INSTRUCTIONS TO VOTERS.

The Primary Election will be held on Monday, Sept. 8, at the polling places designated in the official notice published elsewhere in this issue. The polls will be opened at 8 a. m. and close at 6 p. m., and the conduct of the election will be similar to that of the general election, except that at the primary election the ballot must be enclosed in an official envelope obtained from the judges and be sealed before it is deposited in the ballot box; that a voter may prepare his ballot before entering the polling place, provided he uses an official sample ballot; and that the cross-marks on the ballot must be made with an ordinary black lead pencil. A cross-mark is to be made in the box to the right of the name of each person for whom the voter wishes to cast his vote.

The ballots are canvassed and counted as they were last ear, and the same provisions apply to the envelope. A ballot may be prepared before entering the polling place, but upon a voter presenting himself to vote, it having been determined that he is qualified to vote, a blank official ballot shall be given him, together with the envelope. The voter then retires to one of the booths, taking with him the blank ballot, and shall there mark with a black pencil his ballot for voting, or use the ballot which he has already prepared. He then places the ballot in the envelope and seals same and hands it to one of the judges of the election, who, after detaching the coupon, deposits same in the ballot box. If the envelope is unsealed, it is the duty of the judge to send the voter back to the booth to seal same, and should the voter mutilate his envelope he is entitled to another one just as he would be to another ballot in the general election.

Count of Ballots.

If any envelope shall be found not of the character required for this primary, or if any mark or device be found on any envelope except the initials of the judge as required, or if any mark or device be found on any ballot, or peculiar folding, by which, in the opinion of the majority of the judges, the same may be identified so as to indicate who has cast the same, the ballot so marked or the ballot contained in the envelope so marked, or folded, or improperly substituted, shall not be counted. When more than one ballot is found in one envelope, or a ballot is found in an envelope furnished for a different political party than that for which the ballot was provided, the same shall not be counted for any person unless a cross mark made by a black pencil appears after his name. Only ballots marked with a black pencil shall be counted. If any envelope is deposited in the box inadvertently without being properly sealed, and without being detected by the judge receiving the same, or shall become unsealed in the ballot box, it shall not be thrown out for that reason. If more names are marked for any office than there are persons to be voted for, such ballots shall not be counted for such candidates or delegates, or other persons to be votsd for, as the case may be, but the whole ballot shall not for that reason be rejected for candidates for other offices or positions.

On the day of the primary election the polls shall be opened at 8 a. m. and close at 6 p. m.

The returns shall be made before 12 o'clock noon of the second day after the primary in the same manner and form as is provided for in general elections.

THE Chester River Line will have a slight change in time table Monday.

OYSTER SEASON OPENS.

With the opening of the oyster season at midnight Sunday there appeared at Long Dock Tuesday 14 bugeyes, skipjacks and pungies, with the first cargoes ready to supply the market with Maryland's famous product. All of the vessels brought small cargoes, consisting mostly of plants taken from private beds. The cargoes ranged from 60 to to 175 bushels and the quality, it is said, was exceptionally good for this season of the year.

Some of the vessels which arrived Tuesday morning with the bivalves were the Edna and Alice, Edith M. Dryden, Virginia G. Holland, Urbane, Thomas J. O. P. Roberts, Russell, Kate L. Gordes, George S. McCready, Violette, Mary E. Foble, M. V. Bennett and Wave. The majority of the vessels carrying the oysters came from the Chester River. All the skippers were sanguine at the prospects for a busy and profitable season.

For the last few years there has been keen competition among the captains of the oyster craft, all anxious to claim the honor of bringing the first load of oysters to the market. This honor last year was won by the bugeye Golden Rule. The laurels went to Captain Chas. H. Ashley, captain of the Edna and Alice. The bugeye carried a cargo of 168 bushels from the Chester River. Captain Ashley, who is one of the pioneer oystermen trading to this city, stated that, while the growth of the oyster in the Chester River had somewhat decreased this year, the bivalves were of a fine quality. The laurels for the second vessel arriving fell to the lot of the Sunshine, Captain Linten, from West River, below Annapolis.

The demands were light, with the prices ranging from 50 to 70 cents a bushel. Another fleet of vessels, with cargoes tonged from Swan Point, Chester River, Herring Bay and other nearby points arrived Wednesday. These oysters will be taken from the natural bars and beds and will largely determine what the quality and flavor will be this season.

Fire.—The freight house on the Old Chester River Wharf at Queenstown was destroyed last Saturday morning by fire. There was some considerable freight in the building at the time which was also a total loss. It is supposed that some one smoking had dropped either a cigarette or a cigar stump in the warehouse, which caused the fire. The wharf was not destroyed.
