The Kent News.

SATURDAY - - - - - - MAY 25, 1878.

A Humorist's Dinner.

"Twenty minutes for dinner," shouted the brakeman, as we approached Lathrop.

Arrived there, I entered the dining-room and inquired of the waiter:

"What do you have for dinner?"

"Twenty minutes," was the hurried reply.

I told him I would try half-a-dozen minutes raw on the half-shell, just to see how they went. Told him to make a minute of it on his books. He scratched his head, trying to comprehend the order, but gave it up, and waited upon some one else.

I approached a man who stood near the door with a lot of silver in his hand: "What do you have for dinner?"

"Half a dollar," says he.

I told him I would take half a dollar well done. I asked him in addition if he couldn't give me, in addition, a boiled pocket-book stuffed with greenbacks, and some seven-thirties garnished with postage stamps and ten cent scrip. And I would like to wash my dinner down with national bank notes on "draft."

He said they were out of everything but the bank notes, and that as soon as the train left he would order the waiter to "draw" some.

FEEDING YOUNG CHICKENS.—In some localities it is difficult to get chicks through the first two weeks after they are hatched, for the little complaints of this early period are more numerous and critical than at other periods of their lives. Feed is the first consideration, and pure water a great essential to them from first to last. Corn meal is the one article of chicken diet which has been the main dependence for generations, but some experiments with rice last year convinced us that for young chicks it is equal to anything, if not superior to anything else. Broods fed upon rice alone all lived and grew finely on a single handful at a feed for the hen and her brood. An inferior quality, known to the trade as broken rice, is just as good for feed, and it takes so little for a feed that the expense is no greater in the Northern States than corn meal, while in the South it will be the cheapest feed known.—*Indianapolis Sen't.*

AMATEUR JOURNALISM.—The New York *World* has an article on amateur political journalism, the text of which is a lawsuit between a distinguished physician and a prominent lawyer who together owned an evening paper, which failed. The *World* refers to the innumerable unsuccessful attempts of persons with no experience in journalism to establish newspapers, and quoting the old homily about the shoemaker and his last, the article concludes with: "It is a pity the public burdens bill could not be made to include amateur party organs." The Philadelphia *Press* adds to this that there have been cases where lawyers and professional politicians have owned papers that in time became self-supporting, but in every such case the publications have been managed by professional journalists. Distinguished lawyers and professional politicians are no more able to run a newspaper than are trained gymnasts, and the public soon find it out.

HE THOUGHT SHE WAS A FOOT-BALL.—A neat story came out in a recent conversation of a well known member of the Hampden county bar at Westfield, Massachusetts. In his youthful days he was very expert at kicking foot-ball, and one night he dreamed he was again in the fresh vigor of his youth engaged in his favorite sport. Suddenly waking from the dream, he found the bed clothes in the middle of the floor and his wife upon them, weeping as if her heart would break, and crying, "Oh, that I should come to this! Oh, how could you! how could you!" It gradually dawned upon the legal gentleman that he had unconsciously used his wife for a football, but it required some of his most powerful pleading to win his case, and obtain a verdict of acquittal from her.

MAN is the creature of interest and ambition. His nature leads him forth into the struggle and bustle of the world. Love is but the embelishment of his early life, or a song piped in the intervals of the acts. He seeks for fame, for fortune, for space in the world's thought, and dominion over his fellow-men. But a woman's whole life is a history of the affections. The heart is her world; it is there her ambition strives for empire; it is there here avarice seeks for hidden treasures. She sends forth her sympathies on adventure; she embarks her whole soul in the traffic of affections; and if shipwrecked, her case is hopeless—for it is a bankruptcy of the heart.—*Washington Irving.*

A CHEAP receipt for a telephone is given as follows: Take two empty oyster cans and a smooth string. Make a hole in the bottom of each can the size of the string. Then pass the string through the holes, one at each end. The string may be fifty or a hundred feet in length, and must be as tightly stretched as the cord will permit. One holds his ear at one of the cans, and the other his mouth at the other can, and they can converse in even a whisper.

