FIRST CONTRACT FOR TOMATOES.

The outlook for the farmers who raise tomatoes in Kent is very promising. The first contract made in Kent for 1913 is said to be by Mr. Samuel Maslin, of near Edesville. He has contracted to raise tomatoes at $10 per ton, and to ship to Baltimore from Ship-yard.

The farmers who ship from Brown's Lankford Bay wharf, in Quaker Neck, are asking $10.20 per ton, or 17 cents per basket.

SLATE QUARRIES TO BE SOLD.

The Harford county papers contain a trustee's sale, under a mortgage of valuable peach bottom quarries, with manufacturing plant, located on slate ridge in Harford county. The advertisement states that the approximate amount due is $90,000. S. A. Williams, Esq., is the trustee. Kent countians are very much interested in this plant, as a number visited the quarries and afterwards invested quite a sum when the total is considered.

REPORT OF AUDITING COMMITTEE.

The Kent County Auditors, Messrs. E. W. Hepbron, T. G. Wroth and Wm. G. Smyth, make their report this week. It is found on page 6 of the NEWS. It is a comprehensive, plain and full report showing the careful manner in which this committee have looked into the affairs of all the Kent county offices.

It is up to the County Commissioners to carry out the recommendations contained therein. If the law does not provide payment for collecting taxes unpaid after a certain date it should be made to do so. The laborer is worthy of his hire.
