C. K. CANNON, Clerk. NOTICE TO THE AFFLICTED ONDERFUL CURE OF THESPINE AFFEC-

TION by Dr. T. ANDREW, Herb Practitioner,

No. 11 Monument street, Baltimore.

BALTIMORE, Feb. 19, 1856. This is to certify that in the month of August, 1843. I was was attacked with the Spine Affec- 4 tion at my residence in Bertie county, N. C. and was bed-fast for 15 months, and under treatment of the most eminent Physicians of that State, and in the space of two years I improved but little. At the expiration of this time my medical attendant, believing he could not relieve me, urged me to come to Baltimore and place myself under the treatment of Prof. N. R. Smith. Accordingly I came here in charge of my brother John W. Mhoon, and became a boarder at the Infirmary under the treatment of the above

named physician and received no apparent benefit from his care. He discontinued his treatroads, where he is prepared to make new or re- | ment and I removed to the residence of my brother in Old Town, for owing to the prevalence of most reasonable terms. He feels thankful for the yellow fever in Norfolk I could not return the liberal patronage heretofere extended to him to my home. I sent a message to Prof. Smith and is determined, by strict attention to his bus- for a letter which I had brought with me, and he sent me word by the person not to have any thing done for me by any other physician, as it was a hopeless case, and would be left by them worse than they would find me. At this juncture I heard of and sent for Dr. T. Andrew, who resides at No. 11 Monument st., an Herb Practitioner, who found me in a much worse condition than when I left home. I had constant fevers and my appetite entirely gone, and as unable as an infant to stand up even with help. I resolved to give him a short trial, and speedily discovered an improvement, and placed my self under his care. This was about three months ago. father came on for me as soon as it was safe to travel through Virginia, but finding me improving allowed me to remain. He returned a second time for me, but found my improvement so great and rapid that he again left me here un-

der treatment. I gained strength uncommonly fast. My appetite which was almost gone, now returned. first my stemach rejected almost all kluds of food. At this time I eat any kind of food without the least inconvenience, and can walk when I please without hinderance with very slight assistance. I deem it proper to state that I was grattitude to Dr. T. Andrew, and hoping that those who may be similarly, or in any other way afflicted, may read this and avail themselves of his mild treatment and matchless skill, and like
