Reopening at Kesley Chapel.

During the past few weeks much time and attention has been given to old Kesley Chapel, in Broad Neck; the interior has been newly papered and painted and otherwise decorated and last Sunday was set apart as re-opening day; programs of special interest were rendered before large and highly appreciative audiences, both afternoon and evening and indeed was a great credit to the pastor and teachers. The music in charge of Miss M. Louise Glenn, organist, was a feature of the programs.

An effort to raise $100 to defray the expense of the improvements was gloriously crowned with success, $115.54 being raised at the afternoon and evening services. Instead of the usual preaching service at 3 p. m. a special program of music and an address by the pastor, Rev. Compher, and in the evening the hour set apart for Children's Day services the following interesting program was rendered: Opening Chorus, "All Hail the Power of Jesus Name," by the school; address of Welcome, Miss Emma Bryan; Recitation, "The Message of the Flowers," Miss Lillian Crew; Chorus, "Praise the Lord," School Solo, "Does Jesus Care," Mrs. A. E. Glenn; Recitation, "Little Willie," Miss Lillian Benney; Chorus, "The Golden Summertime," school; Motion Song, Miss Mary Crew; Solo, "God Will Take Care of You," Miss Carrie Bryan; Recitation, "A Child's Prayer," Miss Mary Crew; Solo, "I Belong to the King," Miss Emma Bryan; Recitation, "The 10th Psalm," Miss Lillian Benny; Solo, "I Love to Tell the Story," Mr. Richard Groves; Duet, "A Little While," Miss Minnie Hudson and Mr. S. J. Vickers; Address by the Pastor; Closing Chorus, "God be With You 'Till We Meet Again," school; Benediction.

Summer Base Ball at Betterton.—Preparations are being made to put a good base ball team at Betterton again this summer, and beginning with this Saturday when a game will be played with the St. Helena team of Baltimore, some fast ball playing will be seen. Games are being arranged with such clubs as Chesapeake City, Port Deposit, Elkton, Sparrows Point, Bel Air, Middletown, all leading teams in their respective neighborhoods. The teams at Betterton both in 1905 and 1906 were pretty strong, and the County people have always enjoyed a good article of base ball during the summer at Betterton.

Mr. Hanson Horsey, of Galena, is managing the team and Mr. J. Leon Taylor, of Kennett Square, Penna., is the captain. Mr. Horsey will be in the box again this Summer and the County rooters will have an opportunity to see some good twirling by this speedy college pitcher. Taylor is at short stop and a good hitter. He adds a great deal of strength to the team. Several of the most prominent players of the Kennedyville team will play here this Summer and with the best material at Betterton a good team is assured. The grounds are being put in first class shape and a large crowd is expected on Saturday, when the real season will begin.

The Summer season has been a little backward at all the resorts in early July this year, but people are pouring into Betterton now and the prospect is for a crowded season until sometime in September. Betterton played Walbrook on Wednesday, score 2 to 0 in favor of Walbrook.

Mrs. George W. Brown entertained last Tuesday evening in honor of her sister, Miss Elizabeth Ball, of Chestertown, and Mr. Wm. A. Brown, son of Sheriff George W. Brown, of Cumberland, Md. Crumpton Boat Service.

CRUMPTON, MD., July 22, 1907.

Messrs. Editors KENT NEWS:

Gentlemen:—We were well pleased to find a truthful report of the joint meeting of the Kent and Queen Anne's Commissioners in Crumpton last week in the NEWS. To read such loud stuff as appeared in one of the papers last Saturday was disgusting to every tax payer in the territory affected. That paper like on two other occasions, undertook to publish something they were totally ignorant of, viz., what the Steamboat Company agreed to do, that paper said, "the company agrees to run the steamer for two years but no longer unless it pays but how often a week they propose to run and what kind of accomodations they propose to offer is not stated." Now the truth of the matter is this. When we went before the Kent board their learned council objected to this expense of widening the draw unless the Steamboat Company gave a guarantee that they would run the line of steamers to Crumpton. Now what line of steamers did he refer to? Surely not the Corsica, for she runs here anyway.

