THREE THOUSAND TROOPS TO CAMP

More than 3,000 soldiers arrived at Camp McClellan, Alabama from Virginia and New Jersey and it was announced at Division Headquarters that the First Maryland Regiment had been ordered to start South Saturday.

General Gaither expects the Fourth and Fifth Regiments to be in camp sometime next week. It is virtually certain that the end of next week will see all the units assigned to that camp actually on the ground and ready for preliminary training.

Major John Philip Hill was the principal speaker at the opening of Alabama Presbyterian College yesterday morning. He told the students to watch Camp McClellan to learn a practical lesson in patriotism. Among the ministers who made short talks to the students was the Rev. Carleton Barnwell, rector of Grace Protestant Episcopal Church, Annisiton, a former rector of Ascension Protestant Episcopal Church, this city.

Sunday evening about 7.30 o'clock, lightning struck the barn on the farm of Mr. Lewis H. Wisner, near Lawndale school house, and burned it to the ground. A wagon shed attached together with about 600 bushels of wheat, rye, hay and farming implements were destroyed. One horse was killed by the lightning. Mr. Wisner's loss is about $3000, partly covered by insurance.

AN OLD ESTABLISHED FIRM WHO SOLICIT TRADE FROM CARROLL IN THEIR TIME OF BUSINESS

It affords us great pleasure to introduce to the people of Carroll county one of the most reputable Hardware and Paint firms of Baltimore county; Messrs. A. & H. Appeltofft. Situate 1012 West Baltimore St. This Establishment was founded in 1893 by the late Mr. A. F. Appeltofft who was noted for Skin in mixing paints and colors and for his absolute honesty in all his dealings with his fellow man and when goods were purchased at his store, his word guaranteing quality, imparted confidence to the purchaser which has now been questsioned. Such is the opinion poorly expressed by contracting Capenters and Builders as well painters, and all his patrons.

On the demise of the founder of this house his son Mr. Howard Appeltofft took full charge of the Establiishment who; from early boyhood, after school hours until he had attained manhood learned not only the skill of his honored Sire in prepairing paints and colors and all the detail and due comtery to patrons, but as will, sterling honesty in all business transactions, so much so, he has been dubbed by his friends as a chip of the old block.

The writer has had dealings with this house during the past 20 years, with father and son in the purchase of Hardware, Paints, Oils, Glass and such other material used in new and repair work of property and I can from personal experience commend the firm to the people of Carroll who may need any goods of their line of material in building operations of all kinds as they carry in stock Hardware material and tools of every discription, be it for carpentry, engineering, electrical, plumbing and pipe fitting, painting and glazing and concrete work, in fact everything in hardware produced by the very best manufacturers of the world. Their stock of paints and oils are immense. They buy in large quantities as they believe in the old maxim, small profits invite quick sales and a well pleased customer who will call again.

They invite the people of Carroll who need any thing in their line to call in person, phone or write for prices before purchasing elsewhere. See their add in an ther calumn of this paper.

Witnessed by a crowd estimated to be 15,000 people, the York County Firemen held their annual demonstration Monday in with the Hanstration Monday in Hanover, Pa., with the Hanover Fire Companies as hosts. Favored by fair yeather the day's events from the beginning of the program at 10.00 A. M. until its close late in the evening were carried out successfully, showing the great care with which the local companies planned the day's entertainment for their guests.

Starting promptly at 2.00 o'clock from its point of formation on Baltimore street, the afternoon parade proved to be one of the finest of the many firemen events ever held in the borough. It was estimated that 1000 men in uniform were in line, representing 15 fire companies, 14 bands and two drum corps. The parade moved over its route promptly and was witnessed by hundreds of people from the sidewalks. At the termination of the line of march the fourteen bands were massed in Center Square where under the leadership of Alfred Gingerich, of the York City Band, played "America," "The Star Spangled Banner' and Onward Christian Soldiers" after which they dispersed. Among the bands in the parade was the Boy Scout Band, of this city.

PLANNING HOW TO REDUCE MEAT COST

Cheaper bank credit as a means of stimulating live stock production was proposed to the National Live Stock Conference yesterday by E. C. Lassater, a Texas raiser who is serving as a volunteer aide to Herbert Hoover, the food administrator.

Stock raisers, Mr. Lassater said, are paying 8 per cent for money, while commercial enterprises obtain it at 4. Interest charges on capital, Mr. Lassater said, amount to 40 per cent. of the entire cost of producing live stock. If this were cut in half the raiser, he contended, could produce meat at 20 per cent. less cost. And producers could pass this saving on to the consumer.

Control of meat and dairy products prices to the consumer were discussed at an afternoon session with officials of the Food Administration. Earlier in the day President Wilson received the delegates at the White House.

Today is Soldiers' field day in Hagerstown—the last before the boys entrain for Camp McClellan, Anniston, Ala.

Enlisted men in the National Army are to be given special opportunities to become officers. Secretary Baker said yesterday that the establishment of a third series of officers' training camps was under consideration, and that men selected under the draft would be extended such opportunities to enter that a majority of those enrolled probably would be from the ranks. This policy will be adhered to in all training camps opened during the war. How many more camps will be opened is not known, but it is a part of the general plan to continue the making of officers by special training as long as it is necessary to continue the increasing of the army.

A War Department order received by Gen. Clark at Nevada, Mo., Wednesday, places officers' horses in the discard.