IT has been customary in old communities to suspend pieces of stick sulphur around the necks of children as a protection against contagion in epidemics. A thorough washing with *Glenn's Sulphur Soap* has been found a much better preventative. Sold everywhere. Hale's Hair and Whisker Dye, black or brown, 50 cents. m4-4t.

THE oldest inhabitant is the link between the dead and living. He remains here to check the vanity of the present by his testimony of the past.

VESUVIUS (the world's great safety valve) again threatens an eruption—always uncontrollable by human effort. Eruptions of the physical system, as Boils, Pimples, etc., are nature's safety means to warn the sufferer that his blood needs entire purification—most quickly and effectually accomplished by using Dr. Bull's Blood Mixture.

WHAT is the only pane of which every one makes light? A window pane.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is but one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sales now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you.

Nothing Short of Unmistakable Benefits conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most valuable medicine for the suffering sick anywhere.

FOR SALE BY ALL DEALERS. 2

Oliver Cromwell, one of England's most illustrious sons, died from Intermittent Fever, and this distressing disease was at that time the means by which some of the greatest persons perished.

Since the discovery of *Quinine* and its employment in the treatment of Fever and Ague the fatality has been reduced to a very low point.

Arsenic was also employed with some success, but these remedies are injurious to the constitution of the patient, so much so that scientific men have been for years endeavoring to discover a remedy that did not possess the *injurious* qualities of Quinine or Arsenic. Many remedies have been put forth claiming to possess no injurious materials, but have only proved to be impositions and frauds. This useful and humane discovery has at last been made in the form of BRITTON'S AGUE PILLS. These pills do not contain Quinine or Arsenic in any form, yet are capable of neutralizing the malarial poison in the system, and effect a cure without subjecting the patient to the unpleasant and hurtful effects of Quinine and Arsenic. BRITTON'S PILLS may be taken under any circumstances without the slightest danger to the patient. Where the directions are followed a cure is certain. Price 25c. For sale by all dealers. F. M. GOODING, Prop'r.
‡ *Millington, Md.*

VEGETINE

For DROPSY.

Central Falls, R. I., Oct. 19, 1877.

DR. R. H. STEVENS:—It is a pleasure to give my testimony for your valuable medicine. I was sick for a long time with *Dropsy*, under the doctor's care. He said it was *Water* between the *Heart* and *Liver*. I received no benefit until I commenced taking the Vegetine; in fact I was growing worse. I have tried many remedies; they did not help me. Vegetine is the medicine for *Dropsy*. I began to feel better after taking a few bottles. I have taken thirty bottles in all. I am perfectly well, never felt better. No one can feel more thankful than I do. I am, dear sir, gratefully yours, A. D. WHEELER.

VEGETINE.—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

VEGETINE

For Kidney Complaint & Nervous Debility.

Islesboro, Me., Dec. 28, 1877.

MR. STEVENS:—*Dear Sir,*—I had had a *cough* for eighteen years, when I commenced taking the Vegetine. I was very low; my system was debilitated by disease. I had the *Kidney Complaint* and was very *nervous—cough* bad, *lungs* sore.—When I had taken one bottle I found it was helping me; it has helped my cough, and it strengthens me. I am now able to do my work. Never have found any thing like the Vegetine. I know it is everything it is recommended to be.

MRS. A. J. PENDLETON.

VEGETINE is nourishing and strengthening; purifies the blood; regulates the bowels; quiets the nervous system; acts directly upon the secretions; and arouses the whole system to action.

VEGETINE

For SICK HEADACHE.

Evansville, Ind., Jan. 1, 1878.

MR. STEVENS,—*Dear Sir:* I have used your Vegetine for Sick Headache and been greatly benefitted thereby. I have every reason to believe it to be a good medicine.

Yours, very respectfully,
MRS. JAMES CONNER, 411 Third st.

HEADACHE.—There are various causes for headache, as derangement of the circulating system, of the digestive organs, of the nervous system, &c. Vegetine can be said to be a sure remedy for the many kinds of headache, as it acts directly upon the various causes of this complaint, Nervousness Indigestion, Costiveness, Rheumatism, Neuralgia, Billiousness, &c. Try the Vegetine. You will never regret it.

