YOU CAN SHARE IN THE GREAT SAVING

On Commercial Fertilizers
By The Use Of

CRIMSON CLOVER

Read Farmers Bulletin No. 579 on Crimson Clover Its Free - Address U. S. Dept. of Agriculture Washington, D. C.

A bushel of Crimson Clover Seed sown on four acres of ground will increase the succeeding yield of Corn or Cotton about the same amount as would a ton of complete fertilizer applied at the rate of 500 lbs. per acre. A good stand of Crimson Clover turned under will ordinarily double the yield of the crops which follow. The physical condition of the soil is also materially benefited. The Sandy Soils are increased in Humus and Nitrogen Contents. The Stiff, heavy clay soils are rendered more open and friable.

Crimson Clover makes an excellent grazing crop, hay, ensilage and pasture for all classes of live stock. Milch cows make considerably more milk, when pastured on Crimson Clover. It is also valuable as a honey plant, furnishing an abundant supply of nectar in the spring.

Crimson Clover is valuable as a Winter Cover crop. It is especially valuable in Orchards where it is generally plowed under as a green manure crop. The plants retain for the use of the trees the following season much of the plant food, which would otherwise leach out of the ground during the Winter and early Spring. A good stand of Crimson Clover not only reduces the erosion and the gullying of the fields, but on sandy fields, the blowing of the soil by the wind is greatly lessened. The Plants also serve to hold the snow to a greater extent than if the field was left bare during the Winter. More and more each year farmers are realizing the importance and great value of Crimson Clover.

Bolgiano's "Gold" Brand Standard Crimson Clover

THE Chestertown Electric Light Company now furnishes the C. & P. Telephone Co. with electricity to be used in the Kent county service. A MOST pleasant supper was given on Saturday night last at the home of Mrs. John C. Jerome, near Cliff City, for the benefit of Mowbray Chapel. A new bell and belfry is contemplated.

THE storm of Sunday did Kent no harm but rather the opposite. At Cambridge thousands of dollars damage was done the grand stand at the fair grounds and to boats, besides other property.

V. BARNETT says the rain of Wednesday night stopped work in his brick yard, the first time in two months! It was a fine rain.

LOCAL buyers were offering 80 cents for wheat yesterday.

R. THOMPSON has removed his dwelling on Bartley lot to his Cannon street lot and made two houses of it.

THE yacht "Tocknock," often seen in Kent waters and owned by A. P. Swoyer, worth about $7.000, was destroyed by an explosion of gasoline by backfire from a cylinder at Chesapeake City, Friday night. Mr. Swoyer is a Philadelphian, but owns the Sandy Hill farm in Elk Neck, where he has his summer home, and had sent his men to get the boat from the boatyard, where it had been left during the winter.

A POISONER killed a dozen dogs at Denton Sunday. Seven dead dogs lay on the green in front of the church when their owners came from service Sunday, and there is quite an excitement there over the occurrence.

THE Kent County Land Co. has sold to Mr. Wm. H. Cacy, the Crane farm of 320 acres, near Millington. Price private.

To Close To-Day (July 4th.)—Today being 4th of July a number of Chestertown stores will close all day and some will close down from one to six in the afternoon. Among those who will close all day are Graham & Thomas, Lofland & Culp.

Wheat Yields,—Wheat threshing has begun and the outlook is fine. Mr. John Atwell, near Porter's Grove, is getting at the rate of 28 bushels per acre. Mr. Albert Groves on the Crow farm is getting at the rate of 40 bushels! He has 27 acres in wheat and he looks for a record crop.

Change of Tenants.—Mr. J. H. Rollison has rented the Raymond farm near Still Pond, succeeding Mr. Silcox. Mr. Magrogan, of Church Hill, will succeed Mr. Rollison on the Walker farm.

Mr. J. D. W. Vansant will make a change next year, having decided to remove from the Jarrell farm, near Fairlee.

Dogs Kill Turkeys.—100 young turkeys have been killed around Lankford within the past ten days by worthless dogs. One lady lost 39 at one time, another 20 and another over 40. One determined lady shot a dog on Thursday last, but its owner cannot be found. It certainly is a great pity that some way cannot be found to prevent the ravages of worthless dogs upon sheep and fowls. All owners of dogs should take care that their dogs do not wander free about the neighborhood. Tie up the dogs if you cannot keep them home otherwise. After a farmer's wife works hard to raise poultry it is a shame to have them killed by dogs.

