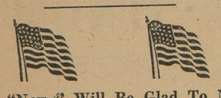
NEWSY TIDINGS FROM OUR BOYS



The "News" Will Be Glad To Mention Any Items of Interest You May Send About Your Soldier Lad —Let's Help Each Other In This Way.

The first aviators from Kent county to receive their commissions as lieutenants are Norman S. Crouch son of Mr. and Mrs. Jas. W. Crouch, and Allan Harris, son of Mr. and Mrs. Allan A. Harris, Chestertown. These young men have finished their probation at Richfield, Waco, Texas. received their commissions and been sent to the big field at Dallas, Texas. A letter from Private S. T. Pippin, of the Marine Barracks, Guantanamo Bay, Cuba, states that he is a Millington boy and greatly interested in the fight against liquor being made by the "News" and other forces. He says "America has called the flower of her manhood to the colors and has asked those at home to do all that they can to help win this great war. To that end we should not overlook this fact. The Government has prohibited the sale of any intoxicating lipuor to any man in the service of the nation. This means, first, that Uncle Sam recognizes the faults of liquor; second, that only the civilians are left to drink liquor and that since they are asked to sacrifice many things which are really almost necessary, why should they keep hold on something which is not only very harmful but that which is making a wasteful use of grains which could be otherwise used to a great advantage not only for the soldiers and sailors but for civilians as well. I cannot see the advantage of giving money with one hand and taking away foodstuffs with the other. Money, in itself, is of no use except as a medium of exchange and if there is nothing to give in the exchange for money money is nothing. Since the slogan food will win the war, don't waste it has been adopted, why not stop that which is without the slightest doubt the greatest waste of all."

The morning service at the M. E. Church was conducted by Capt. Geo. Ayres, assisted by Mrs. Susan Hague. The Sunday school session was in charge of Charles Davis, assisted by Capt. J. E. He will be here tomorrow and conduct the several services of the day consisting of special Easter observance. Rev. Mr. Prettyman has made good during his pastorate of four years here. He says the mud at Camp Greene is horrible, it is sticky, the mortar, and clings tenaciously to the feet, otherwise, everything is O. K. and he and all of the boys are up in the air as to the near future of army movements. The only permit to leave camp now is for a short visit to the city of Charlotte.

Harry Willis may never represent Kent in the Legislature again or fill other political position, but his fatherhood of the dog law recently enacted is well worth his two terms of service. Now if the county managers will strictly enforce the law, this section will bless the bunch. We are cursed with worthless and prowling dogs.

Measles seem to be on the rampage down this way.

There were quite a good attendance at the War Stamp drive on Tuesday evening and considerable interest was manifested, but the affair was not as successful as was hoped for.

A REMARKABLE PASTORATE

Rev. H. B. Jester, pastor of St. James' M. P. Church for five years, has made a wonderful record and his return is desired. Mr. Jester had decided to ask for a change, but is considering seriously the insistant desire of his people for him to remain. In his report for the year he writes:

"Our congregations at both churches have been splendid during the year. We were told last May that there were thirty-five automobiles on the church green at St. James, besides other vehicles at a regular preachihg service. This is one of the strongest churches of the Conference. The Sunday school attendance is more than 200 per cent. better than it was a few years ago. Our Children's Day collection was $130. Our collections for Red Cross, Armenian relief and Young Men's Christian Association, $217. The special assessment for West Lafayette College has been paid, and our conference assessments will be paid in full and then some. The Forward Movement has found its way into both churches. At Lynch the pastor received all of his salary Feb. 17. We have been told by one in the church that this is the first time the pastor's salary had all been raised in the history of the church without having a supper of some kind. The envelope system is used here, and is a success. We have raised more money on the charge for general interest this year than any preceeding year. Five years ago this charge contributed $18 special far missions. This year $268. Five years ago the total for general interests was $247. This year $800. This is as much as we get salary. Our Christian Endeavor Society has taken on new life with a better attendance than ever. Dr. F. C. Klein was with us in November. He impressed the young people so with our work in India that they raised $84 while we were attending a service at Lynch for the support of a pastor for one year. They have also contributed more for missions since. Revival services were held at both churches, with twenty-eight conversions, and thirty-five accessions. We have taken in one hundred and five members during our pastorate."

Resolutions of Respect

WHEREAS, the Shrewsbury Branch of the Women's Auxiliary of the Diocese of Easton realizes that in the death of Mrs. M. E. W. JANVIER, for many years its honored president, it has lost not only its guiding hand but one who made possible, through her interest and generosity, the place the branch holds among its fellows; and in tender memory and grateful recognition of the long, unselfish life so freely spent for others, it is

Resolved, That this expression of esteem, respect and appreciation be inscribed upon the minutes, a copy be sent to each of the county papers and also to her family, with the sympathy of the branch in its sorrow.

BARRED ROCK EGGS FOR HATCHING.

My experience has been that Barred Rock Chickens are the best all-around chicken for the farmer. They are easy to raise, easy to keep in good condition and lay well. My breeders are in particularly good condition and have made egg records that are hard to beat. From one flock of 60 I gathered an average of slightly over 200 eggs per pullet in one year. From this pen my prices are $1.25 per 15; $6.00 per 100.

From my other hens—no doubt almost as good—my prices are $1.00 per 15; $5.00 per 100.
