IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

Sterling's Pharmacy

WET WEATHER

brings heavier, more obstinate colds often than the colder weather of winter, and it always seems to be true that warm weather colds are much harder to dispel and usually are much more tedious and uncomfortable than those of winter.

REXAL COLD TABLETS

are for heavy colds—the kind that ordinary remedies do not seem to reach effectively. Gently laxative, pleasant to take, they seem to get right at the cold.

We guarantee Cold Tablets to relieve you and satisfy you in every way, or your money back.

PRICE 25 CENTS.

Let There Be Light

The men in charge of the work for the blind in Maryland, realize the full measure of the responsibility that has been placed upon them. In every sense of the word, they are their brothers' keeper, provided these brothers are blind. From the watch towers on well organized institutions, points the searchlight to survey every corner of the city and state. The blind children and youth are sent to the Maryland School for the Blind, at Overlea, that splendid plant, that needs but to be seen to be appreciated. The adults, including those educated at the School, who have reached maturity, and the many, sightless through accident and disease, are admitted in the Maryland Workshop for the Blind, corner Fayette and Paca streets, Baltimore, to the full limit of its capacity.

Furthermore, those, who for various reasons, cannot go to the Workshop, are followed to their homes, and carefully instructed. Miss Virginia Kelly, the Home Teacher, with experienced eyes, makes a careful survey of the needs and possibilities of the blind in their homes, and as far as is practical, adapts the instruction to fit the need. Whenever it can be done, a man, losing his sight in adult life, is encouraged to continue in the business in which he has previously qualified. Every possible help is given him, to this desirable end. Every effort is made not to put a square peg in a round hole; and all that kindness and experience can suggest to encourage and stimulate the disheartened, is done promptly. The results are wonderful. The work done at home, by the blind, may be sent to the Maryland Workshop for the Blind, and sold free of any charge. Some of the finest tatting, most perfect knitting, etc., are obtained from his source. In every case, the blind are taught to read, not only for the pleasure it gives, but also, because reading with the finger quickens the sense of touch invariably, so that increased dexterity results in every vocation open to the blind.

Will you not, as opportunity offers, help this big movement, the success of which seems assured? We aim to make the light shine in all the dark places, that those who have long sat in the shadow may rejoice. Any subscription sent to the Maryland Workshop for the Blind, Fayette and Paca streets, Baltimore, Md., will be gratefully received and acknowledged.

The work for the Blind requires Cash and contributions can be mailed direct to The Workshop for the Blind, 501 West Fayette Street, Baltimore, Md.

Don't help the Hun at meal time.

The wasted food that goes into your garbage can is a message of comfort to the enemy. Don't cheer up the Huns.

Make your food go as far as you can. Make every ounce you can spare go from Maryland to France.

Mr. Civilian, who is really getting your help—the Kaiser or the Food Administration? You can't aid in winning the war by tongue-thrashing the Hun and fooling with the Food Laws.

Not during one week this year have grain and cereal shipments to the Allies measured up to the amount they were led to expect from America. The first quarter of 1918 finds the supply over 800,000 tons behind the announced program.

The schools of the county were closed Friday and Monday for the Easter holidays.
