NOTICE TO THE AFFLICTED.

WONDERFUL CURE OF THE SPINE AFFEC-TION by Dr. T. ANDREW, Herb Practitioner, No. 11 Monument street. Baltimore. Baltimore, 'eb. 19, 1856.

This is to certify that in the month of August, 1843. I was was attacked with the Spine Affection at my residence in Bertie county, N. C. and was bed-fast for 15 months, and under treatment of the most eminent Physicians of that State, and in the space of two years I improved but little. At the expiration of this time my medical attendant, believing he could not relieve me, No. 125 Main Street, Richmond, VA. | urged me to come to Baltimore and place myselv under the treatment of Prof. N. R. Smith. Accordingly I came here in charge of my brother John W. Mhoon, and became a boarder at the Infirmary under the treatment of the above named physician and received no apparent benefit from his care. He discontinued his treatment and I removed to the residence of my brother in Old Town, for owing to the prevalence of the yellow fever in Norfolk I could not retu. to my home. I sent a message to Prof. Smith for a letter which I had brought with me, an he sent me word by the person not to have any thing done for me by any other physician, as was a hopeless case, and would be left by their worse than they would find me. At this juncture I heard of and sent for Dr. T. Andrew, who OFFERS his services to the farmers generally | resides at No. 11 Monument st., an Herb Practithan when I left home. I had constant fevers i and my appetite entirely gone, and as unable an infant to stand up even with help. I resolved to give him a short trial, and speedily discovered an improvement, and placed myself under his care. This was about three months ago. My father came on for me as soon as it was safe to travel through Virginia, but finding me improving allowed me to remain. He returned a second time for me, but found my improvement so

great and rapid that he again left me here under treatment. I gained strength uncommonly fast. My appetite which was almost gone, now returned. Office and residence at the Hotel of Mr first my stemach rejected almost all kluds of food. At this time I eat any kind of food without the least inconvenience, and can walk when I please without hinderance with very slight assistance. I deem it proper to state that I was afflicted with several other diseases, besides the spine affe: tion, all of which I believe I have been a entirely cured of by him, and my general health is as good as it ever was in my life. I make this statement gratuitously, in justice and through, grattitude to Dr. T. Andrew, and hoping that those who may be similarly; or in any other way | MOSQUITOS!
