"DR. STONEBRAKER'S"

Rat Exterminator,

THE SUREST

Exterminator of Rats

EVER OFFERED TO THE PUBLIC.

READ the following Certificates from our own citizens as to its merit as a Rat destroyer:

Baltimore, May 14, 1867.

Messrs. Clotworthy & Co.—*Gent:* My warehouse on Howard street, was completely overrun by Rats. I used a bottle of "Dr. Stonebraker's" Rat Exterminator; and truly it is an Exterminator. It cleared the warehouse of Rats, and have had no return of them, and it has been four months since I used it.

WM. T. LANDSTREET,
Corner Howard and German Streets.

Baltimore, May 13, 1867.

Messrs. Clotworthy & Co.—*Gent:* We were very much troubled with Rats in our Store.—"Dr. Stonebraker's" Rat Exterminator being highly recommended to us, we used one bottle of it, and it proved itself worthy the high recommendation it had received as a Rat Destroyer. We have not been troubled with Rats since the first night we used it.

HOPKINS, HARDEN & KEMP,
Baltimore Street.

Baltimore, May 15, 1867.

Messrs. Clotworthy & Co.—*Gent:* The bottle of "Dr. Stonebraker's" Rat Exterminator, purchased of you, has proved to be death to Rats. I used it only one night, according to directions, and the next morning I counted nine dead Rats in the yard. They come out of their holes to die.

POULTERER'S FRIEND,

A CERTAIN CURE FOR

Gapes in Chickens and Turkeys.

Will prevent disease in all kinds of Fowl, and promote an increase of fat. Read this:

Jefferson, Frederick Co., Md., July 22, '67.

Messrs. Clotworthy & Co., Baltimore.—*Gent:* The wonderful cures which have been made by your Poulterer's Friend, cannot fail to interest all who raise poultry. A gentleman of this village has been experimenting on chickens with the gapes. He tried your Poulterer's Friend, according to the directions, and it had the desired effect in removing the worm, effectually relieving the chicken at once. Since then I have had many calls for it, and it has been used extensively with the same result. It is of incalculable value to all who raise Poultry. Respectfully, A. SPENCER.

ELECTION NOTICE.

WHEREAS, in pursuance of a Proclamation issued by his Excellency, Thomas Swann, Governor of the State of Maryland, dated the twenty-seventh day of September, 1867, declaring the New Consitution adopted, viz:

STATE OF MARYLAND,
EXECUTIVE DEPARTMENT.

Whereas by an Act of the General Assembly of Maryland, passed at January Session, 1867, entitled "An Act to provide for taking the sense of the people of this State on the call of a Convention to frame a new Constitution and form of Government, and for assembling the members thereof," it is provided "that the Constitution and form of Government adopted by said Convention shall be submitted to the legal and qualified voters of the State, for their adoption or rejection, at such time, in such manner, and subject to such regulations as the said Convention may prescribe."

And whereas it is further provided by said act "that the Governor shall receive the returns of the number of votes cast in this State for the adoption or rejection of the Constitution submitted by the Convention to the people of this State, as aforesaid, and upon counting and casting up the returns made to him, as hereinbefore prescribed, if it shall appear that a majority of the votes cast at the said election have been cast in favor of the adoption of the said Constitution, he shall issue his proclamation to the people of the State declaring the fact, and shall take such measures as shall be required by said Constitution to carry the same into effect, and to supersede the existing Constitution."

And whereas in pursuance of the said Act, and of a vote of a majority of the people of the State taken in conformity to its provisions, and in favor of the assembling of said Convention, that body did convene at the city of Annapolis on the day appointed by said act, and did on the seventeenth day of August last adopt a new Constitution and form of Government, and did therein direct that the same should be submitted to the people of the State for their adoption or rejection, at an election to be held in the city of Baltimore and the various counties for that purpose, on the eighteenth day of September instant.

And whereas by said Constitution it is further provided that "the Governor, upon receiving the returns and ascertaining the aggregate vote throughout the State, shall, by his proclamation, make known the same, and if a majority of the votes cast shall be for the adoption of this Constitution, it shall go into effect on Saturday, the fifth day of October, 1867."

