AT GULF DEALERS TODAY
A NEW KNOCKPROOF GAS!

AT 8 A. M. THIS MORNING, a sure cure for one of motoring's worst evils went on sale at Gulf dealers!

For every Gulf NO-NOX ETHYL pump now dispenses a new gasoline that is truly knockproof! This gas silences all that annoying "ping" in your motor—a sure sign of wasted power and harmful shocks. It kills every knock before it is born. For this new gas—the finest there is—has been stepped up to a new high in anti-knock rating!

Today's high compression motors demand such a fuel. Every knock is a cry for it. And Gulf is ahead of this demand with a fuel so knockproof it will even silence knocks in the highest-compression airplane engine—an engine extremely susceptible to knocking.

Give Gulf No-Nox Ethyl a trial. You'll get added power, pick-up and —*never a knock.* Costs no more than other Ethyl fuels. Get it at the Sign of the Orange Disc.
