NEW RULE REGARDING PENSIONS

Pensions Will Be Sent Direct Hereafter Without The Usual Affidavit.

In accordance with a recent ruling of the Pension Office, the pensioners in this town and vicinity have received notice to the effect that they will no longer be compelled to go to a notary public to get their vouchers filled out before they can draw their quarterly pay from the government. The checks due each pensioner will be sent out every quarter from the Pension Office direct to the pensioner without the filling out of the usual voucher, the only thing required of the pensioner being, when he received his check, he must exhibit his pension certificates to two persons who must attach their names to the check as witnesses, and at the same time certifying to the exhibition of the pension certificate at the time of attesting the signature of the pensioner. This ruling will affect the notary publics throughout the country, but will be a great convenience to those drawing pensions and also be a great saving of labor in the Pension Office.

The People's Bank of Chestertown has been engaged in business just two years, having opened its doors September 1, 1910.

The record of these two years, as shown by the following tabulated summary of resources, indicated in the sworn statements made to the State Banking Commissioner and published at intervals of about three months, is an exhibition of substantial growth and development extremely gratifying to the officials and directors and must be likewise to all stockholders and friends of the bank.

Our Suits and Coats are made for us by the reliable firm of Strawbridge & Clothier, and a shipment of over one hundred suits is here from which you can make a splendid selection.

Also, we take special measurements for suits and guarantee a fit.

We suggest that you come in early before rush season comes.

We feel a just pride when it comes to the matter of SHOES. The praises of the J. & K. Shoes have been sung ever since the line has been represented in our store.
