RESOLUTION BY W. C. T. U.

The following Resolutions were adopted at the W. C. T. U. County Convention at Sykesville, September 18th, 1924.

Preamble:

Gathered in this the 31st, Convention of the Carroll County W. C. T. U. in the M. E. Church of Sykesville, we trust that all the members have come prepared to work together for the best interests of the Master, and with prayer full hearts are asking His help in the work, he would have us do in making the world a better and purer home for His children.

Resolved: That as delegates to this Convention we have so prepared our minds and hearts that we may not only work together while thus assembled, but may be so inspired that we may be able to take to our home Unions a full account of the work done, that will encourage them to accomplish greater work in the future.

Resolved: That we press forward with renewed earnestness to prove to the world that the 18th amendment is "In the Constitution, and there to stay," and that we will do all in our power for its enforcement, and to combat the efforts of the opponents to the Volstead Act and prevent any action for the return of wine and beer.

Convinced that our hearty co-operation is necessary to convince the world that war shall never again be allowed to devastate our land, let us earnestly endeavor to prove that by love, only, we can banish all desire for war and thus maintain universal peace.

Resolved: That as obedience to the Constitution is the only means of obtaining peace, prosperity and happiness, we will pledge ourselves, and induce others to give support only to those candidates who will promise to enforce the laws of the land. To accomplish this, let every woman consider it her duty to register and vote.

Resolved: That by example and precepts, we will educate our children to avoid the use of tobacco, and prove to them that it is an enemy to their physical and moral welfare.

Resolved: That we persist in our efforts to prove that Race-track gambling is an evil, and endeavor to have the practice banished from our State.

We desire to express our thanks and appreciation to our fellow members of the Sykesville Union, to the members of the M. E. Church, and to all who have in any way contributed to our comfort and pleasure, and added to the success of the Convention.

Committee:—Mrs. Lydia L. Smith, Union Bridge; Mrs. Blanche Buckingham, Sandyville; Mrs. Shreeve, Finksburg; Mrs. J. D. Bowers, Westminster, and Mrs. Gates, New Windsor.

MEETING OF WOMAN'S CLUB

On Tuesday, September 30th., the Woman's Club held its first meeting of the winter session at the hospitable home of Mrs. S. Luther Bare. The new president, Mrs. A. Norman Ward spoke a few words of greeting and outlined some community work the club could do which will be launched later.

After a business session they were splendidly entertained with talks by Mrs. Clara Billingslea and Mrs. Fannie Stover who have recently returned from a trip through England, Scotland Holland, Germany, Italy, Belgium, France and Switzerland. The vivid word pictures given by both these ladies of the many wonderful and interesting cities rich in historical lore, mountains climbed, the picturesque lakes and rivers, the imcomparable art galleries, made all feel they were being carried along over the trail.

Delft, where the lovely delft pottery is made, the Gobelin tapesteries, which requires so much time and patience to make were described. Mrs. Stover mentioned one tapestery which was begun in 1918 and is still unfinished. She also said, English is the only language needed for tourists, though of course, it is a great satisfaction to be able to converse with the natives in their own tongue. It is also necessary to have a keen sense of humor that one might the more enjoy the different situations as they arise.

Mrs. Billingslea said, that in spite of the fogs, mists and rain, you love London. Her party sailed in an airplane from Brussells to London requiring two and one half hours for the trip. They ascended about 2,000 feet and considered this experience one of the crowning events of their trip. She advises every one to take advantage of this delightful way of traveling whenever the opportunity presents itself.

Both ladies had a marvelous collection of post cards and souvenirs illustrative of their journeys. The club listened with intense interest and satisfaction to these two caultured members and felt it was indeed a privilege to have been present. Delicious refreshments were served by the hostess.

BOARD OF COUNTY COMMISSIONERS MEET

On September 24th, Messrs Melville and Repp met by appointment the citizens and parties interested in the stone road called the Klee Mill road and discussed the various points to which the road should be made but, after some discussion, the location was deferred until the Commissioners can have the road surveyed and will then decide on the location. They also visited the new bridge built by the Lunten Bridge Company, of York, on the Arrington bottom road, and also the fill as per contract. The bridge was accepted as satisfactory, but the fill was not satisfactory. On the 26th the Board made a trip to Adamstown, Frederick county to inspect a new school building under construction at that place and were very much pleased with the sensible construction of the same and the cost was near the ideas of what our schools can be built for. The commissioners awarded the contract for the building of the 2½ miles of road from Finksburg to Houcksville road to Thomas, Bennett and Hunter, they being the lowest bidders. Received from Harvey Frizzell, Frank S. Bennett, John Bushey and Dr. Edward Cronk, the sum of $3,000.00 to be applied to the purchase and of erection of a portable school house at Winfield. The amount received from the above named parties was as agreement filed in the office of the commissioners, citizens to pay interest for this amount one year. Same to be carried in school budget, for the years 1925, and 1926.

The following bills were passed and ordered paid: Fred Fleming No. 14, $37.50; R. E. Buckner, No. 6, $95.00; Milton J. Houck, sheep killed by dogs $25.00; Calvin Alhern, No. 6, $53.75; W. H. Main, certificate Central Trust Company, Union Bridge, $575.19; James M. Stoner, pauper coffin, $48.00; Michael McCaffrey, lumber, No. 1, $102.40; Central Trust Company, Union Bridge, $10,000.00.

DR. D. E. RUPLEY GOING TO THE VIRGIN ISLES

Dr. D. E. Rupley, father of Rev. John B. Rupley, pastor of Grace Evangelical Lutheran church, this city, and well known by many citizens of this city, shortly will leave his pastorate in Philadelphia and, with his wife and two daughters, sail for the Virgin Isles, one of the West India Islands, to take charge of the missionary work of the Lutheran church. This week's copy of "The Lutheran" contains a cut of Dr. Rupley and speaks of him as follows:

"The West Indies board has called the Rev. D. E. Rupley, for seven years pastor of Bethel Lutheran church, Philadelphia, to enter its service in the Virgin Isles. He will be in charge of the important mission of St. Croix which embraces three large churches, two homes for orphan children, a home for the aged and a labor colony. The board is anxious to have a pastor at the head of the work in the Virgin Isles whose experience will enable him to handle all the various problems that present themselves in a location where congregational, inner and cultural mission work is required.

"The Rev. Dr. Rupley, his wife and two daughters will said from New York October 9. There is no doubt the West Indies Mission board has made a wise selection in commissioning Pastor Rupley for the work."
