BETTER RAILROAD SERVICE.

Mr. W. Irving Walker, representative in the legislature from Queen Anne's county, and a progressive, public spirited citizen, has been interesting himself in looking to the betterment of the railroad service between Chestertown and Baltimore, with especial reference to the excess charges for passenger transportation via Wilmington instead of Porters. His efforts have brought forth the following letter from the railroad officials:

PHILADELPHIA, PA., DEC. 28, 1911

MR. W. IRVING WALKER:

Dear Sir:—Replying to your letter of the nineteenth instant, permit me to say that at the request of Mr. Hope H. Barroll, Counsellor-at-Law, of Chestertown, Md., the question of train service between Baltimore and points on the Chestertown Branch was reviewed by our Operating Department, and the conclusion reached that it would be impossible to increase the train service for the reason that the volume of business between the points in question is so small that the service as it is now arranged is operated at a loss to our Company.

With a view of overcoming your objection in connection with the use of mileage tickets, we are arranging to establish a system whereby the holders of mileage tickets can present the same to our conductors, who will lift the short line mileage between Baltimore and Chestertown or points on the Centreville Branch, and furnish passenger with a mileage exchange ticket good via Wilmington, thus giving them the benefit of the short line rates between the points named, and at the same time allow stop over at Wilmington. This arrangement will be placed in effect as soon as the necessary tariffs exchange tickets, etc., can be prepared, and the required notice of thirty days be given to the Interstate Commerce Commission.

Our excursion tickets between Baltimore and Chestertown are good via either Newark or Wilmington, and can be used via either route at the option of the passenger regardless of the fact whether direct train connections are made via the shorter route or not, and if they have not been so honored in any particular instance and you will advise us the train and date, we will look into the matter with a view of seeing that existing instructions are properly carried out in the future. Very truly,

GEO. W. BOYD,
General Passenger Agent.

Charles Durham, Lovington, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear thro' on the floor. I tried several kinds of kidney medicine and I was in the drug store looking for something different to help him when I heard of Foley's Kidney Pills. After he had taken them two days we could see a change and when he had taken two thirds of a bottle he was cured. That is about six weeks ago and he has not wet in bed since." Sold by M. A. Toulson, druggist.

WEALTH FROM MUSKRAT FARM.

1700 Muskrats Trapped in Fifteen Days, Netting $850 to Farm Owner.

Mrs. John Fox, who owns three farms south of Port Penn, is reaping a golden harvest just now by catching muskrats. Mrs. Fox owns the section known as Long Island, running from Silver Run to the Appoquinimink river, composed of 400 acres of marsh land. The muskrat crop on the farms this year is even better than in former years and as a consequence Mrs. Fox is fattening her bank account. Silas and Noah Johnson and two other colored farm hands are kept in charge of the big muskrat grounds. Every morning the quartet of colored men can be seen plodding their way along the marsh banks, across the meadows and onto fast land with loads of muskrats. As a result of close trapping during the past fifteen days, 1700 muskrats were trapped netting Mrs. Fox about $850. It is expected that before the present season ends on March 15 that over 6,000 muskrats will have been taken by Mrs. Fox. The rat's pelt and body sell for 50 cents, 45 cents being the prevailing price for the pelt.

New Birth Chapter—John 3.

WHAT a splendid specimen of clean manhood Nicodemus was! But Christ taught him that he must be *born again*. (1) *Nicodemus must be born again* (verse 7). (a) His religious creed was not sufficient; he needed to be *born again*. (b) His membership in the Sanhedrin was not sufficient; he needed to be *born again*. Membership in a club, secret society, benefit association, or even in the Christian Church will not save you. (c) Performance of religious duties was not sufficient. He was a good *Pharisee* (Luke 18. 11, 12), but he needed to be *born again*. (d) His high moral character was not sufficient. Christ insisted that this clean, upright, honest, moral man *must be born again*. (e) His acknowledgement of Christ as a great teacher was not sufficient (verse 2). Christ is more than a superior intellectual genius, or faultless literary artist; he is a Saviour dealing with sinners that need to be *born again*.

(2) *The necessity of a new birth.* "Man *must*, absolutely and imperatively *must*, *be born again*." Why? Christ's answer is in verse 6. Note the results of the operation of that law. (a) No spiritual discernment 1 (Cor. 2. 14). (b) A rebellious spirit (Rom. 8. 7, 8). (c) A heart filled with earthly affections (Rom. 8. 2). (d) The spiritual nature dead (Rom. 8. 6). (e) The whole life in bondage (Rom. 7. 5). Because these facts are true of every man by nature, *all must be born again*.

(3) *The nature of the new birth.* The new birth "from above," or birth "anew." It is new life coming into the soul through Christ (John 10. 10). It is absolutely *new* (2 Cor. 5. 17). It is from God and not from men (John 1. 13), and therefore the life is divine. Man is dead in trespasses and sins (Eph. 2. 1; the new birth is the coming in of a new life principle which makes the dead live. You are born again when Christ takes possession of your soul.

(4) *The method of the new birth.* When you were born again, and *how* you were born again are of comparatively little concern. *The fact is all essential.* You *must* be born again, and you ought to *know* it. You need not know the time, and place, and method, but do you *know* that you have been born again? Settle this question decisively. You ask: How may I know it? Test it by John 3, 14, 15. You know whether you have received him: that decides the question of the new birth.—*T. S. Henderson in Chapters of Blessing.*

Little Bo-Peep washes her sheep
With Fels-Naptha and cool water,
That's why they're quite snowy white
As they come trailing after

Remember this about Fels-Naptha Soap: It's not only distinct from other soaps in name but different in action.

Most soaps have the distinction without the difference.

But Fels-Naptha is different in this—it's a totally new way of washing.

Fels-Naptha is the only soap that will satisfactorily wash clothes in cool or lukewarm water, without boiling or hard rubbing.

That's the difference.

No boiling or scalding clothes to weaken them, no back-breaking rubbing over nauseous hot suds.

Washing done in one-half the time with one-fourth the labor, clothes last longer and are cleaner and sweeter than any other method of washing we make them.

Do you prefer the different way?

You will when you've tried it.

In using Fels-Naptha Soap in Winter or Summer, follow directions on the red and green wrapper.

The J. E. Baker Co. Now Offers For Sale

Victor Fine Ground Limestone

THE BEST WAY TO LIME: The United States Government and the Pennsylvania Agricultural Experiment Stations are now recommending Finely Ground Limestone as the best way of applying Lime to the soil. It does not destroy manure, there is no danger of burning your crops, it keeps for years, and can be applied at any time or season.

EASIEST AND CHEAPEST TO USE: Comes packed in canvas or paper bags. Can be easily handled, and kept in storage indefinitely, without change or loss. No more laborious slacking, no more choking dust, nor scalding burns. Can be drilled into the soil, or sowed on the surface and harrowed in. Saves half the cost of the old way of applying Lime. Is cheaper and better.

GIVES MAXIMUM RESULTS: It has been proved that very Finely Ground Limestone produces, as a fertilizer the same results pound for pound as air-slaked Lime, or any other commercial fertilizer, and because VICTOR Fine Ground Limestone is the purest, most Finely Ground Limestone on the market, and because it destroys no manure or crop, it gives much better results than any other burned or hydrated Lime made.
