Kent News.

SATURDAY MORNING.....Nov. 27, 1886.

Letter From Wilmington, Del.

MESSRS. EDITORS KENT NEWS: — I suppose by this time you are through with the rejoicing over the political victory achieved in your State and have a place now to admit a line or two from your Delaware scribbler.

The political campaign is over here also. It was rather a tame affair. The whiskey men carried the State by a large majority. If the so-called temperance people had been true to themselves, they could have carried the State, but there are hundreds of people who talk temperance and vote whiskey every time, while it is true, there are those who drink and vote temperance every time. They want the temptation put away from them. Still the temperance workers have much to encourage them in the greatly-increased vote of the State, and as an organization they are before the people to stay. They are taking hold with renewed vigor to keep the subject alive by continuous agitation. This is a natural mode of purification. For only the still pools stagnate. The agitated purify themselves by activity. So in politics and in morals. Keep the issues alive by constant, intelligent discussion and the public will relieve itself of every wrong and enact only the right.

The morocco strike which lasted for five months is over at last, and the men are seeking employment at old rates. What consummate ally this striking business unless for cause!

The business activity of this city is greatly increasing. Old enterprises are taking on new life. Enlarged and in some instances increased facilities are required to meet the growing demands of trade.

The removal of the Pullman car works from Elmira, New York, to this city is going to be a great addition to the business of the city. They have purchased the old Bowers & Dure car shops and are enlarging them to meet their necessities and have already advertised for a number of men. They will employ about six hundred when in operation.

Then we have a new enterprise starting up to manufacture a new patent fire brick for paving and other purposes.

The iron industry is very busy in all departments.

The Harlan & Hollingsworth Company have large contracts for building iron vessels, which will keep them busy till late next spring or summer if they have no others.

Some of the ship-yards are a little slack at this time—the only exception.

We are glad to see the spirit of private and public enterprise booming in your town.

We congratulate you on the prospect of having a town clock to indicate your progress as well as mark your time. Yours, DEL.

sayings of Brother Gardner.

Gin a man credit if you want to start him on de road to de poo'-house.

Our Congressmen and Their Salaries.

When a member dies his pay ceases on the day of his death. The salary of the successor commences the day after the decease of the former member, though the election may not occur for several months. The new member, in other words, draws pay for the time he never served. A member is allowed twenty cents mileage each way, or forty cents a mile one way, and he can check for the full amount of both trips when he takes his seat. He is allowed $125 a year for stationery. The most of this sum is pocketed. The members draw their money in different ways. There are probably twenty of the present House who let their salaries run into nest eggs. There are a couple dozen of them who always overdraw, or rather, borrow from the head of the bank. They borrow or get in advance sums ranging from $10 to $300, and at the end of a month they have nothing. The great majority of the members draw all that's coming to them at the end of each month, particularly those who have their families with them. Some of them never see an outside bank, but let their monthly salaries remain, and draw it out in small sums. Others take out their salaries and place them in other banks. But this is not done as much as formerly. A number of them got caught in the Middletown bank that broke some time ago. Most of the members do their financial business over the counters of the Congressional bank, and some of them pile checks up as high as $60,000 in a single session.—*Boston Transcript.*

THE present John Jacob Astor is said to be the richest person in the world. His real wealth and other property in New York is estimated at $100,000,000. No other man in any other city in the world is said to be possessed of as much wealth as Mr. Astor. What money the Astor family gave to public objects has been given during the life of the giver, so that each can see how it is disposed of. None of the family make any show or pretensions but take life easily, and don't worry themselves. As a consequence they generally live to a green old age.

MONTGOMERY, Ala., boasts of a war relic in the shape of an antiquated mule. Said mule is branded "Confederate States" on one side and "United States" on the other. He is said to have served a time on both sides of the issue in the late war between the States.

RUSSIAN RHEUMATISM CURE

HAS PROVED TO BE

THE REMEDY

FOR RHEUMATISM.

MANTON, IND., Aug. 12, 1886.

My wife was so afflicted with Rheumatism in her shoulder and arm that she could do nothing for herself, and could not sleep in bed, but had to be bolstered up in a rocking chair. Physicians prescribed, many patent medicines were used, but the pain still got worse. I sent for the *Russian Rheumatism Cure*, under a cloud of doubts. It was used according to directions for one week, and my wife was cured. It was one of those agreeable surprises that you meet once in a lifetime. It is now over four months since the cure was effected, and she can wash, iron, hoe in the garden, and do all kinds of work as well as ever, and has no symptoms of the old disease. We have no hesitancy in recommending the cure to all similarly afflicted, as SAFE AND SURE.

Truly yours,

H. J. FISHELL.

Thousands of others have been cured.

PRICE $2.50.

NO MORE A MYSTERY. THE REASONS GIVEN.

WHY DOES THE CLOTHING TEAR SO EASILY?

ANSWER.—From the use of strong and impure Soap, made up in salable forms and shapes, with which the market is flooded. If you want to be right sure use ECKERS' OUR FOREFATHERS' SOAP—three connecting 4-inch cakes, making each bar one foot long; weight 22½ ounces—recommended by the Best Families, Hotels and Institutions throughout the country. It is prepared by the Grecian Purifying, Boiling and Settling Process, from fresh, clean and selected butchers' tallow. By its use you run no risk of contracting any skin disease; no stiffness of the arms or wrist. A great saving of time and labor. WASHING CLOTHES WITH OR WITHOUT BOILING OR SCALDING. You can use it as you wish, but to wash without boiling or scalding observe these directions: Take lukewarm water, rub with soap particularly on dirty spots, soak half an hour or more, gently rub on board and your clothes will be clean. Try it for one month and you will be convinced of its great advantages. VERY IMPORTANT TO KNOW.—That the best remedy for washing flannels to keep them from shrinking—wash in lukewarm water with FOREFATHERS' OR ECKERS' BOARD OF HEALTH SOAP (the greatest disinfectant known), and dry in a warm room; cold water hardens flannels and drying in cold air shrinks them. Ask your grocer for it. ECKERS' SOAPS WILL WASH WITH OR WITHOUT BOILING OR SCALDING.
