### MANCHESTER

The lady members of The Sunshine enjoyed an outing on Thursday afternoon by having a picnic under the tall pines on the lawn of Mrs. William H. Shower on Foundry Avenue. Having the freedom of the home they enjoyed comforts of the same necessary for their stay that developed the social features of the occasion as the hours passed by. At 6 P. M. their number was increased by their husbands and gentlemen friends making 50 or more to enjoy the good things stored in the baskets to add to the already prepared chicken corn soup.

In company with friends we made run to Glen Rock on Saturday and the difference of cultivation was so great as to attract special attention and comment, particularly between that of the Wentz valley where the homes are up-to-date and their surroundings nicely kept. The fencing, a great deal of which with monster posts strung with wire, with no under-growth of bushes or weeds and the large fields ready for seeding, leveled and pulverized, bore special comment. But when we came to the corn it is hard to beat. Each stalk seemed to vie with the others in having a monster ear, many of them pointing to the ground. But, then, there are too many barns in the continued route with depreciated homes and surroundings while the farming is on a par and fences are below par, while no doubt the crops correspond to the whole. We found the burnt section in the town not much improved, independent of the general clean up.

On Sunday we were a unit in a company of friends that made a run to Littlestown and found the hard road north of Melrose that was under repair in fine condition which we t before getting to Hanover, taking what is called the back way seven miles to L. and were surprised to find such a fine country, with large farms and beautiful homes and surroundings in fine keeping, indicating that the farming was on a For some distance the road was on an eminence showing the Silver Run section which speaks for itself. While that along the north view was its equal with a fine corn crop all along the line. We had a warm welcome and a royal entertainment. The autos to and fro on the Main street were numbered by the hundreds, many on their way to Gettysburg. The citizens of the town and country were enjoying a Chautauqua during the week.

The Jacob Rupp sale by his executors on Thursday 25th, was largely attended and good prices realized. The home near Maple Grove station, containing three acres of land, improved by a b'rick house, barn and out buildings, was bought by a Mr. Starner, of Black Rock; 20 shares of stock of the Manchester Bank were sold in four parts, five shares to each part. The first part brought $75.00 a shares (par value of a share $10.00) the second part brought $76.00 a share; the third part $80.00 a share, and the fourth part $81.50 a share. The four sons were the purchasers.

Mr. J. Wesley Snyder sold his farm, three miles west adjoining the Fridinger Mill property, containing 130 acres to Mr. Harry Ruby, of Hanover, who will get possession in the Spring.

Correction—The donation of the Messrs. Burgoons to the fire company was $24.50 instead of $31.65.

We have before us a copy of the first issue of the Manchester Gazette, issued October 14, 1870 by W' R. Watson editor. J. J. Lynerd, Harness maker; Miller & Yager, coach makers; Orndorfs non expensive burning fluid in its ascendency; John C. Price was proprietor of the Washington House; flour was $7 a barrel; wheat $1.60, corn 80 cents, ham 19 cents, and lard 14 cents. Except wheat prices were along the lines of to-day.

Mr. Amos Wolf and sons last week were taking stone from a fence when they intruded on a black snake in its den. But they were successful in killing it and laying it out to a length of 5 1|2 feet.

Miss Nellie Lynerd was a week-end visitor among friends in Baltimore.

Miss Carrie LaMotte spent the week-end with his sister, Mrs. Breckenridge Shaw, of Frederick. Mr. S., who is a traveling man, was out last week in an auto and was run into by a car coming the same way. He was thrown through the wind shield and was badly cut in the face and nose, while the other driver had his ribs broken. At this writing the wounds are healing.

Our base ball team had the team of the Wire Workers of Hanover in a well played game of seven innings which ended with a score of 4 to 3 in favor of the home team. They will have the Taneytown team here on Friday and a Hanover team on Saturday.

Miss Carrie La Motte accompanied Mrs. Harold Frankforter in an auto run on Tuesday 175 miles to Stroudsburg, Pa., to spend the week with the Rev. and Mrs. Frank H. Blatt.

Workmen are busy putting down the dance floor, 40x40 feet, booths and stands and a fine dining room next to the Academy that will be used as a kitchen. Caterer Hoffman will be to the fore with his chicken and waffle suppers at 35 cents, quality A-1. The latest out. Served red hot.

A number of our firemen accepted the invitation of the Lneboro firemen to attend their fair and festival on Saturday evening. They were well received and enjoyed the occasion and joined with the crowd in making the affair a success. Since building that fine hall that community is improving all occasions to add to their treasury and improving their literary talent.

### UNION MILLS

Edward H. Flickinger, Rev. S. C. Hoover, of Frederick, George E. Schaeffer, William P. Halter and Edgar C. Yingling, were on a fishing trip of several days during which time they camped on the Monocacy, above Keysville, last week. They caught plenty of fine fish, but the first named gentleman proved to be the most expert with rod and line. He succeeded in catching a gesman carp that weighed 11 3|4 pounds and measured 27 inches in length. It was a big fellow to land and Mr. F. had to call to his assistance several of his comrades before the monster fish could be brought safely to shore. Your correspondent saw the carp and can vouch for the corrections of the figures given. It is no fish story.

One evening last week, a street preacher wearing a red shirt and blue trousers, who claimed to be at one time connected with the Salvation Army, entertained some of our villagers with a sermon that didn't lack, at least, lung power.

### SMALLWOOD

The Deer Park picnic was a greater success this year than for many years. Everything helped to make it so. The weather was ideal. There were different games as attractions and ice cream, cake and confectionary in abundance, with a splendid supper to be had instead of going home hungry. The gross receipts were $410.92.

The two games of base ball were very much enjoyed. One of them was won by the Smallwood team and Gamber won the other. The volley ball and Dodge ball games were also enjoyed. Then at night there was a splendid and interesting address by Rev. Walck. The occasion was enlivened by the Taylorsville band.

On last Sunday night the Christian Endeavor Society of Deer Park Church was led by Mrs. Marien Shipley. The church was full with a number standing out side. The Epworth League of Mount Pleasant had been invited to attend and were well represented. A male chorus from Baltimore sang some splendid selections among them being the "Old rugged Cross", which is always enjoyed when well rendered. Miss Elsie Conaway and Mrs. Ethel Wicks sang a duet. A quartet from Mount Pleasant church and a duet by the Lockard boys were very much enjoyed. A recitation by Mabel Blizzard and a dialogue by ten girls, entitled "The Ten Commandments." The leader is to be congratulated upon having such a good program.

Next Sunday night the Westminster Christian Endeavors are going to visiting Miss Daisy Rinehart.

The Deer Park public school will open on the 12th of September. Every mother that wants to enter a little tot on that day should have the little one vaccinated before that time, so that they don't need to lose any time with sore arms. It must be done.
