RECEPTION TO REV. J. H. GONSO

The Maryland and Virginia Eldership of the Churches of God were in Session for nearly a week at Zittlestown Washington county, Md., from October 16 to 21st. It was one of the most pleasant gatherings of the General Body held in years. Quite a number of changes were made this year in the Stationing of the ministers. Rev. John H. Gonso, pastor of the Church of God of Westminster, has been returned for another year to serve the two missions, namely, Westminster and Pleasant Hill.

On Monday evening, October 30th, the Westminster congregation came in a body to the parsonage and gave their pastor and his family a surprise reception, Mr. Gonso was taken completely by surprise. On Sunday, an announcement was made from the pulpit that an official business meeting would be held at the parsonage. Its object, to plan the work of the coming year. The Church took advantage of this opportunity. The door bell rang while Mr. Gonso was in his study preparing for the work of the evening. Upon going to the door he expected to greet the officials of the church, but to his great surprise, in front of the parsonage stood one of the large auto busses owned by Mr. Harry Harbaugh and as the door opened, into the house entered nearly the entire congregation, laughing and cheering. Mr. Gonso asked what it all meant, he was answered, we have come to welcome you among us for another year. Mr. Rey Well of the Church delivered the address of welcome. The things that were said were much appreciated by Mr. Gonso and his family, after which the ladies of the church took full charge of the dining room and kitchen, and in a short while a bountiful meal was prepared of the many good things that the congregation brought with them, consisting of all kinds. When the meal was of all kinds, when the meal was ready, a committee of one called first for Mr. Gonso and family, and then with them the members of the Church and all sat down and enjoyed together the bountiful meal which kind hands had prepared. After the supper was over, all enjoyed a friendly conversation with each other, until called again to enter the dining room to enjoy a cake and ice cream reception. The entire evening was spent in a most enjoyable manner, and will be long remembered by Mr. Gonso and his family.

Those present were: Rev. Gonso and family, Mr. J. L. Baust and wife, Mr. Roy Weller and wife, Mr. Harry Little and wife. Mr. Dave Sionaker and wife, Mr. Scott Sionaker and wife, Mr. John Myers and wife, Mr. Frank Wampler and wife, Mr. Wm. King and wife, Mrs. Hary Harbaugh, Mrs. Frank Tawney, Mrs. Jacob Weller, Mr. Wm. Breitweiser and family, Mr. Loyd Smeak, wife and brother, Mrs. Emily Manning, Mrs. Ida Long, Mrs. Simonson, Miss Cora Wampler, Mrs. Frank Boylan, Mrs. Jane Shafer, Mrs. Davis Byers, Mr. Samuel Shriner, Mr. James McQuay, Ralph Weller, Geo. Anna Weller, Margrette Weller, Hellen Shriner, Nelda Weller, Bertha Harman, Elsworth Copenhaver, Eleanor Long, Margrete Myers.

LIBERTY LOAN CAMPAIGN AT THE HIGH SCHOOL

During the Liberty Loan Campaign last week a meeting of the students of the High School was held for the purpose of interesting the pupils and their parents in this patriotic movement. It was suggested by one of the teachers that it would be a fine thing to ask each pupil to make a small contribution toward buying a Bond which should be the property of the High School, and the income from which should annually be turned into the School Improvement Fund. Acting upon this suggestion, the principal asked each teacher in charge of a room to receive contributions for this purpose in sums not exceeding 25 cents per pupil. Within twenty-four hours after the meeting the sum of $57.60 had been raised, and a $50.00 Bond was immediately purchased for the school through the Union National Bank.

For some time the school has been desirous of securing a flag pole to be planted on the lawn in front of the school. At the regular weekly assembly held on Friday morning, October 26, it was decided to devote the balance remaining from the Bond Fund to this purpose. A pole has already been secured and will be raised shortly. The school has a new flag and after the pole has been placed into position, the flag will be raised every morning, and lowered each evening in accordance with the custom prevailing at all army posts.

A number of Liberty Bonds were purchased individually by High School pupils, parents, and teachers, and it is believed that the advertisement given the movement by the school was responsible for some of these purchases.

