State of Maryland,

TREASURY DEPARTMENT,

COMPTROLLER'S OFFICE,

Annapolis, October 6th, 1871.

In compliance with Section 6, Article 69, Code Public General Laws, to wit:

"The Comptroller shall furnish each officer of the State whose accounts are in arrears, at least sixty days prior to a general election, a full statement of his accounts, and in default of his accounting for such deficiencies within thirty days, then it shall be the duty of the Comptroller to have published weekly, *for one month*, in one or more newspapers in the several counties of the State and the city of Baltimore, the names and titles of said officers, with the amount of such deficiencies."

I herewith publish the following list which embraces the names of all accounting officers in default to the State of Maryland, together with the amount of principal and interest due by each.

LEVIN WOOLFORD, Comptroller.

Road Examiners' Notice.

THE undersigned, examiners, appointed by the Honorable County Commissioners for Kent county, to examine and determine whether the public convenience requires the

OPENING OF A PUBLIC ROAD,

in the Fourth Election District of Kent county, through the lands of Thomas W. Hynson, William Morris and Stephen Lecates, commencing at the division line between Dr. J. A. Perkins and Wm. N. E. Wickes, and running on thro' the lands of the above named persons, until it intersects the public road leading from Chestertown to Worton, at or near the public school house on the corner of said Lecates farm, and to continue the said road, if deemed advisable, across the county until it intersects the new road at the corner of the late Wm. T. Baker's farm, on the Belair road,—hereby give notice, that they will meet on

WEDNESDAY, November 14th, 1871,

at 10 o'clock, A. M., at the School House near Mr. Stephen Lecates' gate, to prosecute the duties of their commission.

PUREST & BEST
DR. WALKER'S CALIFORNIA
VINEGAR BITTERS

J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists and Gen. Ag'ts, San Francisco, Cal., and 32 and 34 Commerce St. N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile **Fancy Drink**, Made of **Poor Rum, Whiskey, Proof Spirits and Refuse Liquors,** doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these **Bitters** have been most succesful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequaled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Sold by all Druggists and Dealers.

WARFIELD'S COLD WATER SOAP

No Boiling!
No Hard Rubbing
No Hot Water!
No Washboards!
No Blueing!
No Injury to Garments or Hands!

No. 333 South Eutaw St.
BALTIMORE, MD.

The above firm having secured the exclusive right to manufacture and sell

Warfield's Patent Cold Water Self-Washing Soap,

in and for the State of Maryland and District of Columbia, invite the attention of the public to this very superior SOAP, which washes thoroughly in any kind of water—hard, soft or salt—*without boiling.* They also guarantee that it will not injure even the finest fabrics.

Not only does it save labor, fuel, clothes, &c., but by using it housekeepers get rid of the discomfort of hot water in summer, and of steam in the house during winter, which cause frequent colds, especially to those who go from a steaming hot wash-room to hang out clothes.

Thousands of testimonials to its great excellence are at hand, but no evidence can equal that derived from one's own observation and experience. To *know* the virtues of this Soap you have only to try it. A single bar is sufficient for the ordinary week's washing of a family of eight persons.

By its own action it dissolves the grease and other things that soil, and liberates them from the garment, thus quietly and quickly accomplishing that which is usually done with labor and hard usage of the clothes by means of a washboard or machine. Very little hand-rubbing is required with this Soap, except when the clothes are much soiled, or the dirt firmly imbedded in the fabric.

The clothes require no blueing if dried in the sun, as they are bleached every time they are washed. Clothes washed with this soap will last *fully* twice as long as when washed in the ordinary way with the Soaps hitherto most popular. To consumers, therefore, it is unquestionably the CHEAPEST SOAP ever manufactured. The usual discount to the Trade. aug5-6m.

THE EUREKA FANNING MILL.

THE GREATEST INVENTION OF THE NINETEENTH CENTURY!

Farmers Look to Your Interest!

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public.

It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras—EUREKA!—signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention:

It combines ECONOMY, UTILITY and PRACTICABILITY!

THE "EUREKA" MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented.

IT IS THE ONLY MILL

that will successfully remove from wheat all such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of: for nearly one quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,
Chestertown, Maryland,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of Noland & Co., Port Deposit, Md., which is a guarantee that they will be put up in the best manner. je17-tf.
