Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk.

The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than **DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.**

This famous Doctor's prescription has been recommended for over **40 years**, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.

Dr. Pierce's Golden Medical Discovery

Sold in Liquid or Tablet form by Dealers in Medicines

Send 31 one-cent stamps to pay cost of mailing *only* on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, clothbound. Address Dr. Pierce, Buffalo, N. Y.

Children Should Have Good Light for Studying

A poor light strains the eyes, and the injurious effects may last for life. An oil lamp is best. The light from the Rayo Lamp is soft and mellow. You can read or work under it for hours without hurting your eyes.

The RAYO is constructed scientifically. It is the best lamp made—yet inexpensive and economical.

The **Rayo Lamp,** made of solid brass—nickel plated. Lighted without removing chimney or shade. Easy to clean and rewick. Made in various styles and for all purposes.

"Father, I'm Glad You Smoke Duke's Mixture"

Before we tell you about the boy and his air rifle, we want you to hear about *Liggett & Myers* Duke's Mixture—the tobacco that thousands of men find "just right" for a pipe—the tobacco that makes "rolling" popular.

Liggett & Myers

Duke's Mixture

This favorite tobacco is fine old Virginia and North Carolina bright leaf that has been thoroughly aged, stemmed—and then granulated It has the true tobacco taste, for the very simple reason that it is *pure* tobacco.

Pay what you will—it is impossible to get a purer or more likeable smoke than Duke's Mixture. It is now a *Liggett & Myers* leader, and is unsurpassed in quality.

In every 5c sack there is one *and a half* ounces of splendid tobacco—and with each sack you get a book of cigarette papers FREE.

How the Boy Got His Air Rifle

In every sack of the *Liggett & Myers* Duke's Mixture we now pack a Free Present Coupon. These Coupons are good for all kinds of useful articles—something to please every member of the family. There are skates, sleds, balls and bats, cameras, umbrellas, watches, fountain pens, pipes, opera glasses, etc., etc.

As a special offer, *during January and February only, we will send you our new illustrated catalogue of presents, FREE.* Just send us your name and address on a postal.

Coupons from Duke's Mixture may be assorted with tags from HORSE SHOE, J. T., TINSLEY'S NATURAL LEAF, GRANGER TWIST, *coupons from* FOUR ROSES *(10c-tin double coupon),* PICK PLUG CUT, PIEDMONT CIGARETTES, CLIX CIGARETTES, *and other tags or coupons issued by us.*

KENNEDYVILLE NOTES.

Quite a number of our citizens have been, and are on the sick list, or indisposed; among the rest in this list are the following: Mr. William Jewell, still suffering from rheumatism; Mrs. L. A. Pennington, Mrs. F. H. Mullineaux and others with either grippe or bad colds.

Mr. Mullineaux, pastor of the M. P. Church, has been very sick from an acute attack of his old enemy, lagrippe, confined to his room and bed for several days last week, following the violent attack which came on the evening of Friday, December 27th. Under the good and helpful treatment of Dr. Urie, Mr. Mullineaux is rallying nicely and was able to hold church services both morning and evening of Sunday last. Holy Communion in the forenoon, with one accession, Mrs. Eva Comegys, by certificate. A very interesting Christian Endeavor Consecration service, led by Mr. Wm. T. Hague, with a large attendance, was held Sunday evening. The pastor gave a brief talk on Ideal Christianity after quite a number had taken part.

The annual election of officers for the Sunday school of the M. P. Church took place on Sunday morning last, with the following results: Superintendent, John Medders; assistaht superintendent, Miss Annie Weer; secretary and treasurer, George R. Raisin; librarians, Master Harry Raisin; and Bruce Dukes; organist, Miss Blanch Scotten; assistant organist, Miss Bessie Jewell. Superintendent Medders exhibits marked interest in the school, and desire that great progress be made this New Year along all lines. He desires that his complement of good teachers continue to serve in the same capacities as filled by them during the past year.

Mr. and Mrs. Linwood Redmile entertained the M. P. Ladies' Aid Society on the evening of Friday, Dec. 27th. Quite a goodly number were present and after the business of the meeting had been transacted the company were invited into the dining room where all partook of refreshments and Christmas good things generally around a large table.

CHESTERVILLE NOTES.

Mr. Charles Spry has moved recently to Chester, Pa. Mr Howard King has moved near Worton, on Mr. Walter Truitt's farm. Mr. Wm. Durkin has moved on the farm vacated by Mr. Culley. Mr. Chris. J. Conner has removed to Cecil county. We are sorry to have Mr. Conner leave Kent, as he has many warm friends here.

Mrs. Adolphus Davis, of near Millington, met with a serious and nearly fatal accident Christmas week, falling from a high cupboard on a chair, injuring herself badly, breaking several ribs. This is unfortunate, as Mrs. Davis had a severe illness last Christmas.

Mrs. George Jones has improved so much as to be able to be out driving one day this week. Her many friends will be glad to hear of her recovery.