"Informal football" as played at the colleges this fall, must mean that you can slug the other fellow if the referee isn't looking.

COLORED DRAFTEES LEAVE FOR CAMP MEADE

The first selected men of the colored race, from Carroll County, who were drawn in the draft, left on Monday morning for Camp Meade. Led by the Union Street Band, they marched to the Court house at a quarter of eight o'clock, in the morning where they were met by the examining board, and given their numbers. They then lined up in front of the portico on Willis street where the farewell exercises were held. No difference was made between them and the white men who had been called to the service a few weeks ago. Quite a number of their own race had assembled to see them off, and they stood in respectful silence, and listened attentively to all that was said. The portico was draped with a large flag, and the band played very creditably at the opening of the services. On the portico, besides the speakers were the County Commissioners and the examining board. Miss Mary B. Shellman represented the ladies of the Red Cross Chapter. Mr. H. P. Gorsuch made a few appropriate and patriotic remarks, and introduced Rev. Edgar Read, pastor of the M. P. Church, who made the prayer after which, the speaker, Rev. L. Miller, pastor of Union Street M. E. Church, colored, made an address which was full of beautiful thoughts, patriotic and sound Americanism. He urged the boys to be strong, mentally, morally and spiritually as well as physically, and to be true to their homes, their country and their God. His address was one of the best ever delivered here, and it is to be regretted that more of our citizens failed to hear it. Rev. W. L. Seabrook also made an address in which he reminded them of the splendid work done on the field of battle and in other services to their country by soldiers and men of their race, and urged them to be true to the flag and be good soldiers. Rev Mr. Read presented each one with a little booklet, entitled "Sayings and Songs for Soliders and Sailors," after which led by the band and comrade Key proudly carrying the flag for which he had fought in 1861, and Comrade Modock, also a battle scarred veterah, they marched to the depot, receiving many cheers as they passed along the street. The Boy Scout Band with their leader, Prof. Peltz, met them on Court street, and escorted them to the depot, where a large crowd including many prominent citizens met them. While waiting for the train an enjoyable concert was given by the bands. Two carloads of men from Hagerstown and other points were in the train which carried them to Baltimore on their way to Camp Meade. The Carroll County boys were a fine sturdy looking set, and they carry with them the prayers and good wishes of the people of Carroll county which they now represent in the service of their country in its fight for humanity.

WHAT SHALL THE VERDICT BE

The Republican party of Carroll county presents to the voters this year the best that it has. The mere mention of the names of its candidates to those who know them is symbolic of character, efficiency and standing. That they are all men eminently qualified for the offices which they seek admits of no question. That their election is a guarantee of a safe progressive and economical administration of their respective offices, no unbiased person will dispute. That the interests of the tax-payers demand their election has been contended for and proven in these columns.

The issues are joined; the evidence is all in; the arguments are closed; the case is now in the hands of the jury, that is the people; their verdict will be rendered at the ballot box on Tuesday next.

PARCEL POST PLAN OUTLINED

Fourth Assistant Postmaster - General James I. Blakslee announced yesterday at Washington that the new parcel post experiments out of Baltimore involve the establishment of four auto-truck lines to carry food supplies from nearby farms to kitchen doors.

These experiments, he added, will be the most far-reaching tests the Postoffice Department has ever made to determine whether or not the parcel post can be developed into an efficient aid economical food-transportation system operated directly between the rural producer and the city consumer. If they prove successful, similar auto-truck mail lines will be established between all large American cities and their food reducing urban territory.

The four auto-lines out of Baltimore are planned as follows:

No1. Between Baltimore and Washington via Ridgeville, Gaithersburg and Rockville.

No. 2. Between Baltimore and Westminster, with branch lines to Gettysburg, Hanover and York, Pa., thus tapping a rich food-producing territory.

No. 3. From Baltimore through Towson to food-producing points in Baltimore county.

No. 4. From Baltimore to Southern Maryland through Annapolis and taking in the Patuxent Peninsula.

PARENT—TEACHERS' ASSOCIATION MEETING.