VEGETINE.

DOCTOR'S REPORT.

Dr. Chas. M. Duddenhausen, Apothecary, Evansville, Ind.

The doctor writes: I have a large number of good customers who take Vegetine. They all speak well of it. I know it is a good medicine for the complaints for which it is recommended.

Dec. 27, 1877.

Vegetine is a great panacea for our aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep.

VEGETINE.

Doctor's Report.

H. R. STEVENS, Esq.—*Dear Sir:* We have been selling your valuable Vegetine for three years, and we find that it gives perfect satisfaction. We believe it to be the best blood purifier now sold.

DR. J. E. BROWN & CO., *Druggists,*
Uniontown, Ky.

VEGETINE has never failed to effect a cure, giving tone and strength to the system debilitated by disease.

VEGETINE
PREPARED BY
H. R. STEVENS, Boston, Mass.

VEGETINE is sold by All Druggists.

THE

"COMPETITOR" REAPER,

Manufactured by

WM. A. HYLAND & CO.

Galena, Kent Co., Md.

The COMPETITOR REAPER, invented by us, has been thoroughly tested in past seasons. There are many reasons why it should be preferred above all others by the Farmers of Kent. It is sold as cheap as any other; the parts can always be had at home; it took the FIRST PREMIUM at Middletown and Kent Co. Fairs, and it is, we believe, THE BEST in the market. Among the numerous testimonials received are the following:

MASSEYS, MD., Sept. 10, 1877.

Messrs. W. A. Hyland & Co.—Gentlemen: The Competitor Reaper I purchased of you last June did its work to perfection, not causing one moment's detention in cutting my entire crop of wheat. In my opinion it has no equal for durability, simplicity of construction, ease of draught, &c. The matter is, it would have no other. Yours, very resp'y,
RICHARD C. JOHNSON.

MASSEYS, MD., Sept. 15, 1878.

W. A. Hyland & Co.—Dear Sirs: I have used several reapers and cousider yours the best. DR. C. H. B. MASSEY.

MASSEYS, MD., March 10, 1878.

Messrs. W. A. Hyland & Co.—Gentlemen: The new Competitor Reaper I purchased of you for the harvest of 1876 gave me the utmost satisfaction in cutting my grain. I cut fifty acres in two days, and I am perfectly satisfied that it is superior to any drop reaper now used.

Very respectfully yours,
R. H. CORBALEY.

MASSEYS, MD., April 15, 1878.

Messrs. W. A. Hyland & Co.—Dear Sirs: The Competitor Reaper runs easier to the horses than any reaper we have ever used, and the tongue is adjusted so that there is no weight except of its own on the horses' necks, giving it, in this particular, an advantage over other reapers.

Yours resp'y, JOHN REECE,
L. REECE.

Near Masseys, April 15, 1878.

Messrs. W. A. Hyland & Co.—Gentlemen: Allow me to say to you that I am highly pleased with the Competitor Reaper I bought of you last year. It gave me entire satisfaction in every respect, and I consider it the easiest running reaper to horses that I have ever used.

Very respectfully yours,
HENRY SPEAR.

Philadelphia, March 1, 1877.

Messrs. Hyland & Co.—Gents: I used your new Competitor Reaper on my farm near Galena, with great satisfaction. For strength and lightness of draught it cannot be excelled. D. MCCAULEY.

Near Galena, April 7, 1877.

Messrs. W. A. Hyland & Co.:—I feel it not only my duty but a pleasure to acknowledge the superiority of the "Competitor" over those formerly used dy myself. I feel no hesitancy in recommending it. E. E. MILLER.

Near Galena, Aug. 1, 1877.

Messrs. W. A. Hyland & Co.—Gentlemen: I have used the Competitor Reaper I bought of you for two seasons, and consider it to be the most economical machine ever offered to the farmers. There has been no expense incurred by breaking or any part of its works getting out of order; and with two horses it will reap 20 acres of wheat per day, runs very easy and light to the horses, and can be readily managed by any farm hand.

