MERCHANT'S GARGLING OIL.—There is no med ticine that has better stood the test of a long and severe experience than Merchant's Gargling Oil &c., &c., all of which are fresh and genvine: Al- It is manufactured in Lockport, N. Y.. and has gradually worked its way into public favor and general use where its merits are known, because it does really possess the good qualities that are claimed for it. For all cases in which a liniment is required, it is unsurpassed and unequalled.— It has been long and extensively tried, and few indeed have been the instances in which it has not produced the desired result. As a remedy for animals it is indispensable, and far superfor to anything before the public. We do not speak of this medicine in these terms because we have any interested motive for so doing, but because we have had opportunities to know that it is a really valuable preparation, without any humbug about it, and should be in the possession of every Farmer who has anything to do with horses or cattle. It is for their benefit that we call attention to it, and state that it may now be found for sale at Sprague & Pett's in this city who are the regular agents for it. All who hav used it concur in the opinion that it is really th best thing for the purposes for which it was i e tended, that has ever been presented for univer
