FOR THE LADIES,
Something New and very Beautiful!

THE EVERGREEN,
OR
CHURCH OFFERING FOR ALL SEASONS:

A Repository of Religious, Literary and Entertaining Knowledge for the Christian Family.

A RELIGIOUS Periodical, in the Magazine form, suited for the centre table, has long been a desideratum. "The Evergreen" is designed to supply the deficiency. It is equal in every respect to the "Ladies' Book," &c. and at ONE-HALF the price. Each number is superbly embellished with a fine copper-plate engraving. Among them it is intended to give portraits of

ALL THE BISHOPS,

deceased and living, of the American Episcopal Church, (comprising nearly fifty.) Three have already appeared since "The Evergreen" was commenced—viz.: Bishop PEABURY, of Connecticut, first presiding Bishop; Bishop WHILE, of Pennsylvania, second presiding Bishop; Bishop PROVOOST, the first Bishop of New York: besides the new Anglican Cathedral, at Jerusalem, Views, Churches, &c.—chiefly American and scriptural subjects.

The Literary Department is unequaled by any periodical in the country; being almost wholly original, and furnished by a number of distinguished Divines of the Episcopal church, and several eminent female Authors, Poeteses, &c. The *tone* is unequivocally Episcopal, but untinctured by any peculiar school, whether "High Church," "Low Church," "Puseyite," or "anti-Puseyite," which is its principal recommendation, as well adapted to take the place of *party* church newspapers.

As evidence of the general acceptableness of "The Evergreen," in the Episcopal denomination, it may be mentioned that its subscription list already includes persons in every State of the Union. ☞ Subscription, $1 50 a year.

NEW STORE.
CASH SYSTEM.

THE question is often asked why it is that goods cannot be sold in Rockville as low as they are sold in Georgetown and Washington? The question is easily answered: and I say that they can be sold as low here as they are in either of those places—that is, if they are paid for when purchased; but if they are sold on a credit, it will be impossible to do so—for a careful dealer can, with the cash, purchase his goods in Philadelphia or Baltimore from fifteen to twenty per cent. cheaper than any person (however good their standing may be) can buy them on credit: and as the subscriber is determined to sell his goods as low as they can be had in the District of Columbia, or elsewhere, he will be compelled to sell them exclusively for cash, or country produce, at a fair market price.

When money is so scarce as it now is, such a store will benefit the community very much, and the subscriber a little too—he having rented the large Brick Store House, opposite the Post Office, is now opening a good assortment of *GROCERIES, LIQUORS, CHINA GLASS, AND QUEENSWARE*, with a considerable quantity of *DRY GOODS*; the stock consisting in part, as follows—

1st, 2d and 3d qualities brown Sugar;
1st, 2d and 3d do loaf do
Java, St. Domingo and Rio Coffee;
Imperial, Young Hyson, Gunpowder and Black Teas;
Sperm, mould and dipped Candles;
Coshen and Glades Butter;
English and common Cheese;
First quality Potomac Shad, Susquehanna Herrings;
Smoked, Scotch and large Herrings;
A few barrels of Newfoundland Herrings, sup. quality and size.
Sugarhouse and West India Molasses;
One tierce excellent Syrup;
Old Irish and Scotch Whiskey;
American do. all qualities;
Champagne and cognac Brandy;
Jamaica and Antigua Spirit;
Holland and American Gin;
Madeira, Teneriffe, pale and brown Sherry, Sicily, Lisbon, Port and Malaga Wines;
One cask of Fintilla and Danotta Wine, a very scarce and desirable article;
A general and well assorted stock of China, Glass and Queensware;

With a great variety of other goods entirely too numerous to be inserted in a newspaper, which he pledges himself to sell on such terms as *ought* to give general satisfaction to all who may please to give him a call.

WRIGHT'S
INDIAN VEGETABLE PILL.

IF, during the continuance of storms and floods, the channels of

OUR MIGHTY RIVERS

become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be

OVERWHELMED WITH THE FLOOD.

In like manner with the human body—if the Skin, Kidneys, and Bowels, (the natural outlets for *useless and corrupt humors*,) become so obstructed as to fail in affording a full discharge of those impurities, which are in all cases

THE CAUSE OF SICKNESS,

we surely can expect no other results than that the whole frame will sooner or later be

OVERWHEMED WITH DISEASE.

