Statement of Assessment.

Amount of Levy List,	$8,448 92
Collector's Commissions,	[illegible]

has FOUR THOUSAND THREE HUNDRED PEACH TREES, three years old, of fine growth in full bearing, some yielding $2.70 per tree this season—all of the finest varieties and budded fruit.

It is estimated by practical peach-growers that in an ordinary season the Orchard will easily yield an average of one dollar per tree—making a yearly aggregate of four thousand and three hundred dollars, and will be more likely to exceed this amount. The Orchard is immediately on the river, and may be considered as certain to produce well every season, being directly on salt water

Steamboats pass the farm daily to and from Baltimore, and the peaches can be shipped directly from the orchard to the boat.

A wharf could be built at trifling expense.

There is also an extensive Peach Canning establishment on the *adjoining farm*—Round Top—belonging to Messrs. C. P. Morton & Co., of Philadelphia, who pay the highest market prices for peaches throughout the season—thus insuring a certain sale under any circumstances.

There is also on the premises 50 PEAR and 200 APPLE TREES of choice varieties.

The Farm is in a high state of cultivation and has the usual Buildings.

THE TERMS OF SALE

Will be one thousand dollars on the day of sale, one thousand dollars on the first day of January, 1864, and the balance in one, two and three years from the day of sale—thus giving the purchaser the valuable improvements for a portion of the profits.

Since the last season, which we hope will enable them to maintain the high reputation they have long held.

The increased cost of material and labor has compelled us to advance our prices about 15 per cent for this season.

THOMAS NORRIS, 141 PRATT STREET, NEAR LIGHT, BALTIMORE, MD., will have these Machines for sale, and also all necessary parts for repairing. G. WESTINGHOUSE & CO.
