MIGHTY MICHIGAN WINS SILVER CUP

Finishes Third Of More Than 100 Cars In 108 Mile Race

The following telegram was received at the Michigan factory, in Kalamazoo, July 10th:

"V. L. Palmer:
Michigan Forty finished third in road reliability race—Camden to Wildwood, New Jersey—one hundred and eight miles. Over one hundred cars entered. Pierce Arrow first. Our prize: Silver Cup. Car driven by Dr. Faulkner, of Bridgeton, New Jersey.
E. F. GERBER."

This is one of many similar performances that the Mighty Michigan Forty has given this season.

The even balancing of all parts to match the strength represented by the Mighty Michigan Motor and Chassis is a characteristic which has become distinctive of this Car. It is asserted that this accounts for the sensational success of the Michigan among medium priced cars. It is an illustration of the value of thirty years manufacturing success behind the product.

Did You Ever Think Of It In This Way?

¶ If you save $100 from your earnings during a year it is the same amount you would receive on a $2,000 investment for one year at 5 per cent.

¶ To save, one must sacrifice. The best things of life are gained in this way. If you want to lay aside a part of your earnings, come to this bank and open an account. A bank account will assist you greatly in the undertaking.

¶ We welcome the small depositor.

WILD WEST SHOW MEETS WITH ACCIDENTS

A Large Audience on Reserved Seats Precipitated to The Ground And Several Hurt—Horse Tent Takes Fire.

The Wild West Show arrived in Chestertown Sunday morning and pitched their tents on Mr. J. G. Usilton's lot foot of Mill street. About 2 A. M. Monday fire broke out in the horse tent and before it could be extinguished three horses and the trick mule were badly burned. The watchman fell asleep and is supposed to have kicked over his lamp causing the fire. It is said that the horses will recover but that there are serious doubts about the trick mule pulling through.

During the night performance when every seat was occupied and many were standing there was an accident which fortunately did not prove as serious as it looked to be at the time. Six hundred people were occupying the reserved seats when the whole section collapsed throwing the whole crowd to the ground! The tiers of seats began to swerve slightly at first and continued to glide slowly but surely to the ground. It was this gentle falling and the peculiar arrangement of the framework which saved many a limb.

During all the excitement and commotion the action of the managers of the show was admirable. The band did not for a second cease to play, the performers kept on with their parts as though nothing had happened, while officers and employes of the show, assisted in every way possible to extricate all that were caught in the collapsed structure and to relieve those who suffered injury. Hurried calls were made for all physicians in the town. After the excitement had subsided the following were found to be the most seriously injured:

Mr. Augus Robinson, Chestertown, a fracture of his right limb below the knee.

Mr. Henry S. DeFord, the well-kown carriage man, of Chestertown, a very severe sprain of his right limb.

Mr. Harry Massey, of Church Hill; Mrs. Wm. French, of near town, Miss Zoa Elliott and Mr. William Blyman, of Chestertown, Mrs. William Cooper, of Worton, Highley Orem, Arthur Bradley, Misses Lottie Rose, Daisy Barnes and others sustained sprains of ankles and limbs slightly bruised. One gentleman had the seat of his trousers torn out in the fall.

Foot Ball Today.—The first foot ball game of the season will be held at Washington College this afternoon at 3.30. Rock Hill College will be the opponent of Washington and as these teams played a tie game last year a good contest is anticipated.

PEAKE SISTERS.

OVER $200,000.00

The Tomato Industry In Kent Pays The Farmer Well—An Estimate of Shipments Shows a Wonderful Crop.

ONE FARMER GROWS 120 TONS OFF 10 ACRES.

The growing of tomatoes is one of the best paying crops raised in Kent county. There were of course some small crops but the average yield in this county has been between four and five tons. Had it been any larger the canneries possibly would have been glutted and the market for future goods injured seriously.

Mr. Jos. Downey's cannery at Rock Hall contracted for 80 acres from which the farmers averaged seven tons, a fine yield.

Mr. Thos. J. Davis likely takes the palm with 252 tons and 24 baskets off 23 acres.

Mr. Clifton Jarrell says he will clear $35 per acre off 100 acres and not $20! Better than we thought.

Turner & Son contracted for 400 tons for the Davis cannery at Barnard's and 250 tons for Silver & Co., at Havre de Grace and estimates an average of 5 tons to the acre.

Mr. Thos. Fowler on attorney Vickers' Flatland farm has sold 120 tons off ten acres, an average of 12 tons to the acre. Who can beat this?

Mr. Sam'l Willis got a good acreage on Plum Point. He had 40 acres and got 250 tons.

Mrs. Rose Strong's boys on Grey's Inn shipped 100 tons off 12 acres, which was a fine crop.

The Broad Neck growers and others shipped 105,987 baskets from Beck's wharf off 310 acres up to Saturday an average of about 6 tons to the acre. There were 8046 baskets shipped on Sept. 20th, the biggest day.

The average price has been $9.60 per ton of 60 baskets.

Frost ends the season for tomatoes. The tomato as a staple of diet has grown steadily in popularity in recent years, and its increased production has brought it within reach of all. With other foodstuffs soaring to unhead of altitudes its price remained low and the demand for it has become tremendous. A shortage in the supple and the consequent increase in price would work a great hardship upon many people to whom it has become a necessity and economical addition to the menu. Some persons interested in the tomato pack have figured out a shortage in Maryland this year of two million cases.

The Bertie E. Tull Co. has carried scores of tons from Worton Creek the total output from this season being reported at 300,000 baskets.

An estimate of the crop in baskets grown in Kent as near as we can gather from various sources are as follows:

PLACES.	BASKETS.
Above the bridge	60,000
Capt. Tucker, Chestertown	45,000
Baldwin, Chestertown	96,000
Baldwin, Kennedyville	48,000
Beck's Wharf	104,000
Worton Creek	300,000
Millington	25,000
Shipyard	75,000
Riverside	35,000
Quaker Neck	15,000
Betterton	75,000
Barnard's	120,000
Brown's Wharf	50,000
Rock Hall	33,000
Worton	45,000
Lynch	46,000
Still Pond	60,000
Blacks	60,000
Lambson	45,000
Massey	60,000
Telchester	21,000
Grand total	1,418,000

This means 23,633 tons at $9.60 per ton gives to the farmers of Kent the astounding sum of $226,879.68!

THE gypsy women who invaded Kent last week attempted some bold robberies down the county. In one store they stole five dresses and from a resident of Rock Hall they actually went into his pocket and stole all he had but 13 cents! They stole Mr. Harry Wagner's pocket book containing $40, but as soon as he realized his loss he followed them and overtaking the women, pulled one of them from the wagon and recovered his money.

GET transferred Tuesday, the last day for such work.

THE