Miss Bessie King, of Wilmington, Del., visited her parents, Mr. and Mrs. Howard King, near Millington, during the holidays.

PARCELS POST "DONT'S AND CANS"

Don't use the regular postage stamp Use the "parcel post" stamps.

Don't seal packages, but see that they are strongly wrapped.

Don't send packages weighing more than ELEVEN pounds and larger than six feet in combined grith and length.

Don't fail to write your (the sender's) name in the corner.

Don't drop your package in the street corner mail box. Take them to the postoffice or the nearest substation. Something might happen to them otherwise.

Don't worry if parcles post does not work smoothly for the first month or so. It takes time to establish an express system.

Don't send books; they are excluded.

Don't try to send whisky, intoxicating liquors, poisons, live animals, explosives, matches, disease germs, scabs, pistols, revolvers, raw hides or pelts by parcels post. It is against the law.

"Cans."

You can send milk, if in approved container, to all points in local zones; that is, a farmer living on rural route running out of Baltimore can send milk to a customer in Baltimore, provided the milk can does not have to be carried on railroad or electric train

You can send eggs in baskets in local zones. When destination requires railroad trip they must be packed in approved egg crates.

You can "insure" 10 cents up to $50 in value.

You can send dressed fowls and meat properly packed.

Farmer outside of Baltimore can make up a market basket of produce, weighing 11 pounds, and send to a customer in the city for 15 cents. All the farmer has to do is to deliver his package to the rural mail carrier when he comes by.

Merchants can send packages to their rural customers and thereby save urban delivery system cost.

Merchants can advertise articles for parcles post delivery and develop country trade.

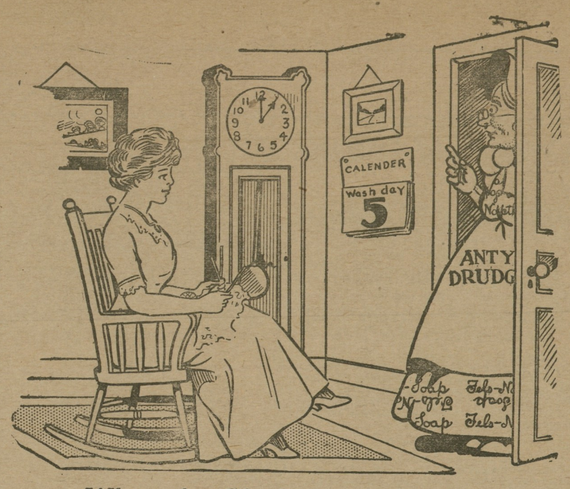
MODERN DANCES PROHIBITED.

The department of discipline at the Naval Academy, Annapolis, frequently exercises paternal care over the midshipmen, the latest being the promulgation of specific directions connected with the manner of dancing and also of escorting their young women friends to and from the hops. These instructions were recently made known to the midshipmen by an officer of the academy:

1. None of the modern dances are to be performed under any circumstances.
2. The midshipmen must keep their left arm straight during all dances.
3. A space of at least three inches must be kept between the dancing couples at all times.
4. A midshipman must not take the arm of his partner under any circumstances.

Some of the midshipmen are rather restive under these regulations and particularly object to the second, which, they claim, enforces a constrained and tiresome position. However, the rules will be rigidly enforced.

"THIRTEENS have already been running through my life in connection with some good fortune," said Governor Wilson on New Year's Day. The year of his nomination to the Presidency prodused 13 by adding the digits 1 9-1 2. Woodrow Wilson contains just 13 letters. He was 13 years a professor at Princeton. He was elected the thirteenth president of the University; he presided over about 1300 students. Even the "31st," which is the Presidential term begun on March 4, produced the lucky number reversed. He will be the "28 President" of the country, a combination which the President-elect at first considered baffling, until it was pointed out it counted up just 13 letters. "And then there are others," said Governor Wilson. "Not only will I be taking office in 1913, but the electoral college meets on January, 13 this year."



When the Clock struck One on Wash Day.

Hickory, dickory, dock,
The mouse ran up the clock.
The clock struck one;
And the wash was done,
Fels-Naptha made it fun.
Hickory, dickory, dock.

Doctors and college professors have been trying for years to find out how much energy a man uses when working.

If they would try it out on the woman who hangs over the washboard every Monday—they'd get the information quicker, though the women who do this are becoming fewer every day.

Fels-Naptha worked the change.

The woman who uses Fels-Naptha gets done sooner and has whiter clothes. And she hasn't rubbed her health, strength and good nature away on the washboard.

If you haven't tried the Fels-Naptha way, it's time to begin.

You can't start too soon to take care of your health.

A Fels-Naptha wash-day keeps the house comfortable—not full of steam and soap suds' smell.

Use cool or lukewarm water with Fels-Naptha.

Makes clothes last longer because you don't boil them tender and then rub them to pieces on a hard metal washboard.

Follow the easy directions on the red and green wrapper. Use any time of year.