Excursion.—Next Wednesday Christ Methodist Protestant Sunday School of Chestertown will run an excursion on the steamer Annapolis from this town to the historic capital of the State, Annapolis, and thence by electric cars to the capital of the nation, Washington. Seven hours will be given in Annapolis and four hours in Washington. The fare will be 50 cents round trip to Annapolis, children up to 10 years of age 25 cents; to Washington, adults $1.50.

The date of the excursion is next Wednesday, July 8th, leaving Chestertown Electric Light Wharf at 7.30 A. M., and Annapolis at 6.30 P. M. There will be but one stop, Quaker Neck, reaching Annapolis at 11 A. M. This will be a rare opportunity and a grand trip. Get ready to go. No fear of being crowded on this fine steamer, licensed to carry 1130 people.

A Fine Yacht.—There arrived in harbor here Sunday a yacht belonging to Mr. Louis E. Lambert, who was accompanied by his wife, son and mother. Mr. Lambert is president of the Lambert Automobile Co., of Baltimore. The new boat, the "Major," bought this spring, is one of the handsomest and latest yachts. The vessel is a sea-going one, 59 feet long, 12 feet 6 inches beam and 4 feet 2 inches draft. She is driven by a 45 horse-power 20th Century, with Carlisle-Finch outfit, consisting of separate gasoline engine and dynamo. She is also equipped with a 2000 candle-power search-light, electric fans and electric vacuum cleaners. The interior consists of double and single state rooms, toilet, large pantry and kitchen, all independent of each other. Forward are the engine room and crew's quarters, with sleeping accommodations for 4 or more persons The saloon and state rooms are finished with inlaid mahogany; the saloon can be converted into sleeping quarters, being equipped with berths similar to those of Pullman sleeping cars. The decks of the "Major" are of hardwood.

Wills Filed.—The last will of the late John F. Dodson was filed in the Kent Orphan's Court this week. He leaves to his widow such horse, carriage and harness as she may select together with any and all furniture she may wish. Also all money he may have in any bank. Also she is given all the annual rents from the home farm. After the death of his widow he wills that one-fourth of home farm be given to Owen S. Dodson, one-fourth to William E. Dodson, and one-half of annual rents from home farm is bequeathed to Dora A. Prettyman during her life. The farm near Tolchester is ordered to be sold within one year from his death and one-fourth given to Alice V. Prettyman, one-fourth to W. S. Dodson, one-fourth to Owen S. Dodson, and income of one-fourth of income given to Dora A. Prettyman during her life. The will makes Willard E. Dodson and Owen S. Dodson his executors and was made 22nd Nov. 1911 and witnessed by Hope H. Barroll and W. B. Copper.

The last will of Sarah R. Wood was probated in the Orphans Court and Jere Miller made executor. It was made March 23, 1906, and witnessed by Jos. N. Wheat and W. F. Russell.

The last will of Arthur J. Andrews was filed in Orphan's Court Tuesday. It leaves to his wife, Hannah M. Andrews furniture, canoe, any money, house and lot in Rock Hall, and at her death left to children, share and share alike. He leaves his wife the executrix. It was made Sept. 25, 1912, and witnessed by T. B. Durding and D. W. Crosby.

BETTER BABIES IN WORTON

38 Babies Entered at Worton and 18 Appear—Wilmington Baby Wins Highest Mark—Kennedyville Has 15 To Stand Test.

The Better Babies Contest at Worton on Tuesday was a grand success, under Mrs. A. L. Harris' direction. There were 18 of the babies present out of 38 entered. The examining committee includes Drs. Simpers, Smyth, Nankin, Twilley, Miss Cora Harding, Mrs. Thos. Silcox, Mrs. Harvey Moore. The result is as follows:

James B. Massey	92½
Charles C. Meekins	88
Wm. M. Wallis	90
Andrew J. Taylor	82½
Barney B. Cooper	92
Phileas Carrier	90¼
Julia Joiner	89½
Lillian Redding	97
Grace M. Parsons	89
Mary A. Wallis	92

Mildred K. Jarman	96
Hilda E. Hurd	87½

Miss Lillian Redding lives in Wilmington, but her parents are natives of Kent. She is a 7-months-old beauty. Little Miss Mildred Jarman comes second. The boys seem to average up better than the girls, which is a sign of better boys, we hope.

The Kennedyville averages will be published next week.

The Chestertown contest will take place July 14 and at Rock Hall July 21.
