## Buy Your Fertilizers Early

—FOR—

CORN, TOMATOES, POTATOES & BERRIES.

SPECIAL FORMULAS:

FOR CORN AND OATS—The Piedmont Guano has been in use many years, and it gives entire satisfaction, as hundreds of testimonials published show. It has been tested alongside of many other fertilizers, and for its price is the best goods on the market.

FOR POTATOES—The Piedmont Potato Producer, (P. P. P.) is manufactured with special reference to the needs of the Potato crop in all stages of its growth and maturity, and we are confident that there are no goods offered that can excel these brands, and very few, if any, that can equal them in the production of Potatoes, not only in the quality, but also in the quantity of the yield. Farmers should be careful to use such goods that they are confident will pay them. These are the goods you need, and you should use them liberally, both broadcast and in the rows, taking care to mix them carefully with the earth, so that it does not come in direct contact with the seed.

OUR TOMATO FERTILIZER—The greatest caution has been exercised in making this formula, and the materials used are exactly what the Tomato plants need. This we know, after having same fully tested by the growers of this crop. We have spared no pains to make this brand especially adapted to Tomato culture. We have fine reports from its use alongside of other fertilizers. It produces extra fine crops that paid well for its use. We intend keeping it full up to its present high standard, and will see that all the materials used are of the very best in every respect. If you grow any Tomatoes give this brand a trial, and you will use no other.

FOR BERRY GROWING—A fertilizer which can never be excelled is the Piedmont Pure Raw Bone Mixture, producing the fruit in its largest and most perfect and, therefore, most profitable condition.

Dr. M. M. FENNER, Fredonia, N. Y.

*Dear Sir:*—In 1885 I had skin eruption entirely covering foot and leg to knee, so bad the discharge would fill my slipper to running over in a half day. No one knows how I suffered.

All doctors and patent medicines employed failed to benefit me and the eruption continued to spread. In this distressed condition I finally began the use of your Blood and Liver Remedy and Nerve Tonic, and after using 6 bottles, together with as many boxes of your Salt Rheum Ointment, relief was established.

I kept on however, until I had used 10 bottles in all of the Blood Remedy, and I alternated with it occasionally a bottle of your Kidney and Backache Cure, until I had taken 8 bottles of it. A perfect cure resulted."

THE BEST

SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

**Versatility Required of a Teacher.**

That the old conditions of village life in New England, in which the meeting house was a real center of public life and had an intimate connection with certain official things, still prevail in some places in Massachusetts is indicated by a recent occurrence. A young gentleman who had been recommended through a teachers' agency for the place of master of a public high school was in correspondence with the school committee of the town, and among the questions asked as to his qualifications was this: "Are you able to sing in the church choir?" The young gentleman can sing; he obtained the position, and every Sunday his voice is heard in the village choir. Moreover, he teaches the high school well. The people of the village say that their high school master always has sung in the choir, and they see no reason why he shouldn't be expected to sing.—Boston Transcript.