Very respectfully yours,
EUGENE GOODING.

Galena, April 20, 1878.

W. A. Hyland & Co.—I bought a Competitor Reaper of you last year and cut my wheat (over one hundred acres) and am well pleased with the working of the machine. It runs very light and does the work well. Respectfully,
SAMUEL TODD.

Near Galnea, April 15, 1878.

Messrs. W. A. Hyland & Co.—Gents: I wish to inform you that the Competitor Reaper I bought of you last season worked to perfection, cutting with ease both wet and dry grain; did not loose fifteen minutes time, and I can see no reason why my fellow farmers would go from home to buy a machine when such a good one can be obtained here in our own county. Yours respectfully,
E. B. WOODALL.

Chesterville, Sept. 1, 1878.

Messrs. W. A. Hyland & Co.—Gentlemen: I take pleasure in saying to you that the Competitor Reaper I bought of you surpassed any reaper I have ever used. It worked well all through my harvest, and I am satisfied that there is not a reaper made that will do the same work with as little expense as the Competitor.

Yours very truly, W. T. MILLER.

Near Chestertown, April 15, 1878.

Messrs. W. A. Hyland & Co.—Gentlemen: The Competitor I purchased of you last harvest came up to all that you claimed for it. I don't think that there is a roaper out that will do better or more work than it will. Yours resp'y,
A. H. CREW.

Near Lynch's Station, Apr. 15, '78.

Messrs. W. A. Hyland & Co.—Sirs: Your machine, which I substituted for the "Buckeye," worked like a charm in every respect, and I take pleasure in recommending it. Yours resp'y,
JACOB CROWDING.

Still Pond, April 15, 1878.

Messrs. W. A. Hyland & Co.—Gentlemen: The Competitor Reaper I bought of you last harvest did its work perfect. We first tried it in a bottom where the wheat was wet and down, and it did the work elegant, not leaving or running over any wheat. We cut in valley, hill-side and hill-top, and it acted perfect in every place. I can cut from 25 to 30 acres per day. It runs very light, and there is no weight of the reaper on the horse's neck, and it gives me pleasure to say that farmers can buy a first-class machine in their own native county. Very truly yours.
WM. T. HEPBRON.

Near Church Hill, Q. A. co., Md.

Messrs. W. A. Hyland & Co.—Gentlemen: Allow me to say that the Competitor Reaper I purchased of you last season did its work to my entire satisfaction.—The reaper is a very simple one, is easily worked, and runs very light to the horses; cuts a nice, even and clean swath, and I cheerfully recommend it to the notice of farmers. Very resp'y yours,
THOMAS HENDRIX.

Church Hill Queen Anne's co., April 15, 1878.

Messrs. W. A. Hyland & Co.—Gents: I intend to give my candid opinion of the Competitor reaper I bought of you last season. I consider it a first class machine. I harvested my entire crop of wheat, and although you did not sell it to me as a combined machine, I used it to mow with, and it sustained its reputation as a mower as well as a reaper. I have used various kinds of machines, and I consider this the best machine I ever used, and I can give this certificate without the least hesitation. Yours respectfully,
JOHN BAXTER.

Near Galena, Md., April 17, 1876.

Messrs. W. A. Hyland & Co.—In my judgment your Competitor Reaper is not to be surpassed for strength, durability and lightness of draught. H. A. KRAFT.

Crumpton, Md., April 13, 1877.

Having used the "Competitor" Reaper, (made by W. A. Hyland & Co.) I cheerfully recommend it as a superior machine in every respect. F. N. SHEPPARD.

VEGETATOR!

For OATS, CORN, GRASS, POTATOES and other Vegetables.

Dissolved Bones,

Warranted entirely pure.

W. WHITELOCK,
a6-2m. 44 South St., Baltimore.

ESTABLISHED 1848.

HORNER'S

CONCENTRATED

SUPERPHOSPHATE

FOR ALL CROPS.

