AS TO THRIFT STAMPS

The question to consider is simply this: Suppose the Secretary of the Treasury, Mr. W. G. McAdoo, should visit this county for ten days and call upon the citizenship to lend the U. S. Government their money, Mr. McAdoo would simply have to say to Mr. Kent, "Will you lend the Government $1,000 (we need it) from your present savings or your earnings of 1918?"

The answer would be quick and patriotic. "Certainly, Mr. Secretary." Let us look at the matter in just this light.

Be ready when the time comes. Let 1000 patriotic men, women and children in Kent county back the Gevernment in this sale and the campaign will be over.

PRESENTS TRUTHFUL STORY

Lovers of thrills will realize that the greatest thriller in life is Truth when they view the monster photoplay, "The Honor System," which William Fox gives at Lycenm Theatre next Friday, May 31. It tells the story of an inventor of genius who battles against terrific odds in achieving a new and stupendous feat of wireless communication between the United States and a foreign land. Many of the details as well as the broad outline of the story are founded on fact. In this great drama of the screen Mr. Fox has vindicated the motion picture beyond all dispute.

GALE.—In sad but loving remembrance of our dear little daughter, Annie Louise, who died two years ago to-day, May 25, 1916.

Peaceful be thy rest, dear daughter,
It is sweet to breathe thy name;
In life we loved you dearly,
In death we do the same.

More and more each day we miss you,
Friends may think the wound is healed;
But they little know the sorrow
That lies within our hearts concealed.

She left a memory fair and sweet,
Its fragrance can never die;
Her life was brief but yet complete,
When she was called on high.

MOTHER AND FATHER.

If you were only here, dear Louise,
Our joys would be complete;
For you always had a smiling face
For every one you would meet.

For your well remembered footsteps
I was always glad to hear;
But now that they are silent,
I have shed many, many tears.

GRANDMA HOG.

WORK SHOP FOR THE BLIND

The Md. Association for the Blind is in need of funds to carry on its most helpful work, and support is being made through the state by voluntary contributions to raise one hundred thousand dollars, to put the Work Shop for the Blind in a condition that will not only enable it to meet the ordinary requirements, but to prepare it to take care of our young men who have been called to the front some of whom will return blind by their life in the trenches.

There are about 1600 blind in the state. This number may be largely increased by the war experiences. these would be helpless and useless members of society but for this institution which fits them for taking up life's work.

It is purposed to raise 1500 dollars in Kent, as our proportion of the amount needed. To that end a committee has been appointed to take the matter in hand and canvass the county. They will get down to work in a few days and through their subcommittees make personal appeal to contributors.

The need is great, the cause a most laudable one and we hope for a cordial response.

T. W. PERKINS, Sect'y.
W. F. RUSSELL, Treas.
Committee.

MONEY IS PLENTIFUL

But It is Hard To Keep Without A Bank Account

¶ No matter how plentiful money may be, you cannot keep it if you fritter it away.

¶ And to carry money around in your pocket affords an ideal opportunity for frittering.

¶ Any man may spend a dollar foolishly from his pocket when he would hesitate to draw a check.

¶ Money is plentiful in this country—more so than in any other country of the globe.

¶ Make it plentiful for yourself by depositing it in this bank instead of frittering it away.