Well to be plain, he had the assurance from Mr. Wagner and Mr. Davis that they as servants of the entire people were favorable to this work. Mr. Dudley after conferring with the learned counsel of the Kent board objected unless the Steamboat Company agreed to run the Chestertown schedule (now what is the Chestertown schedule but the daily boats the "Ford" or "Love Point") to Crumpton for two years, this the Steamboat Company did after a conference with Mr. Thomas G. Boggs, the intelligent and energetic secretary of the Merchants and Manufacturers Association of Baltimore, who are anxious to get the Eastern Shore trade to Baltimore. They, the M. D. & V. R. R. Co., gave the assurance that they would continue the boats running to Chester River to Crumpton for, at least, two years if the draw was widened. We believe that if they test the business for two years they will continue indefinitely.

Now, as to the tax-payers disapproval of this work as further erroneously stated. We have canvassed the territory, two hundred and forty square miles and have been unable to find a single tax-payer opposed to it. We mention a few only who favor it Mr. Alday Clements, Dr. F. N. Sheppard, Hon. Garrett Foxwell, Mr. Charles England, Mr. Pearly Moffett, Mr. Thos. Connor, Mr. J. W. Boggs, Mr. C. L. Jarrell, Mr. Spencer Merrick, Mr. Geo. I. Harrison, Mr. C. A. Bradley, Mr. L. C. McGinnis, Col. S. A. Wallen, Mr. W. F. Wiggans and thousand of others. Do not these gentleman pay taxes sufficient to be listened to? We represent two millions of property and have not less than three thousand poeple behind the request beside the M. D. & V. R. R. Co. asking for this obstruction to be removed, also the Merchants and Manufacturers Association of Baltimore, making an appeal in the interest of our own City and State.

Yet in face of all this I am duped by the learned counsel of the Kent board as presenting only Double Creek law. I was utterly astonished when I handed him a section of a law passed by Congress, March 3d, 1899, Section 18, authorizing the Secretary of War when he found an obstruction to navigation to order it removed, he blandly smiled and asked if this was Double Creek law. His remark only showed the contempt he has for the rights of the people, if this section demands this work we claim that the board is in duty bound to do it if some beloved section of the County object, surely selfishness predominates. Was there any objection to Chestertown having the free bridge? Oh, no. It benefited the resident section of Kent county. Did not the property of this 240 square miles help pay the bill?

Chestertown must be in a very weak condition when she is afraid that if we have equal accomodations that we will get all her trade. We went before both County boards and asked that it be made wider. We had 250 tax-payers behind us then. Let me say in conclusion that we are going to have this draw widened so that the steamers B. & F. Ford and Love Point can come to Crumpton. We preferred to present the matter in a business like way but I am informed that the work will not be done unless we make the boards do it. A shame upon any county that will allow itself to be forced to do its duty.

Wish the people of both Counties to know just who is responsible for this effort to keep back the prosperity of this section of Kent and Queen Aune's and will have printed a full and complete circular in a short time and send to every citizen of both counties, giving credit to those who supported this needed improvement and the actual facts of those opposed. The last hope of the obstructionist is a plea of "no money." Well there is hardly a school boy above the sixth grade but what knows that the Commissioners can get the money and in a legal manner too, besides this work will not cost more than three thousand dollars to be done in a substantial manner.

Thanking you for helping on this good work by giving me this space, I remain yours respectfully.

C. W. CLEMENTS,
Double Creek Lawyer.

The styles never were more attractive and charming, the trimming never more varied and beautiful, and the prices never so paltry and pleasing. Yet with the vast number of hats that have been turned out, we have a plentiful supply for the unfortunate ones—those who have as yet been unable to buy. We are showing the daintiest things in Trimmed and Untrimmed Hats and Sailors, and a gorgeous array of Trimmings, such as Flowers, Ribbons, Plumes, Grass, Feathers, etc.
