"Draft 258"

STARRING
MAGGIE TALIAFERRO

"Draft 258" is a photo-drama that will make America dearer to every one of its citizens. It is the story of a typical American family. Mary Alden, a shop-girl, tells her sweetheart she will marry him when he comes to her in a uniform, and he happily complies with her request. One of her brothers, Matthew, is a socialist and German agents use him as their tool before he realizes their true motive. Mary is a genuine torch of patriotism, inspiring many to give both themselves and their money to the service of the government. Mary is abducted by German agents and placed in an aeroplane factory which they are about to blow up. The climax is exciting in the extreme, and the production glows with patriotism and devotion to the nation.

"Draft 258" is a sequel to "The Slacker" and surpasses even that successful picture in intensity, force and patriotic appeal.
