DEATHS.

Mrs. M. Jennie Kemp, widow of the late Rev. John D. Kemp, of the Wilmington Conference, died at her home in Chestertown, Saturday, July 26th, after a brief illness of only two days.

She was born in Denton, Caroline county, Sept. 22, 1842. It was at that place she met Rev. Mr. Kemp who was then studying law. They were married October 28th, 1862, and lived in Denton until Mr. Kemp took up the ministry in 1872. Mrs. Kemp was most instrumental in this change of life work. He remained in the service of the Wilmington Conference until his death in Sept. 1902. Since that time Mrs. Kemp has made her home with her daughter, Miss Maud D. Kemp, of Chestertown.

The funeral took place Tuesday, the 29th. in charge of Mr. Krusen, of Still Pond, who substituted for Mr. Hicks, who was ill at the time; Dr. L. E. Barrett, officiating.

We feel that the death of a woman of such estimable and sterling character deserves slightly more than passing comment.

She was a woman who, to truly appreciate, must be personally known. Being of that quiet, unassuming and retiring nature that does not seek publicity, she won her way into the hearts of all who were fortunate enough to be counted among her personal friends. Her devotion to her family, her thoughtfulness and kindnesses to her many friends, were truly beautiful characteristics. In her position as the wife of a minister she made a host of valuable friendships that she clung to all her life. New friends, new interests, did not seem to appeal to her. She loved to frequent the scenes of past times and among these she probably held Woodlawn Camp, of Cecil county, among the places nearest her heart. She had just began to plan for her regular trip to that meeting place where she had visited for over forty years, when death overtook her. Her loss is lamented by many good friends both in this immediate community and at large.

Mrs. Kemp is survived by a sister, Mrs. Annie C. Fountain, of New York City, and her two daughters, Miss Maud D. Kemp and Mrs. Thomas S. Bordley, of Chestertown.

The interment was in Chester cemetery, the pall-bearers being M. A. Toulson, Wm. Bradford Copper, Dr. E. J. Clarke, J. B. McIntire, Harry F. Jefferson and John C. Davis.

Thomas C. Maslin died at his home near Rock Hall on Thursday morning last. He was 73 years of age and leaves a widow and two daughters, Mrs. Mabel Sparrow, of Virginia, and Miss Martha Maslin, of Baltimore. He had been sick for quite a long time and throughout it all had the faithful and constant attention of his devoted wife. Mr. Maslin was well-known in lower Kent and always took a deep interest in the county's welfare. The funeral will take place this morning at 10 o'clock with interment at Wesley Chapel.

Dr. William D. Straughn, who died suddenly Tuesday morning of heart disease, superinduced by heat, was one of best-known physicians of Worcester county. Although suffering from rheumatism and heart trouble he died in harness, having responded to a sick call a few hours before his death and was overcome returning to his home.

Dr. Straughn was educated at Washington Colleges and well known here. He is survived by his wife aged mother three children, and several brothers and sisters.

Hicks' Forecast For August.

With a regular storm period covering the 2d to the 7th, having its centre on the 4th, we may expect all the phenomena usually attending such periods at this season of the year. On and touching the 3d, 4th and 5th dangerous storms are probable.

A reactionary storm period is central on the 10th, 11th and 12th, being at the center of the Mercury period.

A storm period is central with the full Moon on the 16th, covering the 14th to 20th. Heat, with rain, hail and thunder will reach a maximum over central to north-western states on and touching the 19th.

A reactionary storm period will center on and touching the 22d and 23d, leaving but little intermission between this and the preceding period. The regular change to rising barometer and cooler will succeed these storms.

A regular storm period extends from the 25 to the 30th, has its center on the 27th. We will name the 27th, 28th and 29th as dates on which disturbances will culminate. There are three eclipses from August the 31st to September the 29th—a partial eclipse of the Sun on August the 31st, a total eclipse of the Moon on September the 15th, and a partial eclipse of the Sun again on September the 29th.

KENNEDYVILLE NOTES.

Usual services at Kennedyville Methodist Protestant Church on Sunday next, Aug. 3rd: Sunday school 9 30 a. m., preaching 10.30 a. m. and 8.30 p.m, Christian Endeavor 8 p. m.

We are sorry to note our friend, W.M. Clendaniel, is not improving as he and his many friends had hoped for. This extremely warm weather seems to keep him very weak and prevents his gaining strength.

Quite a unique scene was witnessed on the farm tenanted by Mr. George R. Rasin on Wednesday when two threshing machines were running at the same time. On Tuesday a. m. the machine of Messrs. Earle Nickerson and Robert Hill had a mishap and was idle the greater part of the morning, so Mr. D. T. Nickerson and son, Charles, took their machine to the help of Messrs. Nickerson and Hill but when they arrived upon the scene the other one was running all right. They let their machine remain on the yard over night, and some of Mr. Rasin's many friends made it up to invite enough to run the extra machine on Wednesday a. m. and without letting Mr. Rasin know anything about it until men and teams arrived and they told him their mission. Mr. Wm. Jewell was the leader of the movement and Rev. Mr. Cain was one of the helpers. It was quite a surprise to Mr. Rasin but he accepted their offer and wishes to take this method of extending to one and all his deep gratitude for their help.

Six Amendments To Be Ratified.

On the official ballott this year will be six proposed amendments to the Constitution of the State. They were passed by the Legislature of 1912, receiving the required three-fifths of the voters in each branch. They provide as follows:

Permitting property in Baltimore city to be taken for public use on payment of award made by court appraisers, the regular condemnation prodeedings to follow if the awarded price is not satisfactory.

Providing, that bills may be passed by the General Assembly when they have been printed or engrossed. (The Constitution now says they must be engrossed.)

Providing for an additional associate judge in the Third circuit, which includes Baltimore and Harford counties.

Placing all the penalty on the vote-buyer and excusing the vote seller.

Increasing the pay of the State's Attorney of Baltimore city to $5400 a year; providing for a deputy at $4000, and allowing all other assistants $2500 a year.

Specifying the duties of the Attorney General and forbidding the chief executive of the State to employ outside counsel.

ANTI'S SPENT MORE MONEY

MESSRS. EDITORS:—So much has been said about taxes that it almost seems like "carrying coal to Newcastle" to mention the subject. But when we refer to the figures kindly furnished by Mr. Barroll in the Transcript, July 12th, showing the amount levied by the county commissioners under the control of the Organization for five years before he got control, we find that the levy averaged about $100,000 a year. The four years under Anti Democratic Commissioners averaged about $122,000, showing that Mr. Barroll's Commissioners levied about $22,000 a year more than the regular Democrats.

If Mr Barroll had added 50 cents more to the $1.85 tax rate several years ago he could have given us a 44 cent rate this year, and the average amount of the levy would not be changed.

The $78,000 back bills of the county, which he says he has paid off during the four years, about balance the amount saved by the much criticised "Gibbs Road Law."

He has "robbed Peter to pay Paul," and spent $22,000 a year more than the Organization Democrats.

THIRD DISTRICT DEMOCRAT.
