A FARM AT PRIVATE SALE.

BECAUSE of my infirm health, I desire to sell my farm in Kent county, State of Maryland, and will sell the same at a fair price and upon liberal terms. It contains about

250 ACRES,

200 of which are arable, and the balance is wood and brush land. The arable land is divided into six fields and under good fencing.—About sixty acres are now well set in Timothy and Clover. It is eligibly located on Fairlee Creek, within a mile of the thrifty village of Bel-Air; about one mile and a half from the Kent County Railroad, now under construction, and six miles from Chestertown; and convenient to churches, schools, mills, &c.

The soil is naturally good and well adapted to grain, grass and fruits.

The Improvements are a Two-Story Frame Dwelling House, with three rooms on the first and four on the second floor and two rooms in the garret, a shed Kitchen attached with a room above, and the usual outbuildings, all nearly new and in good order. A young Apple Orchard of 50 trees in bearing, a Peach Orchard of 300 trees, and various other fruit trees.

This farm is well worth $50 per acre, and I will sell it upon these terms, or make them more liberal:—One-fifth cash; the residue in 1, 2, 3 and 4 years, with interest from the first day of January next, when possession will be given. The deferred payments to be secured by the bond of the purchaser with approved security.

For further information consult my Attorney, R. HYNSON, Esq., at Chestertown, Md.

This farm will be sold a bargain. For further particulars consult the undersigned, or address him at Chestertown, Md.

PUBLIC SALE OF VALUABLE REAL ESTATE.

AS ATTORNEY FOR BARNEY DeCORSE, the undersigned will offer at Public Sale at the Voshell House, in Chestertown, on

TUESDAY,
THE SIXTH DAY OF OCTOBER, 1868,
At 11 o'clock, A. M., his

TWO FARMS,

situate and lying in Quaker Neck, Kent county, Maryland. The HOME or Large Farm lies on Chester River, and

Contains 300 Acres,

two hundred and fifty acres are arable, and the balance is in

WOOD AND TIMBER,

with a large proportion of CHESNUT. The arable land is divided into five fields and under good and durable fencing. The soil is naturally good, and has been improved by Lime and Clover.

The Improvements *Are a Frame DWELLING,* with a Kitchen attached, and the usual Out-Buildings, all in good order. A Pump of excellent Water convenient to the Dwelling.

A PEACH ORCHARD
OF 2,000 TREES, IN BEARING.
A Pear Orchard and a very fine Apple Orchard, also in full bearing.
About TWO ACRES well set in Strawberries.

The other Farm lies on the North East branch of Langford's Bay, and

Contains 113 Acres,

only about five in Wood, and the balance is arable; the latter is divided into three fields, and under good fencing. The soil is naturally good, and is considered one of the best Corn farms in the Neck.

THE IMPROVEMENTS ARE A **Frame Dwelling** with a Kitchen attached, and the ordinary Out-Buildings, in fair order; a Pump of fine Water near the dwelling, and a YOUNG PEACH ORCHARD of 400 trees, just coming into bearing.

These Farms are eligibly located, being convenient to places of Public Worship, Schools, &c.; to our best Ducking points, fishing grounds and oyster beds. The Home Farm is not over a mile from the public Steamboat Wharf on Chester River, and the other farm is within 3 miles. The soil of these farms is well adapted to grain and fruit. No farm in this county now for sale or likely soon to be for sale is in quality of soil and location better adapted to the truck and fruit business than the small farm on Langford's Bay. No one desiring a handsome residence on Chester River, within seven miles of Chestertown, should fail to come and examine the Home Farm.

Mr. DeCorse is maturing his arrangements to leave the county, and will certainly sell his lands at fair prices and upon liberal terms, which terms will be made known on the day of sale. RICHARD HYNSON.

Chestertown, Sept. 12, 1868—ts.

Strawberry Plants AND DWARF PEARS.

I have about **200,000** Strawberry Plants, cultivated expressly for the Plants, which I now offer as low as can be bought of any Nurseryman, embracing the following choice varieties: Wilson's Albany, Agriculturist, Russell's Prolific, Knox's Jucunda or 700, and Golden Seeded.

Also, **5,000** Dwarf Pear Trees, principally Dutchess, *budded on the best two year old transplanted Angers Quince*, of my own importation, from the celebrated nursery of Duvesse & Co., at Orleans, France, that I will warrant equal if not superior to any that can be bought and at as low a price.

For the benefit of those wishing to plant Pear Trees, I will state that I have 2,800, of eight varieties, planted in 1863, and selected from the orchard of a gentleman who had thirty-two varieties, as the only ones worthy of cultivation. My own experience has induced me to discard all but the following, of which I sh