It is made of the best and most concentrated materials, possesses all the virtues of PERUVIAN GUANO and BONE DUST combined, and is well adapted to Wheat, Corn, Oats, &c., producing abundant crops where all others fail. Having a large percentage of Soluble and Precipitated **Phosphoric Acid and Ammonia**, it is without doubt **the richest Commercial Fertilizer in the country.**

HORNER'S

BONE-DUST

Made only of Slaughter-house Bones, contains a larger percentage of AMMONIA and BONE PHOSPHATE LIME than any other brand in the market.

WE OFFER

ONE THOUSAND DOLLARS

For the Detection of any Impurity in our Manufacture of Bone.

We do not steam or bake our Bones, or otherwise treat them so as to destroy the animal matter, which is rich in Ammonia.

THE BEST ARTICLE in the MARKET

HORNER'S SUPERPHOSPHATE LIME,

—OR—

DISSOLVED BONE,

MADE OF PURE SLAUGHTER-HOUSE BONES.

It is richer in **Soluble Phosphoric Acid and Ammonia** than any similar article in the market.

Samples and Prices sent on application.

Joshua Horner, Jr., & Co.,
Cor. Bowly's Wharf and Wood St.,
BALTIMORE, MD.

CORN! CORN! CORN!

AND

SPRING CROPS.

HORNER'S

AMMONIATED

Raw Bone Superphosphate

Prepared expressly for Corn, Oats and Potatoes, for which it is admirably adapted. "The BEST and most ECONOMICAL Fertilizer ever used on Corn," is the opinion of those who have tried it.

Quick and reliable in its action, and unequaled by any other article offered at same price.

IN FINE DRILLING CONDITION.

Business Change

THE subscriber respectfully announces to his friends and the public that he has succeeded

MR. T. B. HYNSON

in the Merchandising Business in Chestertown, and will hereafter conduct it at the Old Stand on his own account.

He has Opened this Week

A general assortment of

NEW GOODS,

and the stock will be fully maintained in about the same line as heretofore.

Having been employed in the store for more than seventeen years past, he flatters himself that he possesses a general knowledge of the business, which will be conducted with strict regard to the wants of the trade and to the satisfaction of his customers.

Purchasers are requested to examine his goods and prices. Every article will be sold at the

VERY LOWEST FIGURES.

☞Butter, Eggs and Lard taken in exchange for goods.

A. J. CAHALL.

A CARD.—Having disposed of my Store Goods to Mr. A. J. CAHALL, who has been in my employ for more than 17 years past, I take great pleasure in recommending him to the public as in every respect worthy of their confidence and patronage.

Thankful for the generous patronage extended to me for so many years, I trust that the same may be continued to my successor. T. B. HYNSON.

Chestertown, Sep. 15, 1877.

GLENN'S SULPHUR SOAP.

A STERLING REMEDY FOR DISEASES AND INJURIES OF THE SKIN; A HEALTHFUL BEAUTIFIER OF THE COMPLEXION; A RELIABLE MEANS OF PREVENTING AND RELIEVING RHEUMATISM AND GOUT, AND AN UNEQUALED DISINFECTANT, DEODORIZER AND COUNTER-IRRITANT.

Glenn's Sulphur Soap, besides eradicating local diseases of the skin, banishes defects of the complexion, and imparts to it gratifying clearness and smoothness.

Sulphur Baths are celebrated for curing eruptions and other diseases of the skin, as well as Rheumatism and Gout. ***Glenn's Sulphur Soap*** produces the same effects at a most trifling expense. This admirable specific also speedily heals *sores, bruises, scalds, burns, sprains* and *cuts*. It removes dandruff and prevents the hair from falling out and turning gray.

Clothing and linen used in the sick room is disinfected, and diseases communicable by contact with the person, prevented by it.

The Medical Fraternity sanction its use.

Prices—25 and 50 Cents per Cake; per Box (3 Cakes), 60c. and $1.20.

N. B.—Buy the large cakes and thereby economize. Sold by all Druggists.

"HILL'S HAIR AND WHISKER DYE,"
Black or Brown, 50 Cents.
