SPRING SUITS

For Men and Women

We'll let you pick from the choicest styles of the season and you pay no more than for the inferior kind. Every man likes to buy from a concern that's successful. We've grown in one year from a small store to the largest Department Store on the peninsula. With us it is not how much profit we can make on Clothing but how little we can sell it for, and that's what the people like. Is it any wonder we sell more clothing than five or six other stores put together. Look at the difference between other's prices and ours on the same goods.

SPECIAL PRIZES FOR GRANGERS AT TOLCHESTER FAIR.

The management of the Kent and Queen Anne's County Fair to be held at Tolchester August 30, 31, Sept. 1 and 2, 1910, have been requested by the Grangers of the above counties to make a special class for field and garden products to be raised and displayed by the members of their granges. This class to include the products of the field, garden, orchard, dairy, etc.

The method of competition to be as follows: First, the various granges in each separate county will compete among themselves for a first and second prizes for the largest and best display.

Then the whole display of all the Kent granges will be put against the display of all the Queen Anne's granges, the county scoring the greatest number of points to receive a grand prize. The association will be glad to co-operate with the granges in this project and hope to see it a great success.

EASTERN SHOREMAN'S SUCCESS.

Jsmes A. Barwick, who resided in California for over 20 years, received the following clipping from the Sacramento (Cal.) Daily Bee of a recent date:

"In a resolution adopted by the San Francisco Board of Supervisors, it was decided to accept the offer made by Ham Hall to sell his Lake Eleanor and Cherry Creek property holding to the City of San Francisco for $1,000,000. This is the last piece of private property the city had to acquire of the proposed Hetch Hetchy municipal water supply."

Mr. Hall is a native of Queen Anne's county, who went west years ago, and at one time state engineer, in charge of the California State Engineer Department. His parents owned the property at Star, Queen Anne's county, which was formerly known as Hall's Cross Roods, and named after Mr. Hall's parents. It is a pleasure to this paper to note the prosperity of one of our sons of Maryland, My Maryland, and that he has succeeded in coralling a million dollars; for it falls to very few Eastern Shoremen to go west and accumulate so much of that we are all striving for. Mr. Hall is abont 70 years old, with a family of grown children.

HATS WIDER AND HIGHER.

Chicago, March 8.—The hats to be worn by women this summer are going to be wider and higher than ever before—wider in inches and higher in price. This edict was given out by Mme M. Harris, president of the National Association of Retail Milliners, which met this week here.

Mme Harris said she could not tell what minimum could be expected in this year's headgear.

"In inches I think the low average will be about 20," she said, but in dollars I am unable to hold out much encouragement. You see the foreign makers have secured a corner in certain materials and they seem determined to hold up the prices. Untrimmed crowns, I am afraid will cost not less than $25."

CAPT. CHARLES E. FOWLER

Capt. Charles E. Fowler, 70 years old, died at an early hour Saturday morning from paralysis at his home in Baltimore. He had been confined to his bed since January and had been in poor health for more than a year. He was employed on the boats of the Ericsson Line for 43 years, and up until his illness was the commander of the steamer Anthony Groves, plying between Baltimore and Philadelphia.

Capt. Fowler was born in Kent county, Del., and was the son of the late Captain and Mrs. William Fowler. His father also a seafearing man and after the Civil War he went to Philadelphia and entered in the employ of the Ericsson Line in a minor capacity on one of the boats. He gradually worked himself up, and at different times had commanded all the boats of that line. He was retired in January, 1909, and up until five years ago had not missed a trip.

He is survived by his widow, Mrs. Annie E. Fowler, two daughters and a son, Mrs. Edith Duffield, Mrs. Vera Lewis and Mr. Charles H. Fowler. He is also survived by fourteen grandchildren and one great-grandchild.

The "Record" Sale.—The terms and conditions of the record sale of the the Ceetreville Record have only within the past week become a matter of record in the Circuit Court. The sale was made January, 31st, 1910, when Mr. James T. Bright and wife deeded to Mr. Edwin H. Brown, Jr., a three fifths interest in the plant, good-will and business consideration not named—and at the same time deeded to Mr. W. Cookman Orrell a one-fifth interest in the same, consideration also withheld, retaining a one-fifth interest, himself. At the same time Messrs. Brown and Bright executed a mortage on the property to Ex-Congressman Wm. H. Jackson for $9,000.

Motorboat Freight Line.—Capt. G. L. Allen brought to port Saturday the power freighter S. F. R. Allen from Northeast, Md., with a cargo of shirts made by a factory there. Capt. Allen intends to send from Baltimore every Monday a cargo of merchandise for ports from Betterton to Northeast to accomodate. The Allen will leave head of Piers 3 and 4 every Monday, where Capt. Allen can be seen. The pioneer trip of the Allen was loaded with shirts, in addition to a quantity of bricks from the United Firebrick Company, of Northeast.
