one hog taken sick while in former years he would lose all. He attributes this great fortune to the regular feeding of FAIRFIELD'S BLOOD TONIC FOR HOGS ONLY.

MR. C. C. BROWN, of Pomona, says that he tried for fourteen years to raise ducks, but they always died at the "feathering age." For the past two years he has used FAIRFIELD'S TONIC FOR POULTRY ONLY and raised every duck after he had started feeding this wonderful preparation.

MR. D. B. McMENAMIN, who has tested the merits of FAIRFIELD'S BLOOD TONIC FOR HORSES ONLY says beyond a doubt it is the best preparation of the kind he has ever used. There are scores of others in this county that endorse these meritorious preparations. They are compounded scientifically to meet the peculiar requirements of each animal. You do not run the slightest risk in purchasing these Tonics for if they do not do all that is claimed for them we cheerfully refund your money.