The meeting of the Parent-Teachers' Association held at the High School building on Thursday evening was largely attended, about one hundred and fifty parents being present.

The meeting was called to order about 7.30 P. M. by the president, Mrs. J. Pearre Wantz. In her opening address Mrs. Wantz spoke of the aims and purposes of the association, and pointed out the value of such an organization in bringing about a better understanding between the parents and those having charge of the management of the schools.

Master Haslup Hagerman, a pupil of the seventh grade, of the Westminster School, sang a solo to the great delight of the audience.

Dr. H. M. Fitzhugh then delivered an address upon the subject of health conservation in the public schools. This address was followed by a discussion of the question whether it would be advisable at this time to adapt the plan of medical examination in the public schools. Mrs. J. Edgar Myers stated what had been done along this line in the New Windsor School. This question will be taken up at a future meeting of the Association, and it is hoped that all who are interested in this important matter will be present and state their views upon the question.

Prof. M. S. H. Unger then addressed the Association upon the needs of the public schools of Westminster, and of the schools of the county in general. He presented statistics showing the rapid gradual increase in school attendance within the past five or six years, and called attention to the fact that the greatest increase occurred in the larger town schools. This condition, Mr. Unger believerd to be due to the desire on part of people in the country for better school facilities than are possible under present conditions. He also said that the funds available from both county and state are not sufficient to meet the necessary increase in school facilities, and that if the schools are to increase in efficiency, some means of increasing the school revenue must be found.

Rev. Edgar T. Read spoke upon the purpose of the "four-minute men" and of the work of the Bureau of Information in giving out news concerning war movements.

Mr. J. Pearre Wantz, president of the Board of Education for Carroll County, then addressed the meeting on the Liberty-Loan question, and told of the enthusiasm shown at a meeting which he attended that day in Baltimore. He urged upon all to buy bonds to the full extent of their ability.

The meeting adjourned to meet on Thursday, November 22nd. Before leaving all were served with refreshments prepared by the girls of the second year class under the direction of their teacher in Domestic Science, Miss Margaret Bream.

ANNE ARUNDEL FARMER TO BE TRIED IN WESTMINSTER

The case of Frank Kowalewski, indicted for the murder of Abraham Edelstein, a Baltimore county cattle dealer, was removed Wednesday to the Carroll County Circuit Court, upon petition of Ridgely P. Melvin, Annapolis, and William H. Lawrence, Baltimore, counsel for the defense. It is expected the case will be brought to trial at an early date.

The crime for which Kowalewski will be called to answer was committed on the night of September 8 following a dispute over the price of some mules which the accused man contracted to purchase from Edelstein. The latter was beaten to death on the farm of Kowalewski, or Smith, near Clarke's Station in the Fourth district. Two weeks afterward Kowalewski was arrested by Baltimore city detectives near Cly, Pa., where he had been employed. It is alleged that he confessed to the detectives that he killed the cattle dealer, claiming that he did it in self-defense.

Reports that persons with "influence" are seeking to secure choice posts and promotions for friends and relatives in the National Army has prompted Secretary Baker to instruct division commanders to direct attention of officers and men to regulations prohibiting exercise of any influence except through proper military channels to obtain promotion or other preferment. Secretary Baker said that so many communications urging individual promotions had come to his office that it will be necessary in the future to take disciplinary measures where regulations are violated.

The purser of a big Italian liner that arrived at an Atlantic port was not lachrymose, although in the cavernous holds under him were 8,000,000 Spanish onions, each onion averaging one pound in weight. Some of them were heavier than that and some a bit lighter. They were listed on the manifest at 4000 tons. The price of Spanish onions may be Hooverized soon, in which event their eaters will shed tears of joy.

William Fitzpatrick, Jr., 17 years old, a machinist's helper at the Western Maryland Railway shops in Hagerstown, was fatally burned Wednesday when his grease-soaked clothing caught fire from a torch, as he was taking the throttle dome off a locomotive. Fellow workmen attempted to smother the flames by wrapping their overalls about him. He was carried to a water tank and the water turned on. Most of his garments were burned from his body.
