TO THE CITIZENS OF DORCHESTER COUNTY

The greatest problem today is employment. Mr. Winterbottom a sympathizer with the Anti-Organization, employs thousands, providing thereby, the money for rent, fuel, clothing and food. But who besides the Harringtons and Charles E. Barnett, a professional agitator, does the Organization employ? And these are paid from your taxes.

Your parents paid taxes tosupport them. You have paid taxes to support them. Must your children also be burdened with them?

Why not efficiency instead of extravagance? Why excessive fees? Why must we be ruled by bosses and machine politics?

Lets put the county back in the hands of the people by supporting the complete Anti-Organization ticket, the ticket composed of your friends, unfettered by bossism and its resultant costs.
