The Sweet Corn Growers Hold Their Annual Meeting

The Cost of Production and Price were the Important Questions Discussed at the Meeting.

The Sweet Corn Growers of Carroll County and vicinity held their annual meeting in the Firemen's Hall, Westminster last Friday. There was a good representation of the farmers from all the districts of the county and the neighboring counties. A number of new members was taken up. Some old business was dispensed with before the questions were taken up.

A committee was appointed to confer with the Frederick County Organization to discuss the formation of a Western Maryland Sweet Corn Growers' Association, the purpose of which is to be the boosting of the growing of sweet corn for canning and improved methods. Each county organization is a unit of the association.

The paying of cash upon the delivery of the last load of corn was very warmly discussed from both sides of the question. When the farmer delivers his wheat and other products he is paid cash. Why not for sweet corn? The interest of the money held by the canners for nearly three months will amount to $10,000. It was decided not to press this point at this time but to take it up at a future meeting.

The old officers were reelected. Mr. George Rill of Hampstead was appointed director for Woolery's district, left vacant by the death of Mr. Franklin Fenby.

The question of price for this year's crop was discussed from all angles, and it was unanimously decided it would be impossible to grow sweet corn for less than $25 per ton, at which price the farmer was taking a long chance.

(Signed) Lester Patterson.

BELMONT MOTORS MEETING

The local stockholders of Belmont Motors Corporation, who attended the "get acquainted" meeting held on last Saturday evening in Davis Hall, Westminster, were indeed well repaid for being present. The corporation was represented by Mr. G. C. Gochnauer, its president; Mr. J. H. Brenneman, secretary and treasurer; Mr. O. J. Westedt, plant superintendent; and Mr. Wm. G. Hamilton, one of the gentlemen who is directing the financing of "Belmont." A large collection of photographs was displayed, showing exterior and interior views of the corporation's big plant at Lewistown, Pa., and there was also shown a number of photographs of "Belmont" trucks, which are now in operation.

Mr. Geo. W. Brown, of Westminster, acted as Chairman of the meeting, which was addressed by Mr. Gochnauer and Mr. Hamilton. From these addresses and the other evidences presented, it was quite apparent that those stockholders present were wholly satisfied with the manner in which the affairs of the company have been conducted, with the steady and substantial advancement it has made, and with its prospects of soon becoming a big, money-making enterprise. Coffee and sandwiches, together with the friendly make the evening a most enjo SH "get acquainted" spirit, served to make the evening a most enjoyable one.

Since the meeting, Mr. Brenneman and Mr. Summer, an associate of Mr. Hamilton, have been making their Westminster headquarters at the Westminster Hotel, and doing what they could to call personally upon all of the local stockholders. The same gentlemen expect to be at that hotel from Monday until Wednesday of the coming week, so that any of the local stockholders, or the general public may meet them and have answered any inquiries concerning "Belmont."
