WRIGHT'S INDIAN VEGETABLE PILLS.

IF, during the continuance of storms and floods, the channels of

OUR MIGHTY RIVERS

become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be

OVERWHELMED WITH THE FLOOD.

In like manner with the human body—if the Skin, Kidneys, and Bowels, (the natural outlets for *useless and corrupt humors*,) become so obstructed as to fail in affording a full discharge of those impurities, which are in all cases

THE CAUSE OF SICKNESS,

we surely can expect no other results than that the whole frame will sooner or later be

OVERWHELMED WITH DISEASE.

As in the first place, if we would prevent an inundation, we must remove all obstructions to the free discharge of the superabundant waters. So, in the second place, if we would prevent and cure disease, we must open, and keep open, the Natural Drains of the body.

Wright's Indian Vegetable Pills,

Of the North American College of Health, will be found one of the best, if not the very BEST MEDICINE IN THE WORLD, for carrying out this beautiful and simple theory; because they completely *cleanse tha Stomach and Bowels from all billious humors* and other impurity, and at the same time promote a healthy discharge from the Lungs, Skin, and Kidneys; consequently, as all the natural drains are opened, Disease of every name is literally driven from the body.

☞ CAUTION.—As the great popularity and consequently great demand for Wright's Indian Vegetable Pills has raised up a host of counterfeiters, country agents and storekeepers will be on their guard against the many imposters who are travelling about the country selling to the unsuspecting a spurious article for the genuine.

It should be remembered that all authorized agents are provided with a *certificate of agency*, signed by WILLIAM WRIGHT, Vice-President of the N. A. College of Health. Consequently, those who offer Indian Vegetable Pills, and cannot show a certificate, as above described, will be known as imposters.

The following highly respectable storekeepers have been appointed agents for the sale of *Wright's Indian Vegetable Pills*, and of whom it is confidently believed the genuine medicine can with certainty be obtained:

POOLE'S HEALTH RESTORATIVE.

THE subscriber, the discoverer of the Health Restorative, having been for more than twenty years afflicted with continued illhealth, experiencing all those horrible sensations attendant upon a general functional derangement of the stomach and bowels, such as nausea, loss of appetite, lassitude, pain in the head and eyes, pain in the shoulders, soreness about the stomach, pain and soreness about the kidney and loin, sick headache, costiveness, and extreme general debility; and, under the treatment of the regular faculty, (many of whom had attained to extensive and exalted professional reputation for skill and moral worth,) received no permanent benefit.

The subscriber, during this protracted period of suffering, had watched the symptoms of his disease closely, and had not been an indifferent observer to the effects of the many remedies used, which were, in most cases, such as were brought to bear and immediately to act upon the stomach and bowels, which were already so much weakened from the disease that they were unable to supply the wants of nature, while scarcely any thing was done to act directly upon the skin and the extreme organs. Having come to the conclusion that, as the regular and natural functions of the skin were to remove a large amount of effete matter from the blood by sensible and insensible perspiration, that this continued action was absolutely necessary for the promotion and preservation of health, determined to try external applications, believing that, if the natural functions of the skin were restored by appropriate treatment, the restoration of the health of the patient would be the result; and, in order to effect this object, the subscriber deemed it necessary to use such remedies as were calculated to stimulate and strengthen the weak parts in their action—nature, in the meanwhile, throwing to the surface, by means of this preparation, the cause of the disease, which was then removed by the increased action of the absorbents, and, in the meantime, a free and equalized circulation of the blood is kept up, which is no less important to health; for certain it is that, in the same proportion as the blood fails to flow to the surface and extremities, so its action is increased upon the internal organs.

After trying a variety of irritants, stimulants, and absorbents, variously combined, to the surface, and tonics calculated to stimulate and strengthen the stomach and bowels, he was fortunate in compounding a remedy, the use of which has been the means of imparting strength and vigor, not only to the digestive organs, but the resulting good effects of which have been experienced in the whole system.

The Restorative will not only be found efficacious in dyspeptic cases, but in all cases where nature's powers, whether from weariness or ill treatment, have become weakened or morbid in their action, whether general or local, in all cases where blistering or cataplasms can be used to advantage, the Restorative will be found most efficacious, superceding, in a great measure, all other stimulants and irritants. Persons suffering with protracted Bronchitis, Sore Throats, and that form of Consumption to which many divines and others, who are in the habit of much public speaking, are subject to, Chronic Rheumatism, Pain in the Back, Lumbago, &c. Affections of the Kidney, Sprains and Bruises, Stiffness of the Joints, Nervous Affections, Affections of the Spine, Swellings of long standing, Wens and Tumors, Bites and Stings of Poisonous insects, Scalds and Burns, Chillblains, Recent Wounds, Fits and Spasms, Cholics, Toothache, Protracted Pleurisy, &c.

The subscriber is influenced in bringing his remedies before the public by an ardent desire to benefit suffering humanity. Having been, for so many years, a martyr to much suffering himself, he can readily and naturally sympathize with the afflicted; and having been, at last, in a great measure restored, he is extremely solicitous that his fellow beings, who are or may be enduring all anxieties of mind and physical distress which are the unavoidable results of ill health, as he believes, may have a remedy within their reach that is efficient and certain in imparting the inestimable blessing of health in the remedies as now offered to the public. Influenced by these views and motives, he hopes it will be in his power to do much good in his day and generation.

☞ A direction will accompany each bottle, signed by the subscriber in his own handwriting. JOHN POOLE.