As in the first place, if we would prevent an inundation, we must remove all obstructions to the free discharge of the superabundant waters. So, in the second place, if we would prevent and cure disease, we must open, and keep open, the Natural Drains of the body.

Wright's Indian Vegetable Pills,

Of the North American College of Health, will be found one of the best, if not the very BEST MEDICINE IN THE WORLD, for carrying out this beautiful and simple theory; because they completely *cleanse the Stomach and Bowels from all billious humors* and other impurity, and at the same time promote a healthy discharge from the Lungs, Skin, and Kidneys; consequently, as all the natural drains are opened, Disease of every name is literally driven from the body.

☞ CAUTION.—As the great popularity and consequently great demand for Wright's Indian Vegetable Pills has raised up a host of counterfeiters, country agents and storekeepers will be on their guard against the many imposters who are travelling about the country selling to the unsuspecting a spurious article for the genuine.

It should be remembered that all authorized agents are provided with a *certificate of agency*, signed by WILLIAM WRIGHT, Vice-President of the N. A. College of Health. Consequently, those who offer Indian Vegetable Pills, and cannot show a certificate, as above described, will be known as imposters.

The following highly respectable storekeepers have been appointed agents for the sale of *Wright's Indian Vegetable Pills*, and of whom it is confidently believed the genuine medicine can with certainty be obtained:

PRICE ONE DOLLAR
PROSPECTUS
OF A NEW VOLUME OF THE
AMERICAN FARMER.

THE Proprietor of the "AMERICAN FARMER," at the earnest solicitation of the friends of his journal, has determined to change it from a *weekly*, to a MONTHLY publication, after the termination of the present volume—and appeals with confidence to the kind feeling and active co-operation of his present patrons, to aid him in the enterprise.

It is the intention of the Proprietor to issue his journal in a large *octavo* form, each number to comprise 32 double column pages of original and selected matter, printed on a handsome brevier type, to be embellished with engravings illustrative of subjects to be treated of in its columns. He deems it superfluous to make any extended professions as to the course his journal will pursue; but it may not be amiss to remark, that as it is the *oldest Agricultural Journal in the country*, he will exert his best abilities to maintain for it in its new form, the high reputation which, in its present one, it has sustained for nearly the third of a century. While it will contain matters connected with the husbandry of the world, drawn from the most reliable sources in America as well as in Europe—while it will treat upon Agriculture in its most extended aspects, and render the *science of Chemistry*, in its application to the purposes of husbandry, tributary to the enlightenment of the general mind, it will be his peculiar province to render his journal the exponent of the interests, views and systems of culture of the farmers and planters of the Middle, Southern, South-Western and Western sections of the Union, thus identifying its objects with that portion of the country in which it was his good fortune to be born, and, as he trusts, proving by its character that it merits its support.

The price of the contemplated journal will be $1, per annum, payable invariably in advance, and as the price is low, and the postage under the operation of the new post office regulations will be correspondingly low, the proprietor, in appealing to his present subscribers, does so from a belief that, in their zeal for the promotion of the cause of agriculture, he has an assurance that they will take pleasure in increasing his subscription list; and as all new subscribers will desire to begin with the first No. of the new volume, he urges those who may interest themselves in his behalf, to be-stir themselves among their neighbors, and to transmit him their lists of subscribers by the 20th of June, in order that he may form an estimate of the probable number of copies which it will be necessary to strike off, as the first number will be published on the 1st day of July, and the work continued the 1st of each succeeding month. In return for the exertions of his friends, he promises them that he will furnish one of the best agricultural journals of the day.

As it is the desire of the proprietor to make his monthly a compendium of scientific and practical farming and planting, he respectfully requests that his subscribers will make it the medium of their communications to the public.

The volume when completed will comprise about 400 large 8vo. pages, and will be regularly mailed on the 1st of every month. ☞ Any postmaster or other person remitting $10, will be considered as our agent, and entitled to an 11th copy, or 10 per cent. commission. Such of our well-wishers and patrons that cannot give their personal services to the task of canvassing their neighbourhoods, will oblige us by appointing trusty agents for that purpose, and allow them the commission therefor.