And whereas the returns of said election so held on the 18th day of September instant have been duly certified to me by the Judges of Election, and upon counting and casting up the same it doth appear that there were forty-seven thousand one hundred and fifty-two (47,152) ballots for the Constitution, and twenty-three thousand and thirty-six (23,036) ballots against the Constitution, and that there were twenty-seven blank ballots; and there being therefore of the aggregate vote so cast a majority in favor of the adoption of the said Constitution—

Now, therefore, I, THOMAS SWANN, Governor of the State of Maryland, in pursuance of the authority so verted in me by the said act of Assembly and the Constitution aforesaid, do, by this my proclamation, declare and make known that the said Constitution and form of Government so framed and adopted by the Convention aforesaid has been adopted by a majority of the voters of this State, and that in pursuance of the provision therein contained, the same will go into effect as the proper Constitution and form of Government of the State, superseding the one now existing, on Saturday, the fifth day of October next.

Given under my hand and the Great Seal of the State at the City of Annapolis, this 27th day of September, 1867.

(L.S.)

THO. SWANN.

DAILY'S VENTILATED TRUSS.

RUPTURE CURED.

I BELIEVE there never has been a Truss to compare with my improvement, not only for a perfect and radical cure but also for the comfort and convenience of the wearer; of the thousands on whom I have applied this Truss in Baltimore and vicinity, nearly all have been relieved. Where the rupture is not complicated with other disease any one wearing the Truss may be cured, some in the short space of three months, especially young persons, although many over fifty years of age have also been cured. THE CLEANLINESS OF THE PAD, not absorbing the sweat, but being ventilated, permitting the air to circulate around the injured part, makes it essential to the comfort of the wearer. It will be the only Truss worn in the world. Physicians and persons who have worn it say there is no room for further improvement. Call and see it.

The advantages they possess for Embroidering, Braiding, Hemming, &c., and their wonderful simplicity renders them the best in use. The very extended use of this guano throughout the country renders it unnecessary for us to say more this season, than that its *composition* and *quality* are precisely the same as that heretofore sold by us for the Company.

We have sold this Guano from the beginning under a regular system of rigid inspection, at an expense to the Company of many hundred dollars annually. This is done for the *protection* alike of the *consumer* and the *Company*, as it is manifest to all who understand the trade in fertilizers, that it can not be safely conducted on any other principle. The importance and extent of the trade demands this protection. We are prepared to exhibit Dr. A. Snowden Piggot's *certificate of inspection* for every cargo sold. Consumers must observe the name of JOHN S. REESE & Co. branded on the bags, none other genuine. jy27-3m.

"FLOUR OF BONE."

We will give a *money* guarantee of the *purity* of this article. It is pure *unsteamed, unburnt bone*, reduced to the *fineness* of *flour*, which adds 100 per cent. to its value. It is as *quick* and *active* as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of valuable elements. We recommend 250 lbs. to be used in place of 300 lbs. Super Phosphate or dissolved bone

SECURE A

LARGE WHEAT CROP

BY USING

Baugh's Raw-Bone Phosphate,

Which contains by analysis of Prof. A. SNOWDEN PIGGOTT, 3.78 per cent. of Ammonia, and 52.57 per cent. of Bone Phosphate of Lime, besides over 14 per cent. of Soluble Salts.

THIS ARTICLE stands prominent on the list of valuable Fertilizers, years of trial having gained for it an enviable reputation, being made from Raw Bones, which contain all their original organic matter. It retains the *durable properties of Bone, and while it produces large Crops, it renovates and permanently improves the Soil.*

A TRIAL OF IT is all that is needed to convince any one of its merits.

☞*The public are cautioned* against several spurious imitations of this article called "Raw Bone," "Raw Bone Phosphates," &c. Many farmers have been greatly deceived by purchasing them. Be sure to specify "BAUGH'S."

It is packed in bags and barrels, and is prepared in a fine powder suitable for drilling.

CHEMICAL LABORATORY,

PHILADELPHIA, April 10th, 1866.

During the last five years I have been in frequent consultation with Mr. George M. Woodward, manufacturer of Messrs. BERGER & BUTZ'S artificial manures, in regard to the preparation of their Super Phosphate of Lime, etc. The materials used in these Fertilizers, are in all cases subjected to my examination and analysis before purchase. Being fully acquainted with their formula and methods of manufacture, I can assure those interested in the purchase and sale of Fertilizers, that their "EXCELSIOR" and "AMMONIATED" Super Phosphate of Lime are of such a character as must render them of great value to the farmer, and place them amongst the BEST FERTILIZERS now in the market.
