Enoch Umsted.
vs.
George Creager, David M'Gregor and Samuel Moale.

The object of the bill filed in this cause is to obtain a conveyance from the defendants to the complainant, of a tract of land lying on Israels Creek, in Frederick county.

The bill states that by a decree of this court, in a cause wherein William Taylor was complainant, and the heirs of Charles Perryjoy were defendants—Samuel Moale was appointed trustee, to sell all the right, title and interest of the said Charles Perryjoy in and to the land before described. That the said Samuel Moale made sale of the same, and that a certain Hugh M'Gregor became the purchaser thereof, and that the said M'Gregor in his life time did agree to bargain and sell all his right, title and interest in and to said land unto the complainant, and a certain William Divilbess—That said Divilbess assigned all his interest in and to the same to the complainant. That the said Hugh M'Gregor hath departed this life, leaving David Gregor, an infant, his heir at law. That the said Charles Perrejoy hath but an equitable title to the said land, the legal title being in a certain George Creager, who had in the life time of said Charles Perrejoy entered into a bond of conveyance with him to convey to him the said Perrejoy and his heirs the above mentioned property, upon the payment of eight bonds for one hundred pounds each, given to the said George Creager by the said Perrejoy, which bonds were assigned to the aforesaid William Taylor. That the said William Taylor has been paid by the said Samuel Moale, the trustee, the aforesaid amount of the said several bonds out of part of the proceeds of the sale of said land, and that he is willing to comply with his agreement entered into with said Hugh M'Gregor. It is also stated by petition that the said George Creager has since the filing of the bill, removed out of the state of Maryland.

It is thereupon adjudged and ordered, that the complainant by causing a copy of this order to be inserted once in each of three successive weeks in the American, before the 10th day of February next, give notice to the absent defendant of the substance and object of the bill, that he may be warned to appear in this court in person or by a solicitor, before the 10th day of June, 1814, to shew cause if any he has why a decree should not pass as prayed.

This Land lies in Ann Arundel county, state of Maryland, within 20 miles of Baltimore, and 25 from Washington city, 10 from Ellicott Mills, 5 from the Frederick town road leading to Baltimore, and one and an half from Charles Carrol of Carrlton's turnpike, which intersects the Frederick town turnpike. This land lies in one body, the greater part of it in a limestone valley, which is as level as a farmer could desire. This valley abounds with the best never failing springs, and through it runs a delightful stream of water, sufficient to drive any kind of water works, and there is enough fall for three mills—It also abounds with the best of timber. There is 100 acres of meadow, a part in grass, and the other ready for seed; there is near 400 bushels of grain sowed on the land, the greater part on a clover lay, and upwards of 300 acres now set in clover.—This farm is handsomely situated to be divided into four farms; there is at present four settlements on it—the buildings are new and built upon the most convenient plan, and of the best kind. There is an excellent lime kiln, which burns 1200 bushels of lime, and a good quarry within twenty steps of it. The character of this farm is well established, and is said to be one of the handsomest and most fertile farms in Maryland, and is noted for its healthy situation, and no soil is more admirably adapted to the use of plaster and clover.—The above land will be divided in lots, or sold together, so as to suit purchasers; two thirds of the purchase money will be required in hand, when possession is given, which will be the first of April, and the residue in one and two years. A further description is deemed unnecessary, as any person wishing to purchase will come and view the property, at which time they will be convinced of its productive nature by the produce, which is now on the farm. The property will be shewn by the subscriber, who lives on the premises.
