Mayor Howard W. Jackson spoke on conservation, with a heretofore unsounded note the restocking of the diamondback terrapin in Maryland waters. Also the creating of bigger markets for Maryland oysters outside the State, was discussed by the Baltimore Mayor.

Herbert R. O'Conor, Attorney General, pledged to keep Sinepuxent Bay permanently open to the ocean, so that it will serve as a major seafood production center and as a Maryland ocean front harbor. Herbert M. Brune, Jr., promised to work unceasingly, if elected, for a Chesapeake Bay bridge that will serve lower Eastern Shore, and a determin-

promised to redeem Governor Nice's \$2 tag pledge; to encourage "conservative labor unions such as the American Federation of Labor. I am convinced they are an aid to the community," he stated. He also promised to devote himself to the repeal of the Wagner Act.

VERYONE who owns or drives a passenger car, motor bus or Li truck, has definite responsibilities. First of these obligations is to drive a car that's safe to drive.

Let's be frank! What about your car? When were the brakes last tested? Faulty brakes cause nasty accidents. Your tires? Have them checked often for air and wear. Avoid the great danger of changing a tire at night on a busy road. Your lights? They may be blinding the other fellow, and that means trouble. Your spring shackles and steering wheel? They need safe

lubrication to insure safe driving. Don't put it off! Help make our streets and highways safer! Drive a car that's safe to drive. The first step is to stop at any Tydol-Veedol dealer, or your own repair man. He won't try to sell you anything, but he will check your car for safety . . . free of all cost and obligation. He will tell you what's wrong! Then it's up to you.
