MIGHTY MICHIGAN WINS SILVER CUP

Finishes Third Of More Than 100 Cars In 108 Mile Race

The following telegram was received at the Michigan factory, in Kalamazoo, July 10th:

"V. L. Palmer:
Michigan Forty finished third in road reliability race—Camden to Wildwood, New Jersey—one hundred and eight miles. Over one hundred cars entered. Pierce Arrow first. Our prize: Silver Cup. Car driven by Dr. Faulkner, of Bridgeton, New Jersey.
E. F. GERBER."

This is one of many similar performances that the Mighty Michigan Forty has given this season.

The even balancing of all parts to match the strength represented by the Mighty Michigan Motor and Chassis is a characteristic which has become distinctive of this Car. It is asserted that this accounts for the sensational success of the Michigan among medium priced cars. It is an illustration of the value of thirty years manufacturing success behind the product.

Dearborns

Our trade has increased so much from year to year on Dearborns that our supply has always run short about this season of the year. We have built a larger quantity this season than ever before, and we now have on hand a liberal supply ready for immediate delivery. They have all Cypress bodies, Oak Riggings and our own wheels. If you are going to need one this season now is the time to order. We will book your order, guarantee delivery later, or we will deliver at once, if you prefer.

Cream Harvesters

Now is the time when you need a Separator. It takes all the impure substances from the milk, saves all the cream, and each cow will make on an average one pound of butter more per week. We have on our floor now the

BLUE BELL

We have many satisfied users of these machines and they do the work. One gentleman said a short time ago if he could not buy another he would not take $200 for his. We are so well satisfied of its ability to perform all the service we claim for it that we are willing to bring it to your farm and let you use it for a week or ten days, and if you are not fully satisfied we will take the machine away.

You run no risk. We give you full instructions how to operate it and we know you will be satisfied with the results. Can we bring it?

Gasoline Engines

The I. H. C. Engines are so well known here now that we hardly need to elaborate any on the merits of them. We only want to call your attention to the fact that we are still the agents for them and any size, up to and including four-horse power, can be seen at our store.

THE CHESTERTOWN BANK OF MARYLAND

CHESTERTOWN | And GALENA, MD.

TO OUR Farmer Friends

Now that harvest is over and it will not be long before you will receive the returns from your crops, we take this opportunity to remind you that the bank is the only place to keep your money, and we most earnestly ask that you will favor either the Galena or the Chestertown Departments of THIS BANK with your business.

BE IT LARGE OR SMALL IT WILL BE APPRECIATED.

We will furnish you check books free and you can draw on your deposit when needed—thus affording you both safety and convenience.

This Bank Has Stood The Test!

This Financial Institution has stood the test of an extensive and thorough experience of eighteen years, and during that time has steadily advanced in reputation, grown in substance and increased in usefulness.

It was the first Bank in Kent County ever known to pay interest on deposits, and is NOW one of the Best Banking Institutions in the State of Maryland, and is thoroughly worthy of your fullest trust and favor. Its motto is, "SAFETY BEYOND ALL ELSE."

BADLY BEATEN UP.

A white man named Mace was found near Locust Grove yesterday badly beaten up, but as to the details nothing is known at this writing. The Sheriff and State's Attorney Vickers left here at 2 o'clock yesterday for the scene.

PAPER MILL WILL SOON START.

We are informed by parties in a position to know that the Chestertown Strawboard mill will begin operations very soon. The officials say that it would be advisable for the farmers now to be a little particular in stacking their straw for the mutual benefit of themselves and the strawboard Company. Straw well stacked will bring very much more money.

BARN BURNED.

Lightning struck the big barn on Judge James Bramble's Swan Creek farm tenanted by his son, Matthew, last Monday might and completely destroyed it. A new reaper, mower, drill and other implements were burned besides about 20 tons of hay. Mr. Matthew had just driven in the yard when the little colored boy detected the smell of smoke and in an instant the barn was ablaze. Matthew ran into the stable and in his excitemint scared the horses and one of them kicked him on the leg a hard blow. He succeeded in releasing all of them. The loss will be about $1000 practially covered by about $500 insurance in Kent Mutual and Jos. N. Wheatley's agency.
