Don't you know that we're making a good many OVERCOATS

DON'T YOU BUY ONE unless you let me show you the saving. It's the same on OVERCOATS as on Suits. Then you're measured and then they're tailored by clean people, both from a sanitary view point and manner of trading, insuring you absolute security in more ways than one, and this superior service is at your command for less money than you're now asked for ready-made clothes.

WHY?

No large stock to carry and carry over, large rents, general losses and large expenses generally. This is the plain solution. Look and you'll see.

A nice line of Raincoats direct from a large manufacturer just in and will be sold likewise.

Give me six days to make a Suit or Overcoat, two days on Raincoats and I can deliver them to you from our New York plant.

ROCK HALL NOTES.

"Universal Fraternal Day" service at the M. E. Church last Sunday morning was most delightful. About 150 members of our secret orders were present in a body and a sufficient number of others to well fill the church.

Camp 37, P. O. S. of A., was agreeably surprised and delighted during their Roll Call and Rally on Thursday night of last week by the visit of District President, Prof. Jefferson L. Smyth, and Messrs. John C. Davis and J. Frank Wheatley, all of Camp 34, Chestertown. Prof. Smyth made a splendid address, the principal feature of which was the Holy Bible as a text book on life's journey, and its influence for good in the uplift and betterment of all who read and ponder its messages and promises. Mr. Davis followed with well chosen remarks, but made himself brief, from the fact that Mr. Wheatley being a fine orator, as he put it, he desired the audience to have the full benefit of his eloquence; and "Frank" came mighty near proving Mr. Davis' statement to be correct. He did well, sure. The visiting brothers were highly pleased with the Camp's "song birds," Messrs. W. T. Downey and A. J. Andrews, in their comic selections. Come again, brothers, any old time—the latch string hangs outside.

The Rebekah Lodge, I. O. O. F., held entertaining Thanksgiving exercises on Thursday evening, and P. O. S. of A. Camp held similar exercises last evening.

Mr. W. D. Downey, who has been in the Maryland General Hospital undergoing an operation on a crippled hand, has returned home with every prospect of a complete success.

Mrs. —— Guiser has been extremely ill at her home in Alexville.

Mr. B. H. Coburn and family left here on Wednesday for Waterbury, Conn., where they will enjoy a real down-east Thanksgiving with Mrs. Coburn's brother.

Mr. Clarence Coleman moved from here this week to near Baltimore, where he has secured a permanent position in a cotton factory.

The "hamstraw" of Monday put Indian summer to flight, to the gratification of the oystermen. But none want too much bluster from the cold regions for a month yet.

Miss Julia Thompson, a former very charming young lady resident of this place, who is now undergoing treatment in the hospital for an extreme illness, is reported to be much improved. She has conveyed her best respects to her many friends here.

Mr. R. S. Crew has enclosed his pretty home property with a neat and substantial wire fence, which adds very much to the appearance of the home.

Washington Defeated By St. Johns.

Under a clear sky and general weather conditions that were far more favorable for the staging of a baseball game than the deciding of a fierce football struggle, Washington College was defeated by her old rival, St. John's, at Oriole Park on Saturday, November 22, by the score of 13 to 6. The Washington team and her host of supporters were fully confident of victory, but the hard luck that has seemed to be attending this football season was still on the job. Bitter indeed was the disappointment of the supporters of the maroon and black when the final whistle blew, drawing the curtain over the loss of the last game of the schedule, toward the winning of which every effort of the season had been bended.

Washington started off well, gaining consistently and pushing across a touch down before the end of the first quarter. This gave the Washington stands a renewed spirit of confidence but their hopes of being in the lead were soon shattered. Almost immediately after the beginning of the second quarter St. John's crossed the Washington goal line and then kicked goal, making the score 7 to 6 in favor of the Annapolis team, as the Washington team had failed at goal in the previous quarter. The teams battled evenly for some time and everyone was looking for the break of luck that would spell victory for one of the teams It came and all too suddenly. Captain Clarke put all of his strength behind one of his punts and it went half the length of the field to Moore, the Washington quarterback. He held the ball for instant but it finfinally rolled from his arms and was pounced upon by one of the St. John's men only a few yards from the goal line. A penalty and several line rushes put the ball across for another six points for the orange and black. Not for one moment did the Washington team lose their fighting spirit and they continued to gain yard after yard but they seemed to lack the final punch to make a victory possible for the Eastern Shore team. Bowen and Noble were the individual stars of their respective teams but the general work of both teams was good.

THE BANK THAT PAYS 4 PER CENT. INTEREST ON SAVINGS DEPOSITS

SOME INTERESTING STATISTICS

A Comparison of Growth of the Four Chestertown Banks

The People's Bank of Chestertown, having recently completed the third year of its business career, the following figures showing its growth in comparison with the growth of the other Chestertown banks, during the early years of their existence, are timely and will prove interesting to all readers, and especially gratifying to the officers, stock-holders and friends of the first named institution.

The figures given are from the sworn statement made by the cashier of The Peoples Bank, October 28, 1913, and from the Bankers Directory, issued July 1897, as applicable to the other three banks as follows:

	Established	Period	Capital	Surplus	Undivided Profits	Deposits
PEOPLES BANK	1910	3 years	$25,000	$5,000	$2,176	$214,488
Kent Savings	1893	4 years	20,000	none	3,170	112,000
Second National	1890	7 years	50,000	10,000	2,500	120,000
Chestertown National	1885	12 years	60,000	12,000	13,000	170,000

Summary—the figures show

That in THREE years the Peoples Bank has $102,000 more in deposits than the Kent Savings held after its FOUR years; $94 000 more than the Second National held at its first SEVEN years, and $43,000 more than the Chestertown National held after its first TWELVE years.

The figures further show that the Peoples Bank, with a capital of $25,000, has accumulated in THREE years a surplus of $5,000, and undivided profits of $2,176, being a total of $7,176, while at the end of FOUR years, the Savings Bank showd no surplus and only $3,170 in undivided profits. The Second National starting with a capital of $50,000 and surplus of $10,000, showed but $2,500 undivided profits at the end of SEVEN years, and the Chestertown National starting with a capital of $60,000 and and $12 000 surplus, showed but $13,000 undivided profits at the end of TWELVE years.

The splendid record of the Peoples Bank has been achieved despite the combined and strenuous opposition of three well established banks in the field, and in the face of a slanderous criticism that predicted dire results of the effort to conduct a banking business along any lines other than dictated by the said combined opposition.

The results shown above prove that the public appreciate a "square deal," liberal treatment and courteous service in banking as in every other branch of human endeavor.

Remember—The Peoples Bank is the ONLY Bank in Kent County that pays

4 PER CENT.

on all Savings Deposits, and Four Per Cent. is one-third more than THREE per cent.
